**Railway Review** ,1893      **Railway and Engineering Review** ,1893      *Aeroplane* ,1915      English for Specific Purposes Tom Hutchinson, Alan Waters, 1987-01-29 The main concern is effective learning and how this can best be achieved in ESP courses This book discusses the evolution of ESP the role of the ESP teacher course design syllabuses materials teaching methods and evaluation procedures It will be of interest to all teachers who are concerned with ESP Those who are new to the field will find it a thorough practical introduction while those with more extensive experience will find its approach both stimulating and innovative      Air Power and the Arab World, 1909-1955 David Nicolle, Gabr Ali Gabr, 2024-02-20 This entry in the MiddleEast War series is illustrated with abundant photographs from previously unused or very rarely used private and official sources Air Power and the Arab World 1909 1955 Volume 10 continues the story of the men and machines of the first half century of military aviation in the Arab world It tells the story of the first two weeks of the first of the Arab Israeli Wars also known as the Palestine War in May 1948 Whilst part of an ongoing series this volume stands alone as a history of the period covered By that time in Egypt Iraq Transjordan newly independent Syria Lebanon and to a lesser extent Saudi Arabia significant efforts had already been made to strengthen these countries armed forces Where Egypt Iraq and Syria were concerned these efforts included a determination to improve or in the case of Syria to establish their air forces All three air forces were thrown into the First Phase of the Palestine War and in the view of most subsequent commentators or historians they had failed to perform as well as their government and populations had expected However closer investigation and the removal of layers of propaganda which have obscured the realities of this first Arab Israeli War show that the Arab air forces performed better than is generally realized Arguably they had their limitations and weaknesses and these had also become apparent as the fighting intensified and losses began to mount All this was always clearly pointed out in Arabic sources both official and unofficial unpublished or published only with limited circulation Volume 10 of Air Power and the Arab World focuses on day to day events on the ground in the air and at sea during this hard fought phase It does so in remarkable detail because the authors have accessed previously unpublished Arab official military documents supplemented by translations from Arabic books and articles containing official and personal accounts by those involved

Perhaps the most remarkable such source is the Operational Diary of the Royal Egyptian Air Force s Tactical Air Force based at al Arish in north eastern Sinai Air Power and the Arab World 1909 1955 Volume 10 is illustrated by abundant photographs from previously unused or very rarely used private and official sources and includes specially commissioned color artworks
