Wired/Wireless Internet Communications Peter

Langendoerfer, Mingyan Liu, Ibrahim Matta, Vassilis Tsaoussidis, 2004-01-20 The International Conference on Wired Wireless Internet Communications WWIC was held for the second time following a successful start in 2002 in Las Vegas. The goal of the conference was to present high quality results in the field and to provide a framework for research collaboration through focused discussions that designated future research efforts and directions. The number and the quality of submissions indicate that we are well on the way to establishing WWIC as a major event in the field of wired wireless internet communications. We received around 60 competitive submissions from Europe, North America, the Middle East, and the Far East. Each submission was reviewed by at least two experts, although the majority received three or more reviews. Based on this rigorous reviewing procedure, the International Program Committee selected 26 submissions for presentation and publication in the proceedings. Therefore, we should all expect the quality of a selective conference in this volume. We hope you will enjoy it. The papers selected for presentation at WWIC 2004 were stimulating and of utmost interest. They were organized into eight sessions: 1. Protocol engineering and energy efficiency in wireless networks, 2. Mobility management and mobile devices, 3. Transport layer and congestion control, 4. Architecture implementation and experimentation, 5. Network and protocol modeling, 6. Wireless network scheduling and analysis, 7. Multimedia distribution and group communication, 8. Service discovery. We would like to thank the authors for choosing WWIC 2004 to submit their results. We would also like to thank all the members of the Technical Program Committee as well as the additional reviewers for their effort to provide detailed and constructive reviews.

Nourishing the Seed Bob Mumford, 2012-10-16 Learning to Love what Father Loves. Other seeds fell on good soil and yielded grain some a hundred times as much as was sown, some sixty times as much, and some thirty. Matthew 13:8 AMP. Nourishing the Seed is the result of well-known Bible teacher and author Bob Mumford's spiritual walk with the Lord. You will come alongside his unfolding journey over the past 55 years of learning to love what God loves. Like his book *Mysterious Seed*, maturing in Father's Love, he passes along to you the bag of seed that the Father gave him. The DNA of the acorn enables it to become all that God the Father intended: a huge, symmetrical and fully formed oak tree. Father's Seed in you comes to maturity in the same way. Nourishing the Seed helps you understand Agape love as the mysterious Kingdom Seed that must be cultivated and nourished to grow and produce fruit in your life. Address the issues that keep that nourishment from happening. Thoughts and Questions at the end of each chapter provoke deep and inspiring introspection to form a more meaningful relationship with God the Father. Helpful diagrams and charts throughout also add depth of understanding. Nourishing the Seed is a compilation of powerful, daily devotional size teachings designed to move you spiritually forward. Rather than vague concepts and principles, these teachings will nourish the Seed that is growing within you, the serious believer, so that you can be unshakable and learn to love what Father loves.
