Towards an Ecocritical Theatre Mohebat Ahmadi, 2022-04-27 Towards an Ecocritical Theatre investigates contemporary theatre through the lens of Anthropocene oriented ecocriticism It assesses how Anthropocene thinking engages different modes of theatrical representation as well as how the theatrical apparatus can rise to the representational challenges of changing interactions between humans and the nonhuman world To explore these problems the book investigates international Anglophone plays and performances by Caryl Churchill Stephen Sewell Andrew Bovell E M Lewis Chantal Bilodeau Jordan Hall and Miwa Matreyek who have taken significant steps towards re orienting theatre from its traditional focus on humans to an ecocritical attention to nonhumans and the environment in the Anthropocene Their theatrical works show how an engagement with the problem of scale disrupts the humanist bias of theatre provoking new modes of theatrical inquiry that envision a scale beyond the human and realign our ecological culture art and intimacy with geological time Moreover the plays and performances studied here through their liveness immediacy physicality and communality examine such scalar shifts via the problem of agency in order to give expression to the stories of nonhuman actants These theatrical works provoke reflections on the flourishing of multispecies responsibilities and sensitivities in aesthetic and ethical terms providing a platform for research in the environmental humanities through imaginative conversations on the world's iterative performativity in which all bodies human and nonhuman are cast horizontally as agential forces on the theatrical world stage This book will be of great interest to students and scholars of theatre studies environmental humanities and ecocritical studies Famous Ghost Stories Brian Haughton, 2011-08-15 Presents a history and critique of a selection of the famous ghost stories from different countries organized by such common themes as spectral armies phantom women in white haunted houses screaming skulls crisis apparitions and ghostly lights *Women in Dramatic Place and Time* Geraldine Cousin, 2002-09-11 First published in 1996 Routledge is an imprint of Taylor Francis an informa company The Cambridge Companion to Caryl Churchill Elaine Aston, Elin Diamond, 2009-12-10 Caryl Churchill's plays are internationally performed studied and acclaimed by practitioners theatre scholars critics and audiences alike With fierce imagination the plays dramatise the anxieties and terrors of contemporary life This Companion presents new scholarship on Churchill's extraordinary and ground breaking work Chapters explore a cluster of major plays in relation to pressing social topics ecological crisis sexual politics revolution terror and selfhood providing close readings of texts in their theatrical theoretical and historical contexts These topic based essays are intercalated with other essays that delve into Churchill's major collaborations her performance innovations and her influences on a new generation of playwrights Contributors explore Churchill's career long experimentation her risk taking that has reinvigorated the stage both formally and politically Providing a new critical platform for the study of a theatrical career that spans almost fifty years the Companion pays fresh attention to Churchill's poetic precision dark wit and inexhaustible creativity *Playing for Time*

Geraldine Cousin, 2013-03-31 *Playing for time* explores connections between theatre time the historical moment and fictional time Geraldine Cousin persuasively argues that a crucial characteristic of contemporary British theatre is its preoccupation with instability and danger and traces images of catastrophe and loss in a wide range of recent plays and productions The diversity of the texts that are examined is a major strength of the book In addition to plays by contemporary dramatists Cousin analyses staged adaptations of novels and productions of plays by Euripides Strindberg and Priestley A key focus is Stephen Daldry's award winning revival of Priestley's *An Inspector Calls* which is discussed in relation both to other Priestley time plays and to Caryl Churchill's apocalyptic *Far Away Lost children* are a recurring motif Bryony Lavery's *Frozen* for example is explored in the context of the Soham murders which took place while the play was in production at the National Theatre whilst three virtually simultaneous productions of Euripides *Hecuba* are interpreted with regard to the Beslan massacre of schoolchildren

Rethinking the Theatre of the Absurd Carl Lavery, Clare Finburgh Delijani, 2015-11-05

Rethinking the Theatre of the Absurd is an innovative collection of essays written by leading scholars in the fields of theatre performance and eco criticism which reconfigures absurdist theatre through the optics of ecology and environment As well as offering strikingly new interpretations of the work of canonical playwrights such as Beckett Genet Ionesco Adamov Albee Kafka Pinter Shepard and Churchill the book playfully mimics the structure of Martin Esslin's classic text *The Theatre of the Absurd* which is commonly recognised as one of the most important scholarly publications of the 20th century By reading absurdist drama for the first time as an emergent form of ecological theatre *Rethinking the Theatre of the Absurd* interrogates afresh the very meaning of absurdism for 21st century audiences while at the same time making a significant contribution to the development of theatre and performance studies as a whole The collection's interdisciplinary approach accessibility and ecological focus will appeal to students and academics in a number of different fields including theatre performance English French geography and philosophy It will also have a major impact on the new cross disciplinary paradigm of eco criticism

Theatres of Compost Abby Schroering, 2025-06-30

Theatres of Compost places ecology at the center of performance scholarship and criticism and it positions performance as a key cultural process for bringing about a more just and sustainable future Examining a unique archive of agricultural performances plays theatre collectives and activist rituals that engage questions of how humans use the land and produce food this book lays out a framework for how theatre and performance contribute to a cultural shift toward ecological awareness *Theatre of compost* is performance that directly engages ideologies of exploitation mass production and accumulation Instead of discarding the forms themes methodologies and histories that have perpetuated ecological destruction the case studies in this book show that what has come before can be composted broken down and reconstituted as the fertile foundation for a more livable life in the Anthropocene *Theatres of Compost* will appeal to the new but quickly growing subfield of performance and ecology As the climate and ecological crises worsen more scholars and students in theatre and performance will be searching for ways to

make their work meaningful and relevant This book will be a helpful resource for graduate level courses in performance studies performance and ecology and the environmental humanities *The Skriker* Caryl Churchill, 2015-06-26 In a broken world two girls meet an extraordinary creature The Skriker is a shapeshifter and death portent She can be an old woman a child a young man She is a faerie come from the Underworld to pursue and entrap them through time and space through this world and her own The Skriker was originally produced at the National Theatre London in 1994 It was revived at the Royal Exchange Theatre Manchester in 2015 as part of the Manchester International Festival starring Maxine Peake directed by Sarah Frankcom and featuring specially commissioned music by Nico Muhly and Antony of Antony and the Johnsons The Skriker is also available in the volume Caryl Churchill Plays Three **Process in the Arts Therapies** Ann Cattanach, 1999 The multiplicity of levels at which process operates for art therapists is the theme of this book What happens during a therapy session is examined as are the client's response which is experienced through the medium of the art form itself and the evolution of the relationship between therapist and client **Playwriting, Dramaturgy and Space** Sara Freeman, 2024-01-10 Theatre has come back to text but with perspectives shifted by the experimental practices of the twentieth century across performance forms Contemporary playwriting brings its scenographic engagement to the foreground of the text reflecting the spatial turn in theory and practice In production this spatiality has renewed and enlivened the status and impact of text based theatre Theatre studies needs to better describe the artfulness of contemporary text based theatre bringing to it the same sophisticated lenses scholars and critics have used for performance based theatre and other experimental theatre practices This Element does that by presenting the work of Caryl Churchill Naomi Iizuka and Sarah Ruhl as exemplary of the way text based theatre both its scripts and productions now creates and expects a spatialized imaginary and demonstrates the potentials of text based theatre in an increasingly visual and spatial field of cultural production The Herlequin - Pitch & Sickle Book Six D K Girl, 2023-04-27 The Diabolus Chronicles continue Pitch and Sickle have escaped the Fulbourn but not their fate The Lady's Horsemen have survived enraged fae queens murderous forest guardians walking corpses and ghosts turned monstrous by the Blight They have been tortured by sorcerers and made playthings by enemies who have sided with the Morrigan The ankou and his daemon prince have both confronted awful secrets from their pasts and made terrible sacrifices to keep the other safe But how much further will they be forced to go to protect the unimaginable bond that has grown between them In the midst of the chaos and carnage of the Fulbourn a deadman and a daemon found each other But all is not as it should be for Prince Vassago and as the next challenge arises Pitch will need Silas's steadying presence more than ever before The journey to Blood Lake will be perilous A great hunt has begun Can Silas and the Order outwit the Morrigan and deliver Pitch to where Seraphiel's secrets lie Or will the Herlequin succeed where all the rest have failed For the Reader This book contains much death lots of blood sprinklings of tragedy and a cliffhanger The Diabolus Chronicles is an 8 Book series Dramatic Revisions of Myths, Fairy Tales and Legends Verna A.

Foster, 2012-10-10 These new essays explore the ways in which contemporary dramatists have retold or otherwise made use of myths fairy tales and legends from a variety of cultures including Greek West African North American Japanese and various parts of Europe The dramatists discussed range from well established playwrights such as Tony Kushner Caryl Churchill and Timberlake Wertenbaker to new theatrical stars such as Sarah Ruhl and Tarell Alvin McCraney The book contributes to the current discussion of adaptation theory by examining the different ways and for what purposes plays revise mythic stories and characters The essays contribute to studies of literary uses of myth by focusing on how recent dramatists have used myths fairy tales and legends to address contemporary concerns especially changing representations of women and the politics of gender relations but also topics such as damage to the environment and political violence **Feminist Views on the English Stage** Elaine Aston, 2003-11-24 Feminist Views on the English Stage first published in 2003 is an exciting and insightful study on drama from a feminist perspective one that challenges an idea of the 1990s as a post feminist decade and pays attention to women s playwriting marginalized by a renaissance of angry young men Working through a generational mix of writers from Sarah Kane the iconoclastic bad girl of the stage to the canonical Caryl Churchill Elaine Aston charts the significant political and aesthetic changes in women s playwriting at the century s end Aston also explores writing for the 1990s in theatre by Sarah Daniels Bryony Lavery Phyllis Nagy Winsome Pinnock Rebecca Prichard Judy Upton and Timberlake Wertenbaker **Inarticulacy in Creative Writing Practice and Translation** Judy Kendall, 2025-03-20 An investigation into the powerful effects occurring at the threshold between articulation and inarticulation in original and translated works this book models how creative writing research practice processes products and theories can further academic thought At the threshold of in articulacy language can be said to thicken and obscure the usual conditions of legibility or lexical meaning becoming unfamiliar flexible incomplete even absent These thickening moments alter and enrich literary processes and texts to initiate a paradigm shift in composition translation and reading experiences Interrogating this shift from the viewpoints of writers translators and readers Judy Kendall draws on translation studies literary theory anthropology philosophy and physics and more to examine the practices of Semantic Poetry Translation code switching made up English visual text vital materiality and the material discursive Breaking new ground with her enactment of the ways in which creative writing can take an active and productive lead in research enquiries Kendall looks at works including Old English riddles Nigerian novels J R R Tolkien s and Ursula K Le Guin s narratives Caroline Bergvall s hybrid works Caryl Churchill s The Skriker Patrick Chamoiseau s novels Zong and several other visual texts The Politics and Poetics of Contemporary English Tragedy Sean Carney, 2013-02-13 The Politics and Poetics of Contemporary English Tragedy is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a

comprehensive rather than selective study of both the politics and poetics of their work Carney's attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic [Journal of Dramatic Theory and Criticism](#) ,2002 **The Environment on Stage** Julie Hudson,2019-08-08 The Environment on Stage Scenery or Shapeshifter investigates a pertinent voice of theatrical performance within the production and reception of ecotheatre Theatre ecologies unavoidably enmeshed in the environment describe the system of sometimes perverse feedback loops running through theatrical events productions performances and installations This volume applies an ecoaware spectatorial lens to explore live theatre as a living ecosystem in a literal sense The vibrant chemistry between production and reception and the spiralling ideas and emotions this generates in some conditions are unavoidably driven by flows of matter and energy thus by the natural environment even when human perspectives seem to dominate The Environment on Stage is an intentionally eclectic mix of observation close reading and qualitative research undertaken with the aim of exploring ecocritical ideas embedded in ecotheatre from a range of perspectives Individual chapters identify productions performances and installations in which the environment is palpably present on stage as it is in natural disasters such as floods storms famine conflict and climate change These themes and others are explored in the context of site specificity subversive spectators frugal modes of narrative the shifting stuff of theatre productions and imaginative substitutions Ecotheatre is nothing less than vibrant matter that lets the environment speak for itself *Plays and Players* ,1994 **The Theatre of Caryl Churchill** R. Darren Gobert,2014-09-25 The Theatre of Caryl Churchill documents and analyses the major plays and productions of one of Britain's greatest and most innovative playwrights Drawing on hundreds of never before seen archival sources from the US and the UK it provides an essential guide to Churchill's groundbreaking work for students and theatregoers Each chapter illuminates connections across plays and explores major scripts alongside unpublished and unfinished projects Each considers the rehearsal room the stage and the printed text Each demonstrates how Churchill has pushed the boundaries of dramatic aesthetics while posing urgent political and theoretical questions But since each maps Churchill's work in a different way each deploys a different reading practice for many approaches are necessary to characterise such a restlessly imaginative and prolific career Through its five interlocking parts The Theatre of Caryl Churchill tells a story about the playwright her work and its place in contemporary drama [The Cambridge History of British Theatre](#) Jane Milling,Peter Thomson,Baz Kershaw,Joseph Walter Donohue (Jr.),2004-12-09 Publisher Description
