Godwin blends the diffuse and complex religious movements that once converged in Upstate New York to show how we became a modern civilization indelibly stamped by the experience of spiritual outsiders This is both splendid history and a book of wonders in uncovering lost fragments of our world Throw away your highlighter because you won't know where to stop Mitch Horowitz author of Occult America White House Sances Ouija Circles Masons and the Secret Mystic History of Our Nation What a fascinating book Upstate Cauldron takes a refreshing and new look at the period of time when Upstate New York was the center of the Spiritualist movement in America Joscelyn Godwin has written a book that is very difficult to put down introducing us to the most wonderful and exotic individuals People like Timothy Brown who built one of the most intricate and most photographed homes in Central New York with his own hands and out of his own head Can you say spiritual guidance And we meet Kate and Maggie Fox who may have been America's earliest rap stars The fabulous Fox sisters used secret rapping sounds to convince converts that they were communicating with the other world Anthony Damiani was a spiritual godfather to many young people in the university city of Ithaca He doled out his visions of wisdom on Ithaca's main street and when done raced fifty miles to his job as a New York State Thruway toll taker These are just some of the sometimes incredible sometimes bizarre but always interesting people at the core of Upstate's Spiritualism history Godwin tells the story of a little known historical chapter of the area with insight and great liveliness As the author myself of a half dozen books about Upstate New York I found this book irresistible and absorbing Chuck D Imperio author of Unknown Museums of Upstate New York A Guide to 50 Treasures Destined to become the definitive book on eccentric religion in this geographical area this is a fascinating account of unusual and inventive religious figures and movements Sure handed even tempered and wry Joscelyn Godwin is the ideal guide and his book is one that all readers will want to have in hand as they explore this historically rich and important region What's more it is an important book for understanding a vital part of American religious history Arthur Versluis author of American Gurus From Transcendentalism to New Age Religion

**Picturing the 'Pregnant' Magdalene in**

**Northern Art, 1430-1550** Penny Howell Jolly, 2016-12-05 Examining innovations in Mary Magdalene imagery in northern art 1430 to 1550 Penny Jolly explores how the saint's widespread popularity drew upon her ability to embody oppositions and embrace a range of paradoxical roles sinner prostitute and saint erotic seductress and holy prophet Analyzing paintings by Rogier van der Weyden Quentin Massys and others Jolly investigates artists and audiences' responses to increasing religious tensions expanding art markets and changing roles for women Using cultural ideas concerning the gendered and pregnant body Jolly reveals how dress confirms the Magdalene's multivalent nature In some paintings her gown's opening laces betray her wantonness yet simultaneously mark her as Christ's spiritually pregnant Bride elsewhere undress reconfirms her erotic nature while paradoxically marking her penitence in still other works exotic finery expresses her sanctity while celebrating Antwerp's textile industry New image types arise as when the saint appears as a lovesick musician playing a lute or as a melancholic contemplative longing for Christ Some depictions emphasize her intercessory role through innovative pictorial strategies that invite performative viewing or relate her to the mythological Pandora and Italian Renaissance Neoplatonism Throughout the Magdalene's ambiguities destabilize readings of her imagery while engaging audiences across a broad social and religious spectrum **New York Herald Tribune Books**, 1927 [Victims of International Crimes: An](#)

[Interdisciplinary Discourse](#) Thorsten Bonacker, Christoph Safferling, 2013-07-09 In international law victims' issues have gained more and more attention over the last decades In particular in transitional justice processes the victim is being given high priority It is to be seen in this context that the Rome Statute for the International Criminal Court foresees a rather excessive victim participation concept in criminal prosecution In this volume issue is taken at first with the definition of victims and secondly with the role of the victim as a witness and as a participant Several chapters address this matter with a view to the International Criminal Court ICC the Extraordinary Chambers in the Courts of Cambodia ECCC and the Trial against Demjanjuk in Germany In a third part the interests of the victims outside the criminal trial are being discussed In the final part the role of civil society actors are being tackled This volume thus gives an overview of the role of victims in transitional justice processes from an interdisciplinary angle combining academic research and practical experience

**Early Modern Dutch Prints of Africa** Elizabeth A. Sutton, 2017-07-05 Using Pieter de Marees' Description and Historical Account of the Gold Kingdom of Guinea 1602 as her main source material author Elizabeth Sutton brings to bear approaches from the disciplines of art history and book history to explore the context in which De Marees' account was created Since variations of the images and text were repeated in other European travel collections and decorated maps Sutton is able to trace how the framing of text and image shaped the formation of knowledge that continued to be repeated and distilled in later European depictions of Africans She reads the engravings in De Marees' account as a demonstration of the intertwining domains of the Dutch pictorial tradition intellectual inquiry and Dutch mercantilism At the same time by analyzing the marketing tactics of the publisher Cornelis Claesz this study illuminates how early modern epistemological

processes were influenced by the commodification of knowledge Sutton examines the book's construction and marketing to shed new light on the social milieus that shared interests in ethnography trade and travel Exploring how the images and text function together Sutton suggests that Dutch visual and intellectual traditions informed readers choices for translating De Marees text visually Through the examination of early modern Dutch print culture Early Modern Dutch Prints of Africa expands the boundaries of our understanding of the European imperial enterprise
