Skopas in Malibu Andrew Stewart, 1982-01-01 **Skopas in Malibu** Andrew Stewart, 1982 **Skopas in Malibu** Andrew F. Stewart, 1982 Skopas in Malibu Malibu, Calif. J. Paul Getty Museum, 1982 *Apolline Project: Studies on Vesuvius' north slope and the Bay of Naples* Girolamo De Simone, Roger T. Macfarlane, 2009 *Displaying the Ideals of Antiquity* Johannes Siapkis, Lena Sjögren, 2013-08-29

Displaying the Ideals of Antiquity investigates the study and display of ancient sculpture from archaeological art historical and museum studies perspectives. Ancient sculptures not only give us knowledge about ancient Greek and Roman pasts but they also mediate ideals that inform modern perceptions of antiquity. This book analyzes how an art historical tradition establishes and preserves an idealized view of antiquity in classical archaeology and in museum exhibitions. The authors investigate how these ideals are kept alive today, an approach that often is neglected in studies on ancient reception. This book offers an international scope and illustrates how academic conceptual foundations influence museum exhibitions. This timely volume discusses contemporary museum exhibitions of ancient sculpture and clarifies how old discourses continue to affect museum exhibitions and conceptualizations of ancient sculptures. The authors analyze close to 100 museums around the world and demonstrate the ways in which ancient sculptures are mediated across Europe and the West.

The Science of Man in Ancient Greece Maria Michela Sassi, 2001-02. Thus because women were assumed to have pale skin from staying indoors too much, Greek biology and medicine sought to explain this feature as an indication of the cold nature of women as opposed to the hot constitution of men.

Relief Sculpture of the Mausoleum at Halicarnassus Brian Cook, 2005-03-31. The Mausoleum at Halicarnassus was one of the Seven Wonders of the World. This is the first complete catalogue of its friezes and other decorative reliefs. Detailed descriptions are illustrated by hundreds of previously unpublished photographs. Also discussed are the discovery of the Mausoleum and the controversy about who carved its friezes.

Political Religions in the Greco-Roman World Charlotte Dunn, Elias Koulakiotis, 2019-06-04. Until the 1980s, historical treatments of ancient religion focused mainly on myth, cult, and ritual as a way to interpret the mental structures or primary emotions of ancient peoples, but in the last few decades, a political turn in the study of religion has taken hold. This volume serves to diversify our understanding of the political conceptualizations and implementations of religious practice in the ancient Mediterranean region from the 7th Century BCE to the 4th Century CE in both Greek and Roman contexts. The underlying question taken up here is in what situations was Greco-Roman religious practice articulated, communicated, and perceived in political contexts, both real and imagined. Written by experts in the fields of archaeology, linguistics, art history, historiography, political science, and religion, the chapters of this volume engage the plurality and the diversity of the Greco-Roman religious experience as it receives and negotiates power relations.

Ancient Marbles to American Shores Stephen L. Dyson, 2016-11-11. In *Ancient Marbles to American Shores*, Stephen L. Dyson uncovers the history of classical archaeology in the United States by exploring the people and programs that gave birth to archaeology.
