days and three nights in the desert there he found good Samaritans in the inhabitants of a neighboring oasis who kindly cared for him and enabled him to resume his travels He had scarcely entered on his first journey in this inhospitable country when he was robbed of every thing that he possessed but declining to turn back he had the courage to press on to the first grand sheriff and apply for the position of surgeon in the army Thus he obtained and was soon promoted to the post of body physician to the Governor and thus obtained access to the royal city of Fez the residence of the Emperor According to Rohlf very few of the Berbers understood the Koran the prayers or the religious precepts which are all in the Arabic tongue yet nevertheless they were the most radical Moslems and threatened him several times whom they suspected of being a Christian dog Rohlf s life was always saved by the intervention of the Governor s son who was a distant descendant of the Mohamed whose influence was all powerful Having made well nigh the circuit of Morocco skirting the Atlantic seaboard from Tangiers southwards besides long intervals of sojourn in the Sahara and penetrating to the Oases of Draa and Tafi
