Pilgrimage to Jerusalem and the Holy Land, 1187-1291 Denys Pringle, 2016-04-08 This book presents new translations of a selection of Latin and French pilgrimage texts and two in Greek relating to Jerusalem and the Holy Land between the fall of Jerusalem to Saladin in 1187 and the loss of Acre to the Mamluks in 1291 It therefore complements and extends existing studies which deal with the period from Late Antiquity to Saladin s conquest Such texts provide a wealth of information not only about the business of pilgrimage itself but also on church history topography architecture and the social and economic conditions prevailing in Palestine in this period Pilgrimage texts of the 13th century have not previously been studied as a group in this way and because the existing editions of them are scattered across a variety of rather obscure publications they tend to be under utilized by historians despite their considerable interest For instance they are often more original than the texts of the 12th century representing first hand accounts of travellers rather than simple reworkings of older texts Taken together they document the changes that occurred in the pattern of pilgrimage after the fall of Jerusalem in 1187 during its brief reoccupation by the Franks between 1229 and 1244 and during the period from 1260 onwards when the Mamluks gradually took military control of the whole country In the 1250s 60s for example because of the difficulties faced by pilgrims in reaching Jerusalem itself there developed an alternative set of holy sites offering indulgences in Acre The bringing of Transjordan southern Palestine and Sinai under Ayyubid and later Mamluk control also encouraged the development of the pilgrimage to St Catherine s monastery on Mount Sinai in this period The translations are accompanied by explanatory footnotes and preceded by an introduction which discusses the development of Holy Land pilgrimage in this period and the context dating and composition of the texts themselves The book concludes with a comprehensive list of sources and a detailed index

Bishop Pam Vaughan, Brendan Vaughan, Laws Railroad Museum, 2011-02-28 Located in the stark landscape of Eastern Californias Owens Valley Bishop is situated between two of the highest mountain ranges of the contiguous United States Native Americans had been in the region since antiquity and white settlers began to filter in after

many battles with the Paiutes and Shoshones Bishop was named after Sam Bishop who drove cattle into the area and settled along Bishop Creek Many more farmers and ranchers followed To the south Los Angeles was growing too tapping the Owens River for a gravity fed aqueduct for its residents thus began the Los AngelesOwens Valley Water Conflict *Il Taglio Scientifico in Sezione Aurea* Alessandro Donelli,2019-01-31 The family tradition was broken over the centuries since they came across from Dahomey But the family remembered much of what their ancestors had taught Now the Sib is stretching its wings and recovering much of what was lost From today s libraries traces have been found And the web like Legba s fabled home has caught the small flies of more details to flesh out knowledge that is fragmented
