Strategic Options For The Early Eighties:

Strategic Options for the Early 80's: What Can Be Done? William R. Van Cleave, W. Scott Thompson, 1979-01-01
Materiale fra en konference i Juni 1978 sponsoreret af National Strategy Information Center p baggrund af arbejde fra en uafh ngig studiegruppe Strategic Alternatives Team Konferencen faldt sted under SALT II debaten **Strategic Options for the Early Eighties** William R. Van Cleave, Willard Scott Thompson, 1979 Result of a conference sponsored by the National Strategy Information Center June 27 29 1978 Strategic Options for the Early Eighties William R. Van Cleave, Willard Scott Thompson, 1979 Result of a conference sponsored by the National Strategy Information Center June 27 29 1978 **To Promote Peace** Dennis L. Bark, 2021-04-22 Sharing the premise that an adequate credible defense is the best guarantee of peace sixteen distinguished foreign policy experts test the chances of peace by examining American foreign policy in To Promote Peace Writing from the vantage point of the mid 1980s these contributors approach a broad spectrum of the day s issues developing fresh ideas and innovative policy approaches at every turn Their essays always challenging clear and incisive furnish a realistic blueprint for peace in a world dominated by nuclear fantasies and cutting edge technologies Declaring that the Allies must bear their fair share of NATO s common defense Melvyn Krauss argues the time has come to begin phasing out U S forces in Europe Pointing out that compromised intelligence has squandered much of our technological advantage Arnold Beichman demands that top priority be given to the establishment of an effective sophisticated intelligence network Showing the effects of d tente inspired build down of tactical nuclear weapons H Joachim Ma tre explores a variety of weapons systems in achieving true mutual deterrence From an analysis of the critical relationship between energy supply and peace to tough and well reasoned predictions on what the future holds To Promote Peace is not afraid to spark debate and seek new initiatives and direction Its assessments consider global issues with more realism more courage and more certainty of the necessity of maintaining the United States as a forceful presence throughout the world **Negotiating START** Kerry M. Kartchner, The United States and the Soviet Union have been negotiating nuclear arms control agreements for over twenty years yet radical differences remain in the two sides concept of and approaches to strategic stability and arms control This book compares and contrasts those approaches using START Strategic Arms Reduction Treaty as a case study Throughout two decades of negotiation U S policy has been directed toward dialogue that would encourage convergence of American and Soviet thought on nuclear deterrence In Kartchner s view that hope is belied not only by continuing asymmetries in the development and deployment of their strategic nuclear arsenals but by differing U S and Soviet negotiating positions The Reagan administration viewed START as a means of repudiating SALT II restoring a measure of balance in the U S Soviet strategic competition and as a way of closing the so called window of vulnerability In contrast Kartchner analyzes the Soviets differing views of nuclear balance emphasizing their satisfaction with SALT II and a strategic equilibrium shaped by a decade of bilateral arms control Kartchner offers a detailed exposition of the

major negotiating issues in START contrasting concerns of U S and Soviet negotiators Not surprisingly each side s agenda was dominated by weapon systems that figure prominently in the other s development program The author concludes by summarizing and comparing American and Soviet quests for stability and drawing up an assessment of U S efforts in both SALT and START to use arms control negotiations as a kind of classroom for instructing Soviet officials in American notions of stabilizing versus destabilizing weapon technology and America s own ethnocentric view of stability START will profoundly affect the acquisition operation maintenance and cost of U S strategic nuclear forces well into the next century The history and analysis presented here will provide an essential source to policymakers and students of military political relations for much needed further study of this treaty s implications Counsels of War Gregg Herken,2015-02-18 Since the first atomic bomb was exploded in 1945 a close community of civilian experts including scientists academics and think tank intellectuals has advised the American government on the prospects of nuclear war Based on interviews with these experts as well as hundreds of pages of recently declassified documents Counsels of War is the first book to trace in detail the deliberations and shifting recommendations of the experts on the bomb from Hiroshima to Star Wars Gregg Herken writes about the people whose profession it has been to think about the unthinkable Robert McNamara Paul Nitze Herman Kahn Bernard Brodie including their intense rivalries personal animosities and often contentious relationship with the professional military He reveals how the influence of the scientist and strategist has extended well beyond the laboratory and the classroom in the proposal of Kennedy s advisers for a nuclear demonstration and even a clever first strike against the Russians for example Counsels of War also shatters certain popular assumptions about U S nuclear policy As Herken points out while American doctrine stresses retaliation U S strategists have always planned to pre empt a Soviet attack Herken shows that the lines in the current nuclear debate were actually drawn at the dawn of the atomic age and that the experts technically abstruse arguments have only served to hide from the public the fundamental deeply held and quite subjective differences at the heart of the debate Since Hiroshima there has been a growing awareness of the peril created by nuclear weapons yet the crucial questions that were never adequately addressed in 1945 unanswered today Given the inability of the experts to confront the essential dilemma of the nuclear age Counsels of War calls for a new nuclear debate one focused on American rather than Soviet intentions and that seeks an answer to the fundamental yet still unresolved question What are these weapons for

The United States and the Persian Gulf Alvin J. Cottrell,Michael Moodie,1984-01-01 Congressional Record United States. Congress,1983 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Parameters ,1979 Selected Readings and Documents on Postwar American Defense Policy ,1985 **Hearings, Reports and Prints of the Senate**

Committee on Armed Services United States. Congress. Senate. Committee on Armed Services,1979 The Future of U.S. Land-based Strategic Forces Jake Garn,1980 SCOTT Copy 1 From the John Holmes Library collection Hearings on Military Posture and H.R. 6495 (H.R. 6974) ... Before the Committee on Armed Services, House of Representatives, Ninety-sixth Congress, Second Session United States. Congress. House. Committee on Armed Services,1980

Hearings, Reports and Prints of the House Committee on Armed Services United States. Congress. House. Committee on Armed Services,1980 *The Report of the Strategic Options Subcommittee* United States. Environmental Protection Agency. Relative Risk Reduction Strategies Committee. Strategic Options Subcommittee,1990 **MX Missile Basing Mode** United States. Congress. Senate. Committee on Appropriations. Subcommittee on Military Construction,1980 *Carter's Conversion* Brian J. Auten,2008 When presidential candidate Jimmy Carter advocated defense budget cuts he did so not only to save money but also with the hope of eventually abolishing nuclear weapons Three years later when President Carter announced his support of full scale development of the MX missile and modernization of NATO's Long Range Theater Nuclear Force it marked a dramatic policy shift for his administration In light of Carter's cost cutting in the first year of his administration previous observers have attributed Carter's subsequent shift either to the shocks of 1979 the Soviet Union's move into Afghanistan and the seizure of power by Islamic revolutionaries in Iran or to domestic political pressure such as interest group activity executive legislative bargaining or interbureaucratic conflict Brian Auten now argues that these explanations only partially explain this midterm policy change In Carter's Conversion Auten reveals how strategic ideas and studies allied relations and arms control negotiations each worked to deflect Carter's initial defense stance away from the policy path suggested by the prevailing international military environment He also shows how the administration's MX and Long Range Theater Nuclear Force decisions subsequently hardened following significant adjustments to these three variables Employing the approach to international relations known as neoclassical realism Auten demonstrates that Carter reassessed his strategic thinking and revised his policy stance accordingly Integrating declassified documents interviews and private archives with a mountain of secondary sources he provides a historical analysis of defense policy transformation over the first three years of the Carter administration and a detailed examination of how Carter and his national security team addressed challenges posed by the expansion of Soviet military power Full of rich history and cogent analysis Carter's Conversion presents a wealth of detailed arguments about how Carter adjusted his policy outlook couched in a thorough understanding of weapons arms control dynamics and defense policy making As a revision of common interpretations it provides both an example of self correcting policy change and a realist argument about the end of superpower détente and the start of the Second Cold War Hearings on Military Posture and H.R. 6495 (H.R. 6974) ... Before the Committee on Armed Services, House of Representatives, Ninety-sixth Congress, Second Session: No distinctive title United States. Congress. House. Committee on Armed Services,1980 **How Digital Is Your Business?** Adrian J. Slywotzky,David

Morrison, Karl Weber, 2001-01-18 The biggest most important issue in business today becoming digital touches not only traditional enterprises but the most avant garde of Internet companies as well Old economy companies must take steps to avoid becoming victims of capitalism's creative destruction the unofficial system that flushes out the old to make way for the new For dot com companies the question is whether or not they are flash in the pan businesses with no long term prospects of profitability and customer loyalty Most of the early efforts to answer the question How digital is your business have been shrouded in techno speak a veritable Tower of Babel unconnected with the real needs of business Slywotzky and Morrison show first of all that becoming digital is not about any of the following having a great Web site setting up a separate e business having next generation software or wiring your workforce What they so creatively demonstrate is that a digital business is one whose strategic options have been transformed and significantly broadened by the use of digital technologies A digital business has strategic differentiation a business model that creates and captures profits in new ways and develops powerful new value propositions for customers and talent Above all a digital business is one that is unique How Digital Is Your Business is a groundbreaking book with universal appeal for everyone in the business world It offers Profiles of the future the in depth story of the digital pioneers Dell Computer Charles Schwab Cisco Systems Cemex Insight into how to change a traditional enterprise into a digital business the stories of GE and IBM An analysis of the profitable dot coms AOL Yahoo and eBay While How Digital Is Your Business has great stories and case studies its most invaluable central idea is that of digital business design and the array of powerful digital tools it offers for use in creating a digital future for your own company

Strategic Human Resource Management Nigel Bassett-Jones, 2023-01-25 This innovative text applies a systems theory perspective to strategic human resource management drawing particularly on the Viable System Model and soft systems methodology Readers are introduced to different ways of thinking about systems and shown how systems can interact triggering changes in the competitive environment and how HR systems can either facilitate or inhibit adaptation to these changes Peppered with international examples throughout this book considers key HR topics such as recruitment reward employment relations culture diversity and leadership all through a systems lens It shows how an understanding of system dynamics can help managers to recognise complexity accept the inevitability of short term systemic conflicts and anticipate the likely consequences This text will be suitable for upper level undergraduate postgraduate and MBA students of strategic HRM HRM and strategic management It will also be thought provoking for HR professionals looking to embrace a strategic role in their organizations

The Top Books of the Year Strategic Options For The Early Eighties The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Strategic Options For The Early Eighties : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Strategic Options For The Early Eighties : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
