Words on Cassette, 2002 R R Bowker Publishing, 2002 **Protestants and Pictures** David Morgan, 1999-08-26 In this lavishly illustrated book David Morgan surveys the visual culture that shaped American Protestantism in the nineteenth and twentieth centuries a vast record of images in illustrated bibles Christian almanacs children s literature popular religious books charts broadsides Sunday school cards illuminated devotional items tracts chromos and engravings His purpose is to explain the rise of these images their appearance and subject matter how they were understood by believers the uses to which they were put and what their relation was to technological innovations commerce and the cultural politics of Protestantism His overarching argument is that the role of images in American Protestantism greatly expanded and developed during this period

The Age of Choice Sophia Rosenfeld, 2025-02-04 A sweeping history of the rise of personal choice in the modern world and how it became equated with freedom Choice touches virtually every aspect of our lives from what to buy and where to live to whom to love what profession to practice and even what to believe But the option to choose in such matters was not something we always possessed or even aspired to At the same time we have been warned by everybody from marketing gurus to psychologists about the negative consequences stemming from our current obsession with choice It turns out that not only are we not very good at realizing our personal desires we are also overwhelmed with too many possibilities and anxious about what best to select There are social costs too How did all this happen The Age of Choice tells the long history of the invention of choice as the defining feature of modern freedom Taking readers from the seventeenth century to today Sophia Rosenfeld describes how the early modern world witnessed the simultaneous rise of shopping as an activity and religious freedom as a matter of being able to pick one s convictions Similarly she traces the history of choice in romantic life politics and the ideals of human rights Throughout she pays particular attention to the lives of women those often with the fewest choices who have frequently been the drivers of this change She concludes with an exploration of how reproductive rights have become a symbolic flashpoint in our contemporary struggles over the association of liberty with choice Drawing on a wealth of sources ranging from novels and restaurant menus to the latest scientific findings about choice in psychology and economics The Age of Choice urges us to rethink the meaning of choice and its promise and limitations in modern life

Auction Sale Prices, 1907 *Becoming a Woman in the Age of Letters* Dena Goodman, 2009 In 18th century France letter writing became extremely fashionable particularly amongst women In this work Dena Goodman opens up the world of

these women though the letters which they wrote Concentrating on the letters of four women from different social backgrounds she shows how they came to womanhood through their writing Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1895 **Publishers' circular and booksellers' record** ,1894 The Publishers' Circular and Booksellers' Record ,1928 **The Publisher** ,1901 Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record ,1896 *The Polemics of Libertine Conversion in Pascal's Pensées* John F. Boitano,2002 The Publishers' Circular and General Record of British and Foreign Literature ,1871 memoirs of spain during the regins of philip IV and charles II john dunlop,1834 Slavery and the American Founding Jude M. Pfister,2025-03-21 Since 1776 the Founding generation has been portrayed as creators of a new world where liberty and freedom were the inherent birthright of all peoples The Founders although brilliant were nonetheless human and fashioned a country conceived in liberty and freedom for themselves The enslaved women and other minorities were not part of the original Founding documents All men created equal was a political statement not some ethereal message of Enlightenment understanding This book demonstrates that to understand the American Founding is to understand the totality of America The American Founding and the so called compromises forged by state delegates to ensure national unity despite existing alternatives that could have rejected enslavement defined the period from 1765 to 1800 and planted the seeds for a horrific civil war Two of the most debated words from the Age of Enlightenment freedom and liberty not only made America independent but also made it dependent on an execrable system rejected by most of the European thinkers who inspired the uprising against Britain
