The Other Silence:

The Other Side of Silence André Philipppus Brink, 2002 A compelling new novel from one of South Africa's finest writers As a small child in a wintry Bremen Hanna dreams about the other side of silence the place where the wind comes from and palm trees wave in the sun She sees her chance to escape from years of abuse in the orphanage by joining one of the shiploads of young women transported in the early years of the 20th century to the colony of German Southwest Africa to assuage the needs of the male settlers When the drunken excesses of a visiting army detachment threaten the young girl Katja who has become her only companion Hanna revolts Mounting a ragtag army of female and native victims of colonial brutality she sets out on an epic march through the desert This apocalyptic journey will reveal to her the hidden meanings of suffering revenge love and compassion

The Other India Om Prakash Dwivedi, 2013-01-03 This book engages with critical issues which create a proper understanding of how identities and belonging are imagined and constructed in postcolonial India The contributors have examined various texts and movies to discuss the implicit communal nature of postcolonial India The book attempts to discuss the different ways in which India is badly plagued by communal politics and terrorism and to offer a cogent alternative for creating a strong solidarity among different communities in India

Regard for the Other E.S. Burt, 2009-10-18 Although much has been written on autobiography the same cannot be said of autothanatography the writing of one's death This study starts from the deconstructive premise that autobiography is aporetic not or not only a matter of a subject strategizing with language to produce an exemplary identity but a matter also of its responding to an exorbitant call to write its death The I dominated representations of particular others and of the privileged other to whom a work is addressed must therefore be set against an alterity plaguing the I from within or shadowing it from without This alterity makes itself known in writing as the potential of the text to carry messages that remain secret to the confessing subject Anticipation of the potential for the confessional text to say what Augustine calls the secret I do not know the secret of death engages the autothanatographical subject in a dynamic inventive and open ended process of identification The subject presented in these texts is not one that has already evolved an interior life that it seeks to reveal to others but one that speaks to us as still in process Through its exorbitant response it gives intimations of an interiority and an ethical existence to come Baudelaire emerges as a central figure for this understanding of autobiography as autothanatography through his critique of the narcissism of a certain Rousseau his translation of De Quincey's confessions with their vertiginously ungrounded subject in construction his artistic practice of self conscious thorough going doubleness and his service to Wilde as model for an aporetic secrecy The author

discusses the interruption of narrative that must be central to the writing of one's death and addresses the I's dealings with the aporias of such structuring principles as secrecy Levinasian hospitality or interiorization as translation The book makes a strong intervention in the debate over one of the most read genres of our time Outspeak Sean P. The Other Side of Language Gemma Corradi Fiumara, 2013-08-21 First published in 1990 Our philosophy is grounded in only half a language in which the power of discourse is deployed and the strength of listening ignored We are inhabitants of a culture that knows how to speak but not how to listen so we constantly mistake warring monologues for genuine dialogue In this remarkable book Gemma Corradi Fiumara seeks to redress that balance by examining the other side of language listening Synthesising the insights of Wittgenstein Heidegger and Gadamer among many others she puts forward a powerful argument for the replacement of the silent silence of traditional Western thought with the rich openness of an authentic listening

The Web of Life Glenn C. Taylor, 2016-08-16 Life is about relationships good and bad Individualism may feel strong In reality it's much weaker than when we stand together Much of the joy of life comes from the manner in which others touch our lives Do you remember the last time someone touched your life with a word of encouragement Your response may have been a smile or a sense of joy Not all touches are like that Some people touch our lives with pain through hurtful comments insinuation or even lies Solomon declared that life and death are in the power of the tongue Our conversations are a key contributor to the effects we have on one another This book is an invitation to explore the impact of others on us and our influence on them It takes courage to nurture others and accept their nurturing Communication coupled with action is the key to growth when we've experienced God as the source of our spiritual lives in Christ Glenn Taylor's writing on the subject of healthy relationships is the outcome of a lifelong commitment to living fully into all aspects of life As a result this book has deep roots and a solid foundation I commend it to you Dr Rod Wilson Vancouver B C There is no substitute for a firsthand witness This is as true today as it was for the Resurrection This book is the direct result of a truly empathetic faithful witness This is a must read for anyone who is involved in ministry counseling or leadership of any kind James Tughan Canadian Artist Oakville Ontario I believe the chapter on the importance of the community of faith as a place for receiving love nurture and healing meets a critical need in our disconnected society Marvin Brubacher Director of MentorLink Canada
