Cases on Survival and Sustainability Strategies of Social Entrepreneurs Oham, Charles, 2022-02-11 Social

enterprises often do business in a hostile business environment as they compete for market share with the private sector and address societal and governmental failures Strategy in social enterprises is concerned with the long term direction of the business and the implementation of short term objectives given their current operational challenges such as a lack of funding expertise skills knowledge etc Cases on Survival and Sustainability Strategies of Social Entrepreneurs focuses on how managers formulate a strategy to sustain the social enterprise venture and enable social entrepreneurs to understand and apply strategic management models whilst reviewing practical cases This book discusses effective strategies social enterprises can adopt to secure their long term future Covering topics such as adaptive leadership social innovation and sustainable development this book is ideal for social enterprise managers trustees of charities researchers academicians and students of social enterprises and management including business management

Handbook of Research on Social Entrepreneurship and Solidarity Economics Saiz-Álvarez, José Manuel, 2016-05-19 Education programs in social entrepreneurship helps to create and fill jobs devoted to developing the local economy which has become a dual transfer strategy by which a virtuous circle occurs between a retrofitted educational system based on social entrepreneurship and vocational students who are highly entrepreneurial The Handbook of Research on Social Entrepreneurship and Solidarity Economics focuses on practical experience and theoretical models for popularizing the concept of social entrepreneurship as a critical element of economic growth Emphasizing the ways in which social entrepreneurship benefits developing regions small and medium enterprises and low income communities this handbook of research is a pivotal reference source for professionals academics and graduate level students in the fields of economics business administration sociology education politics and international relations

The New Social Entrepreneurship Francesco Perrini, 2006-01-01 This book aims to define a novel conception of what social entrepreneurship SE actually is and what it is not starting from a sharp and focused vision of SE it entails innovations designed to explicitly improve societal well being housed within entrepreneurial organizations which initiate change in society In so doing it provides a critical and comprehensive framework for current and future research in the area Francesco Perrini adopts a novel approach to the SE phenomenon considering it as a dynamic process created and managed by innovative social entrepreneur an individual or team who strives to create new social values in the market and community at large By now SE has attained a wider and more enthusiastic acceptance in corporate thinking and practice than in the literature This double line of reasoning partly theoretical and partly practitioner based drives the bottom line of the book In the first part The New Social Entrepreneurship looks for a consistent answer to a muddle of still unresolved questions How can SE be defined How can SEVs be identified What are the main dimensions along which organizations vary and what factors lead to success What does success mean Does the way in which an SEV is designed matter Does it make sense to talk about a social business plan Is an SEV aligned with traditional sources of financing And so on In the second part the book changes perspective examining several practical examples of how

perspectives on SE are translated into concrete phenomena LocalFeed CafeDirect The Sekem Initiative Teleserinita the NYC Watershed Agreement and sustainable tourism in Turkey and so on They illustrate theoretical frameworks each enlightening specific aspects of SE and making theory and practice comparisons *Social Entrepreneurship in the Age of Atrocities*
