

Maritime Transport. Paris, Organisation for Economic Co-operation and Development, 1972, 142 p., FF 18.

Si le développement des transports en a abaissé le coût de telle manière que les transports n'interviennent que pour un pourcentage très faible dans le prix des matières premières, leur rôle croît cependant en haute conjoncture. La fin de 1972 marque en effet le début d'une période d'occupation à pleine capacité de l'offre de tonnage. On trouvera dans ce petit livre une synthèse du développement des transports maritimes, permettant, entre autres choses, d'évaluer l'évolution des grands courants intercontinentaux. Cinq chapitres composent ce livre : le développement de la marine internationale, la demande de transport maritime, l'offre de transport maritime, le frêt, les mouvements internationaux de "dry cargo" en 1970.

MICHALET, C.A. & DELAPIERRE, M. *La multinationalisation des entreprises françaises*. Paris, Centre d'Etude des Techniques Economiques Modernes, 1973, n°4, 210 p.

Si la littérature sur les sociétés multinationales a connu, au cours des dernières années, un développement de grande ampleur, la plupart des études effectuées concernent les entreprises américaines. Aussi l'ouvrage de Michalet et de Delapierre constitue-t-il une contribution utile, puisqu'il se concentre sur les entreprises françaises. L'ouvrage étudie plus particulièrement les facteurs qui ont poussé certaines grandes firmes françaises à la multinationalisation.

L'intérêt du travail est avant tout morphologique. Il présente en effet des informations sur un grand nombre de variables portant sur les modalités des premières implantations, ainsi que les lecteurs juridiques et économiques qui ont joué un rôle positif ou négatif dans la multinationalisation.

Dans leurs conclusions, les auteurs soulignent que pour la plupart des cas étudiés, la multinationalisation s'explique plus en termes de contraintes qu'en termes d'attraits positifs. Ceci semble indiquer des comportements plus défensifs qu'agressifs, une attitude plus d'adaptation que de stratégie.

WILKINS, M. *The Emergence of Multinational Enterprise : American Business Abroad from the Colonial Era to 1914*. Cambridge, Mass., Harvard University Press, 1970, XIV p. 310 p., \$ 9.50.

Cette étude présente l'histoire de l'entreprise multinationale américaine. Elle couvre actuellement la période de formation allant de l'ère coloniale à 1914. Une

The American Invaders American Business Abroad:

American Business Abroad Mira Wilkins, Frank Ernest Hill, 2011-06-27 Documents the first sixty years of Ford Motor Company's international expansion tracing its global business expansion across six continents Made in Britain Stephen Tuffnell, 2020-09-08 The United States was made in Britain For over a hundred years following independence a diverse and lively crowd of emigrant Americans left the United States for Britain From Liverpool and London they produced Atlantic capitalism and managed transfers of goods culture and capital that were integral to US nation building In British social clubs emigrants forged relationships with elite Britons that were essential not only to tranquil transatlantic connections but also to fighting southern slavery As the United States descended into Civil War emigrant Americans decisively shaped the Atlantic wide battle for public opinion Equally revered as informal ambassadors and feared as anti republican contagions these emigrants raised troubling questions about the relationship between nationhood nationality and foreign connection Blending the histories of foreign relations capitalism nation formation and transnational connection Stephen Tuffnell compellingly demonstrates that the United States struggle toward independent nationhood was entangled at every step with the world's most powerful empire of the time With deep research and vivid detail Made in Britain uncovers this hidden story and presents a bold new perspective on nineteenth century trans Atlantic relations **American Firms in Europe** Hubert Bonin, Ferry de Goey, 2009 The Americanization of Europe and the strategic initiatives of American firms abroad have been well studied The expansion of American firms in Europe however lacked a comprehensive study This book gathers the works of two dozen economic and business historians from across Europe preceded by Mira Wilkins comparative essay The collection addresses the timetable and pace of American direct investment in Europe the patterns followed in each country according to the specificities of each industry and service sector and the strategies followed by the different firms The studies go beyond the facts scrutinizing the immaterial aspects of this business history especially European perceptions of American firms and the essential stakes of corporate images and identities The Europeanization of American firms is a key issue including social relations management commercial policies brand image connections and embeddedness The authors gauge the reaction of public authorities and lobbies industrialists and trade unions Graphs and tables provide data while overviews of ads published by American affiliates fuel analyses of consumer perception *Historical Studies in International Corporate Business* Alice Teichova, Maurice Lévy-Leboyer, Helga Nussbaum, 2002-07-18 This 1989 book is the sequel to *Multinational Enterprise in Historical Perspective* 1986 in which the same editorial team continues the historical exploration of a vital but often misconstrued commercial phenomenon The contributory essays each written by an authority in the field raise further questions on the idea of the firm on periodisation and on research and development and examine the international financial operations of worldwide corporate business With the aid of trans industrial and transnational comparisons the range of policies pursued by business and government is fully discussed Above all this discussion is

extended to include the production of mass consumer goods and the areas of China Japan and Latin America All the contributions are based on original historical research undertaken in national and private bank and business archives in Europe the USA and Japan In their critical assessments and interpretations the authors are also able to combine economic theory with history

Empire in Retreat Victor Bulmer-Thomas,2018-03-27 A sweeping history of the United States through the lens of empire and an incisive look forward as the nation retreats from the global stage A respected authority on international relations and foreign policy Victor Bulmer Thomas offers a grand survey of the United States as an empire From its territorial expansion after independence through hegemonic rule following World War II to the nation s current imperial retreat the United States has had an uneasy relationship with the idea of itself as an empire In this book Bulmer Thomas offers three definitions of empire territorial informal and institutional that help to explain the nation s past and forecast a future in which the United States will cease to play an imperial role Arguing that the move toward diminished geopolitical dominance reflects the aspirations of most U S citizens he asserts that imperial retreat does not necessarily mean national decline and may ultimately strengthen the nation state At this pivotal juncture in American history Bulmer Thomas s uniquely global perspective will be widely read and discussed across a range of fields

Consumers' Imperium Kristin L. Hoganson,2010-03-15 Histories of the Gilded Age and Progressive Era tend to characterize the United States as an expansionist nation bent on Americanizing the world without being transformed itself In *Consumers Imperium* Kristin Hoganson reveals the other half of the story demonstrating that the years between the Civil War and World War I were marked by heightened consumption of imports and strenuous efforts to appear cosmopolitan Hoganson finds evidence of international connections in quintessentially domestic places American households She shows that well to do white women in this era expressed intense interest in other cultures through imported household objects fashion cooking entertaining armchair travel clubs and the immigrant gifts movement From curtains to clothing from around the world parties to arts and crafts of the homelands exhibits Hoganson presents a new perspective on the United States in the world by shifting attention from exports to imports from production to consumption and from men to women She makes it clear that globalization did not just happen beyond America s shores as a result of American military might and industrial power but that it happened at home thanks to imports immigrants geographical knowledge and consumer preferences Here is an international history that begins at home

The New International Money Game Robert Z. Aliber,2016-04-13 The *International Money Game* has been fully rewritten to take account of changes in the world economy It provides a comprehensive overview of international financial developments including both the structure of payments arrangements and the series of credit and asset bubbles as well as financial crises

The UN and Transnational Corporations Tagi Sagafi-nejad,John H. Dunning,2008-10-16 Are transnational corporations TNCs and foreign direct investment beneficial or harmful to societies around the world Since the birth of the United Nations more than 60 years ago these questions have been major issues of interest and involvement for

UN institutions What have been the key ideas generated by the UN about TNCs and their relations with nation states How have these ideas evolved and what has been their impact This book examines the history of UN engagement with TNCs including the creation of the UN Commission and Centre on Transnational Corporations in 1974 the failed efforts of these bodies to craft a code of conduct to temper the revealed abuses of TNCs and with the advent of globalization in the 1980s the evolution of a more cooperative relationship between TNCs and developing countries resulting in the 1999 Global Compact

A Destiny of Choice? David Blanke, David Steigerwald, 2013-02-21 In the twentieth century Americans thought of the United States as a land of opportunity and equality To what extent and for whom this was true was of course a matter of debate however especially during the Cold War many Americans clung to the patriotic conviction that America was the land of the free At the same time another national ideal emerged that was far less contentious that arguably came to subsume the ideals of freedom opportunity and equality and that eventually embodied an unspoken consensus about what constitutes the good society in a postmodern setting This was the ideal of choice broadly understood as the proposition that the good society provides individuals with the power to shape the contours of their lives in ways that suit their personal interests idiosyncrasies and tastes By the closing decades of the century Americans were widely agreed that theirs was or at least should be the land of choice In *A Destiny of Choice* David Blanke and David Steigerwald bring together important scholarship on the tension between two leading interpretations of modern American consumer culture That modern consumerism reflects the social cultural economic and political changes that accompanied the country's transition from a local producer economy dominated by limited choices and restricted credit to a national consumer marketplace based on the individual selection of mass produced mass advertised and mass distributed goods This debate is central to the economic difficulties seen in the United States today

US Department of State Dispatch, 1991-07 Contains a diverse compilation of major speeches congressional testimony policy statements fact sheets and other foreign policy information from the State Dept

The Other Americans in Paris Nancy L. Green, 2014-07-07 A thorough and perceptive portrait of the not so famous expatriates of the City of Light The Wall Street Journal History may remember the American artists writers and musicians of the Left Bank best but the reality is that there were many more American businessmen socialites manufacturers representatives and lawyers living on the other side of the River Seine Be they newly minted American countesses married to foreigners with impressive titles or American soldiers who had settled in France after World War I with their French wives they provide a new view of the notion of expatriates Historian Nancy L Green introduces us for the first time to a long forgotten part of the American overseas population predecessors to today's expats while exploring the politics of citizenship and the business relationships love lives and wealth or in some cases poverty of Americans who staked their claim to the City of Light The *Other Americans in Paris* shows that elite migration is a part of migration and that debates over Americanization have deep roots in the twentieth century

Energy and US Foreign Policy Ahmed Mahdi, 2012-01-30 The quest for oil can be seen as a

defining principle of global US foreign policy an imperative which has shaped and redefined the practice of American diplomacy especially in the wake of 9 11 which raised questions about the stability of global oil resources In Energy and US Foreign Policy Ahmed Mahdi relates the military expansion of the world s biggest superpower to its quest to gain guaranteed and secure access to the world s most important commodity Examining the foreign policy of George Bush Sr Bill Clinton and George W Bush culminating in the unprecedented military campaigns of the latter Mahdi demonstrates how and why oil has played a central role in US relations with the wider world By dissecting the failures of the US to secure its own economic and energy interests and by demonstrating the devastating impact this has had on the rest of the world especially in the Middle East Mahdi offers vital analysis for researchers and students of International Relations Diplomacy Security and Energy Studies

International Banking 1870-1914 Rondo Cameron,V. I. Bovykin,1992-03-12 This book the product of a unique international scholarly collaboration sponsored jointly by the American Council of Learned Societies and the Soviet Academy of Sciences provides a comprehensive survey on international banking from 1870 to 1914 In that period international investment reached dimensions previously unknown and the banking systems of the world achieved a degree of internationalization without precedent The book s authors twenty five scholars from fifteen countries are the acknowledged experts in their fields They detail the origin and development of internationally oriented banks in each major country and explain their role in foreign investment and industrial finance They look at all areas of the world that were involved in international investment either as investors recipients of investment or both The definitive work on international banking from 1870 to 1914 this book will interest scholars and students in financial and banking history bankers and economists in the financial industry and general historians

The American Invaders American Business Abroad: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
