the subject **Transcendent Woman** David M. Robinson, 2025-07-18 Journalist editor critic translator and women's rights advocate Margaret Fuller was America's first major female intellectual Throughout much of the late 19th and 20th centuries however critics and scholars largely saw her as a minor figure in the transcendentalist movement with which she is associated and her work was considered secondary to that of male figures like Emerson and Hawthorne While her biography including her marriage to an Italian noble and her dramatic death in a shipwreck was often the focus her skill as a writer was generally overlooked and her intellectual development largely ignored In the early 1980s David M Robinson was one of the first scholars to publish an article that focused on Fuller's mind and art Now *Transcendent Woman* completes and extends this early work Outlining the development of her philosophy which Robinson defines as a purpose oriented form of thinking tailored to the commitment and assets of each individual he traces Fuller's intellectual journey first in relation to her family and the people around her in New England and later in her travels in the midwestern United States and more importantly through Europe and her residency in Italy He focuses first and foremost on what Fuller was reading Goethe was key what she was thinking as revealed in her letters and journals and what she was writing including seminal works such as *Summer on the Lakes* and *Woman in the Nineteenth Century* as well as lesser known essays translations and short stories Drawing extensively on primary sources Robinson charts Fuller's development and achievement as an original thinker and fearless advocate of democracy [Handbook of American Romanticism](#) Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05

The *Handbook of American Romanticism* presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty first centuries **Multicultural Writers from Antiquity to 1945** Alba

Amoia, Bettina L. Knapp, 2001-10-30 The final decades of the 20th century have seen an explosion of interest in multiculturalism But multiculturalism is more than an awareness of the different cultures comprising contemporary societies For centuries people from around the world have come in contact with cultures other than their own and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization The effects of multiculturalism are especially apparent in literature since writers tend to be particularly aware of their environments and record their experiences This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer's critical reception and primary and secondary bibliographies By illuminating the shaping influence of multiculturalism on these writers the volume points to

the lasting value of multiculturalism in the contemporary world      **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies      **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study      **Encyclopedia of Religious Controversies in the United States** Bill J. Leonard, Jill Y. Crainshaw, 2012-12-05 This book provides a thorough introduction to historical and contemporary issues in American religion tackling controversial hot button topics such as abortion Intelligent Design and Scientology Surveying key aspects of the controversial issues persons and religious groups of today Encyclopedia of Religious Controversies in the United States Second Edition is a thorough update and expansion of the first edition of this book This two volume work contains many new entries that reflect current 21st century religious controversies Written by a variety of scholars with varying specializations the content covers major people ideas terms institutions groups books and events The A Z format allows for easy location of materials a chronology of developments and events enables readers to trace the development of contentious topics over time and a section of primary document excerpts gives readers further perspective on the issues      *Historical Dictionary of Women's Education in the United States* Linda Eisenmann, 1998-07-17 The history of women's education in the United States presents a continuous effort to move from the periphery to the mainstream and this book examines both formal and informal opportunities for girls and women Through an introductory essay and nearly 250 alphabetically arranged entries this reference book examines institutions persons ideas events and movements in the history of women's education in the United States The volume spans the colonial era to the present exploring settings from formal institutions such as schools and colleges to informal associations such as suffrage groups and reform organizations where women gained skills and used knowledge A full picture of women's educational history presents their work in mainstream institutions sex segregated schools and informal organizations that served as alternative educational settings Educational history varies greatly for women of different races classes and ethnicities The experience of some groups has been well documented Thus entries on the Seven Sisters women's colleges and the reform organizations of the Progressive Era convey wide historical detail Other women have been studied only recently Thus entries on African American school founders or women teachers present considerable new information that scholars interpret

against a wider context Finally some women s history has yet to be adequately explored Hispanic American women and Catholic teaching sisters are discussed in entries that highlight historical questions still remaining Each entry is written by an expert contributor and concludes with a brief bibliography The volume closes with a timeline of women s educational history and a list of important general works for further reading
