Nursing in the European Union Sondra Z. Koff, 2017-07-05 Nursing in the European Union demonstrates how the European Union EU has refashioned the nursing world throughout the Member States via its power in many other policy domains Volume 1 focused on the EU s impact on nursing education regulation and research endeavours This volume focuses on real life situations and problems EU nurses face wages stress work environments and dispute resolution and places them in a comparative perspective In this unique work Sondra Z Koff develops a profile of nurses workplaces highlighting similarities and diversities challenges and nurses opinions Though it has limited formal authority in the health and health care sectors the EU has had a significant impact on the working life of these practitioners in areas such as employment options industrial relations and their outcomes organizational and environmental features of nurses workplaces collective action and more New policies and legalities are regulating the production distribution practices and organization of nursing according to supranational standards Koff helps to fill a gap in the literature given the dearth of comparative cross national book length studies of the nursing profession By adopting a framework focused on an institution policies and politics Koff addresses these topics from the perspective of multiple actors both national and international
