The Execution Premium Robert S. Kaplan, David P. Norton, 2008 The authors describe a multistage system that enables you to gain measurable benefits from your carefully formulated business strategy Drawing on extensive research and detailed case studies from a broad array of industries they present a systematic framework for achieving the financial results promised by your strategy

Strategy Maps Robert S. Kaplan, David P. Norton, 2004 The authors of The Balanced Scorecard and The Strategy Focused Organization present a blueprint any organization can follow to align processes people and information technology for superior performance

The Strategy-focused Organization Robert S. Kaplan, David P. Norton, 2001 In today's business environment strategy has never been more important Yet research shows that most companies fail to execute strategy successfully Behind this abysmal track record lies an undeniable fact many companies continue to use management processes top down financially driven and tactical that were designed to run yesterday's organizations Now the creators of the revolutionary performance management tool called the Balanced Scorecard introduce a new approach that makes strategy a continuous process owned not just by top management but by everyone In The Strategy Focused Organization Robert Kaplan and David Norton share the results of ten years of learning and research into more than 200 companies that have implemented the Balanced Scorecard Drawing from more than twenty in depth case studies including Mobil CIGNA Nova Scotia Power and AT T Canada Kaplan and Norton illustrate how Balanced Scorecard adopters have taken their groundbreaking tool to the next level These organizations have used the scorecard to create an entirely new performance management framework that puts strategy at the center of key management processes and systems Kaplan and Norton articulate the five key principles required for building Strategy Focused Organizations

- 1 translate the strategy to operational terms
- 2 align the organization to the strategy
- 3 make strategy everyone's everyday job
- 4 make strategy a continual process
- 5 mobilize change through strong effective leadership

The authors provide a detailed account of how a range of organizations in the private public and nonprofit sectors have deployed these principles to achieve breakthrough sustainable performance improvements Presenting a practical proven framework steeped in rich case study experience The Strategy Focused Organization helps solve a universal management problem not just how to formulate strategy but how to make it work Building on one of the most revolutionary business ideas of our time this important book shows how today's leaders can shape their own companies to meet the challenges and reap the rewards of a new competitive era Robert S Kaplan is the Marvin Bower Professor of Leadership Development at Harvard Business School David P Norton is President of Balanced Scorecard Collaborative Inc

The Handbook of Market Intelligence Hans Hedin,Irmeli Hirvensalo,Markko Vaarnas,2014-05-16 An important update to this roadmap for the development of a corporate intelligence program Market intelligence is the distinct discipline by which organisations systematically gather and process information about their external operating environment in order to facilitate accurate and confident decision making that is based on insight For companies to thrive in the global post recession marketplace their management needs future oriented business information The Handbook of Market Intelligence provides a one stop shop step by step roadmap for establishing conducting and further developing corporate intelligence programs within an organisation and then shows how organisations can turn market data into actionable insights Full of best practice advice from hundreds of real life international case studies Outlines the anticipated future trends in Strategic Market Intelligence based on unique global survey data Provides guidance on extracting relevant useful and accurate market information that can be used for successful business development

Business Process Management John Jeston,2014-01-21 Business Process Management a huge bestseller has helped thousands of leaders and BPM practitioners successfully implement BPM projects enabling them to add measurable value to their organizations The book s runaway success can be attributed partly to its overview of all major useful frameworks such as LEAN and Six Sigma without over investment in one over another and a unique emphasis on BPM s interrelationship with organizational management culture and leadership BPM is about people as much as processes Its common sense approach teaches how BPM must be well integrated across an entire business if it s to be successful augmented and aligned with other management disciplines This highly anticipated third edition brings Jeston and Nelis practicable frameworks and solutions up to date with the latest developments in BPM including the application of the frameworks to value driven BPM This thoroughly revised and updated new edition includes Enhanced pedagogy to help students learn and tutors use the book for their classes now includes learning outcomes chapter topics learning objectives highlighted key points chapter summaries critical discussion points and self test questions New and revised case studies throughout New chapters on questions that have become more crucial since the second edition s publication How should we start top down or bottom up Should we be customercentric How does BPM link to today s most pertinent management and technology issues What are the critical success factors Due to popular demand a new and expanded section on IT in BPM A brand new companion website including slides and assignment answers

Strategy Mapping for Learning Organizations Phil Jones,2016-04-01 How can we ensure our strategy will succeed especially in changing and uncertain times The answer as explained in Strategy Mapping for Learning Organizations is to become a more responsive organization one that captures its strategy in strategy maps learns from that strategy and can adapt to deliver results For anyone involved in managing strategy and performance applying the powerful strategy mapping techniques will move your balanced scorecard from an operational tool to one of strategy and change It will help you capture communicate and manage your strategy more effectively However strategy can no longer be simply a top down annual process It needs to

be more iterative emergent and involving Many agile organizations have adopted rolling plans and budgets To bring greater agility into the wider strategy and performance management processes requires the tools and techniques described in Strategy Mapping for Learning Organizations Phil Jones provides a detailed guide to developing rolling out and managing with modern strategy maps and scorecards building in agility and learning His book incorporates the latest strategic thinking and models It places the balanced scorecard in a wider governance context that includes the management of risk and environmental and social responsibility Fully illustrated with examples from many different organizations this book will help you deliver your strategy better Taking Ownership of Accreditation Amy Driscoll,Diane Cordero De Noriega,2023-07-03

This book demonstrates how a participatory approach to assessment and accreditation in their new forms creates a synergy for learner centered education It is a guide to approaching the accreditation process from a campus wide perspective of ownership illustrated by rich descriptions of how faculty students and administrators at California State University Monterey Bay engaged with and successfully focused their accreditation processes on the improvement of their practices The approach that the authors describe was driven by a commitment to go beyond satisfying the accreditation expectations so as to promote ongoing and long term improvement of student learning It also reflects the shift of responsibility for assessment within institutions from a designated office to individual faculty and staff entire departments and the campus as a whole The authors document strategies that are practical ready to use or adapt that are appropriate for all campuses They also provide guidelines for the documentation process that accreditation demands They demonstrate how they reduced traditional resistance to assessment by emphasizing its use for the improvement of student learning helping faculty with their own teaching and creating frameworks for continuing improvements that are valued by faculty The authors emphasize the need for every institution to take into account its unique mission vision and core values and to recognize the importance of individual departmental cultures Although their accreditation triggered CSUMB s engagement with assessment the authors discuss other opportunities for jump starting the process What Business Really Wants from IT Terry White,2007-03-30

Business expectations of their IT departments are simple Deliver IT without fuss get involved in achieving business results and provide leadership But while business emphasis is on business results and leadership IT is focused on the technology How to get your IT Department to Add Real Value to Business presents a practical framework that defines the roles and activities for the CIO to meet business expectations It introduces a new approach to IT in large organizations which shifts the focus from day to day technological operations to three critical areas of performance for IT IT management business results and information leadership The concepts are simple and elegant but the implementation is increasingly demanding However these changes are essential if in house IT functions are to survive and prosper in organizations The author s framework has already proven itself in changing business and IT perspectives significantly Large organisations have commenced the implementation process and are reporting significant results The book offers ground breaking perspectives on the role of IT

in organisations These perspectives are finding favour with business and IT people alike The book offers practical and anecdotal examples and plans to assist in implementing the framework BiSL® Next - A Framework for Business Information Management 2nd edition Brian Johnson, Gerard Wijers, Lucille van der Hagen, Walter Zondervan, 2018-08-22 This book describes the framework of the next generation of Business Information Services Library BiSL BiSL Next is a public domain standard for business information management with guiding principles good practices and practical templates It offers guidance for digitally engaged business leaders and those who collaborate with them with the ultimate goal to improve business performance through better use of information and technology Twelve elements four drivers four domains and four perspectives are the basis of the guidance in BiSL Next Target audience of this book are business managers business information managers business analysts CIO s and IT managers as well as consultants in this field While describing the twelve elements the book offers them insight in the best way to manage execute and profit from business information management in their enterprise The book is also the official literature for the BiSL Next Foundation exam
