Du Mas, 2002 This is a love story triumphantly emerging from a nightmarish mix of injustice violence and perversion as therapeutic change transforms a deranged society into a more sane nation More fictionalized science than science fiction it uses the medical model to introduce the new science of sociatry Sociatry is to a large group or Nation as psychiatry is to an individual person The nation Asu has gone berserk Since a nation cannot be put into a straight jacket or a hospital new curative theories and methods are enunciated and tested for the first time by Dr Dorothea Jonas and her eventual associate Asuan psychiatrist Dr Frank Burgess They fall in love but must attend to Asu before their personal desires Many new ideas emerge polychromatic pulchritude sociothanatomimesis the new profession of Applied Philosopher Global prize for Outstanding Ethical Behavior leadership through inverse status and more They repeatedly apply for research grants and other financial support for their large scale operations but are turned down by both government bureaucrats and private foundations Help finally comes from a surprising source and they achieve professional fulfillment and personal happiness
