## **The Language Of Belonging A Rhetorical Analysis Of Kinship Language In First Corinthians Contribut:**

**The Language of Belonging** Mary Katherine Birge, 2002 By employing a rigorous historio rhetorical exegesis of each unit in chaps 3 6 and 14 Birge explores how Paul in his First Letter to the Corinthians used the same kinship images and language in different pastoral situations to address the situation of disharmony and division among the Corinthians 1 10 She investigates the possible sources for Paul s ideas about kinship images and language by examining likely influences on him from his social and historical matrix Jewish literature and the practice of Hellenistic rhetoric After concluding that Paul drew on these two cultural and religious resources to craft his argument for unity she asserts that what was new for him was finding the genetic material of kinship in Christ rather than in fidelity to God and the Torah She also claims that what was new for Early Christianity was the notion that the state of being in Christ dissolved all boundaries of status and privilege that Greco Roman society had established among people who were not kin Urgency and Severity: Pauline Rationale for Expulsion in 1 Corinthians 5:1-13 David E. Bosworth, 2024-05-21 When Paul heard that a Christ follower in Corinth was in an incestuous relationship with his stepmother the apostle insisted the man be removed immediately from the congregation This dramatic response is surprising as Paul responds to other serious situations with much less vehemence Why did Paul react to the immoral man with such urgency and severity Using socio cultural tools this study explains the importance of group identity and witness for Paul s ecclesiology The argument lays a foundation for contemporary readers to appraise contexts where an expulsive response to sin might be appropriate *American Doctoral Dissertations* ,2000 Prophecy After the Prophets? Kristin De Troyer, Armin Lange, Lucas L. Schulte, 2009 It is often said that prophecy came to an end in the early Second Temple period This volume investigates how the Dead Sea Scrolls help to better understand Israelite Jewish prophecy and Israelite Jewish prophetic texts However it not only contributes to the study of prophecy and the prophetic books of the Hebrew Bible by analyzing the textual history and interpretative history of prophetic books the former being concerned with the manuscripts of prophetic books found in Qumran and elsewhere the latter being focused on para prophetic texts and commentaries it also investigates the phenomenon of active prophecy i e ongoing prophetic activities after the early Second Temple period long after prophecy came to its so called end In the first part of this volume Matthias Henze deals with the paraprophetical literature from Qumran Martti Nissinen addresses the relation between Qumran Peshet hermeneutics and Ancient Near Eastern omen divination Timothy H Lim asks if why and in what sense the psalms were considered to be prophecies or prophetic In the second part of the volume George J Brooke asks the question Was the Teacher of Righteousness Considered To Be a Prophet and Katell Berthelot shows in her study of 4QTestimonia 4Q175 that the Teacher of Righteousness was not the only active prophet in the 2nd cent BCE The third part of the volume looks at a wider definition of prophecy Esther Eshel shows how the tree imagery of the Genesis Apocryphon s symbolic dreams participates in a Jewish tradition that is attested in both earlier and later texts Leo G Perdue demonstrates that apocalyptic developed out of both

prophecy and mantic wisdom Perdue also provides a survey of mythical mantic sages in the Ancient Near East and mantic sages and mantic wisdom in biblical and ancient Jewish literature Finally in the fourth part of the volume Armin Lange offers an example of how the Dead Sea Scrolls help to solve cruxes interpretum in the prophetic books of the Hebrew Bible For this purpose he studies The Genre of the Book of Jonah in light of the paratextual literature from Qumran *Paul and the Rhetoric of Reconciliation* Margaret Mary Mitchell, 1993 New light is cast on the genre function and composition of Paul's first letter to the Corinthians Mitchell thoroughly documents her argument that First Corinthians was a single letter not a combination of fragments whose aim was to persuade the Corinthian Christian community to become unified *Logos and Sophia* Stephen M. Pogoloff, 1992
