The Albertans:

The Canadian Prairies Gerald Friesen, 1987-01-01 A history of the Canadian prairie provinces from the days of Native European contact to the 1980s , **The Accidental Superpower** Mr. Peter Zeihan, 2014-11-04 With a new 10 years later epilogue for every chapter comes an eye opening assessment of American power and deglobalization in the bestselling tradition of *The World is Flat* and *The Next 100 Years* Near the end of the Second World War the United States made a bold strategic gambit that rewired the international system Empires were abolished and replaced by a global arrangement enforced by the U S Navy With all the world s oceans safe for the first time in history markets and resources were made available for everyone Enemies became partners We think of this system as normal it is not We live in an artificial world on borrowed time In *The Accidental Superpower* international strategist Peter Zeihan examines how the hard rules of geography are eroding the American commitment to free trade how much of the planet is aging into a mass retirement that will enervate markets and capital supplies and how against all odds it is the ever ravenous American economy that alone among the developed nations is rapidly approaching energy independence Combined these factors are doing nothing less than overturning the global system and ushering in a new dis order For most that is a disaster in waiting but not for the Americans The shale revolution allows Americans to sidestep an increasingly dangerous energy market Only the United States boasts a youth population large enough to escape the sucking maw of global aging Most important geography will matter more than ever in a de globalizing world and America s geography is simply sublime **Handbook of Perceptual Dialectology** Daniel Long, Dennis R. Preston, 2002-12-20 The *Handbook of Perceptual Dialectology* Volume 2 expands on the coverage of both regions and methodologies in the investigation of nonlinguists perceptions of language variety New areas studied include Canada anglophone and francophone Cuba Hungary Italy Korea and Mali and most prominent among the new approaches are studies of the salience of specific linguistic features in variety identification and assessment As in Volume I the reader will find in these chapters everything from the statistical treatment of the ratings of dialect attributes to studies of the actual discourses of nonlinguists discussing language variety Dialectologists sociolinguistics ethnographers and applied linguists who work in areas where language variety is a concern will appreciate the findings and methods of these studies but social scientists of every sort who want to understand the role of language in the cultural lives of ordinary people will also find much of interest here Canada Samy Appadurai, 2020-09-14 *Canada The Dynamics of Global Immigration* is a thoughtful book filled with facts and interesting stories It is also a refreshing take on the issue of global migration and where Canada fits into this very large and complicated human mosaic **The Sommers Scandal** Betty O'Keefe, Ian Macdonald, 1999 In 1953 Forests Minister Robert E Sommers was one of the most powerful men in BC able to influence the province s major industry forestry with a stroke of his pen Five years later he plummeted from the heights when he was sent to jail for conspiracy and accepting bribes The Sommers scandal was the first and biggest stain on the

record of Premier W A C Bennett's records Betty O Keefe and Ian Macdonald have recreated those stormy days of the mid 1950s when Sommers Bennett Attorney General Robert Sommers Phil Gaglardi and Gordon Gibson rocked the rafters of the Legislature with bellowed accusations and denials Weaving interviews with major players and the media reports of the day they show the relentless process by which Sommers was finally brought to trial and reveal the confusing array of verdicts for Sommers and his co accused The Sommers story is also the story of BC's forest industry The forest management system was under attack and investigation as the Sommers scandal unfolded and the decisions made in the 1950s set the course for the death of logging towns the corporate concentration and the crisis of overcutting some 30 years later *Social Classes and Social Credit in Alberta* Edward Bell,1993 The Social Credit party in Alberta has traditionally been presented as petty bourgeois in its ideology and appeals reflecting what was believed to be the dominant class in the province at the time Edward Bell challenges these widely held interpretations of the ideology popular class basis and behaviour in office of the early Social Credit movement 1932-40

Our Scandalous Senate J. Patrick Boyer,2014-05-31 An in depth breakdown of the recent wave of Canadian Senate scandals highlighting the need for abolition The Senate of Canada was created as a temporary expedient at the time of Confederation offered as part of the negotiations to bring Canada's original colonial provinces into the new political union in the mid 1860s Since then the original provinces with upper houses abolished them New provinces were created without second chambers to their legislatures Only the Parliament of Canada remains stuck with its redundant and irrelevant colonial relic costly to maintain and out of step with the values of a modern democratic country Today the Senate of Canada is rocked by ongoing scandal News of this far reaching scandal rightly disturbs Canadians but the real national scandal is the very existence of the Senate itself

Joseph,2009 Whew What a week that was as Canadians went from being the peaceable kingdom talking about the need for cooperation and consultation to what many described as a full blown national crisis The Prime Minister and Conservative Government had turned an economic crisis into a political crisis then a constitutional crisis And if that wasn t enough of a week s work the Prime Minister managed to also turn it into a crisis of national unity And some say Canadian politics and politicians are boring Accusations of traitor coup d tat illegitimate undemocratic loss of confidence loss of trust socialist separatist and deals with the devil reverberated across the floor of the House of Commons Each of the crisis that engulfed the Hill over those eight days had political consequences for those involved and for the parliamentary system Stephen Harper may have survived to fight another day but in doing so he may have committed his most serious strategic error and will pay a heavy price for it over the next months and years It is my contention that he is as much a strategic stumbler as a master strategist and that his long term goal to make the Conservative party Canada s natural governing party and to move Canadian society to the right has been derailed *Alberta Formed - Alberta Transformed* Alberta 2005 Centennial History Society,2006-04-18 *Alberta Formed Alberta Transformed* is a two volume set spanning a remarkable 12 000 years of history and showcasing the work of 34 of Alberta s most respected scholars Volume 1 sets the stage from human beginnings in Alberta to the eve of Alberta s inauguration as a province in 1905
