Strategies for Growth in Religious Life

Gerald A Arbuckle, S.M, PH.D., Gerald A. Arbuckle, Walbert Buhhlmann, 1988-12 *The Reform of Renewal* Benedict C.F.R. Groeschel, 2011-04-11 This clear and unequivocal call for personal reform as the basis of authentic renewal in society and in the Church is rooted in several sources The work of an internationally recognized Biblical scholar Rudolph Schnackenburg is woven in with the observations of contemporary social critics as well as behavioral scientists The author does not spare anyone's feelings in an attempt at a critical and objective analysis of the serious problems of the Catholic Church and mainstream religious denominations in America This book definitively places the onus for reform on the individual Christian striving to follow the Gospel in our materialistic and selfish culture Because of its roots in Scripture and in the long history of reform in the Church this book offers the reader a well founded hope that the first signs of real renewal in the Church are beginning to appear Includes index Father Groeschel has written the book for the Church in the 90's He is right on target He has said clearly and prophetically what must be said before it is too late namely that all true Christian renewal must be rooted in personal ongoing conversion I found reading the book as valuable as making a retreat Father Richard Roach S J Marquette University By his frequent use of appealing concrete examples and comparisons Groeschel shows conclusively that true lasting renewal in the Church can only happen by continual repentance and reform in our individual lives Father Kenneth Baker Editor Homiletic and Pastoral Review **From Chaos To Mission** Gerald A. Arbuckle, 1996-01-10

Formation is a rite of passage or initiation ritual This book draws on the findings of social anthropological studies of initiation rituals and contemporary biblical studies of rites of passage Since initiation rituals are of critical importance in the life journeys of individuals and groups the book's central theme is relevant to educationalists and ritual leaders in the Church and secular society Most religious congregations founded since the thirteenth century were formed for prophetic ministry to a world in change yet for centuries before Vatican II their candidates were rarely trained explicitly for this task Through years of quasi indoctrination and voluntary incarceration they were taught in a monastic atmosphere of unchanging order that the world was evil and to be avoided Conformity to a theological ecclesiastical and pastoral status quo was the most esteemed value in a candidate This emphasis was contrary to the very nature of active religious life Religious must be prophetic challengers of the status quo within the Church and society Training for membership in active religious congregations therefore must now be radically reformed but there are no road maps available to direct educationalists in developing programmes that would stimulate candidates to be radically creative in ministry From Chaos to Mission creates a framework for radical thinking and practical action about the critical issue of formation of religious for mission today

Vision and Strategy for

Church Growth Waldo J. Werning, 1983 *A Strategy For Reaching Secular People* Ernan A. Norman, D. Min., 2007-05-11

Dr Ernan A Norman D Min has identified strategies to implement John 13:35. All people will know that you are my followers if you love each other. An excellent source for the essential principles of discipleship in a postmodern world. This book is written in nontechnical language based on the experiences as a student pastor and professor. I believe that the concepts presented are fundamental and are in harmony with the model demonstrated by Jesus during His ministry on earth. Meeting people at their level, putting their needs ahead of His own, treating people with respect, befriending the nonreligious and inviting them into a relationship with Himself are some of the concepts that are identified and supported as strategies for reaching secular people. This book is an outstanding and important piece of work and easily readable. I would urge *A Strategy for Reaching Secular People* on members and leaders in every church if they are willing to challenge basic assumptions and embrace change relative to reaching lost people. Strategies that remove the barriers that keep people from hearing about God's love and to create a warm, friendly, uncritical and non-judgmental attitude of acceptance are clearly presented. Full of practical how-to's and watch-outs, this book by Ernan Norman is for individuals serious about sharing the love of God. As we interact with and minister to secular people, matters such as marriage and family, academics, employment, addictions and human rights must be addressed. Norman clearly gives strategies for intentional efforts to reach secular postmodern men and women in our day. The central concept is the example of Jesus that we should follow. A must read. Weymouth Spence, Ed. D, President of Washington Adventist University.

Chapters cover such topics as religious and spiritual identity, its development and its relationship with one's personality, client God images, spiritually transcendent experiences, forgiveness and reconciliation and religion and spirituality in couples and families. Each concludes with clinical application questions and suggestions for further reading. This book is a must read for all those wishing to ground their clinical work in an empirical understanding of the role that religion and spirituality plays in the lives of their clients.

Worship as Community Drama Pierre Hegy, 2019-03-22. Church weddings, funerals and most Sunday services reflect the values and dramas of their communities even when the ministers are the main or sole actors. This point is illustrated by examples ranging from American television masses to the Zairean three-hour services in the Congo. Of greatest

interest to readers might be the Sunday services at ordinary parishes which also range from friendly but uninspiring to innovative and inviting There are also two exceptionally vital churches analyzed here an evangelical church in the Pentecostal tradition and a social justice parish in the tradition of Martin Luther King Jr Today one can hardly buy an item in a store or on the Internet without being asked for an evaluation yet church services are seldom evaluated There can be no improvement without evaluation This book proposes a method of evaluation in eight steps that must be rigorously scientific and at the same time offer a vision for spiritual growth The prophet Elijah found God in earthquakes and fire but most people find mystery through art music rhythm chanting expressive readings evocative rituals and enlightened homilies Today people expect mystagogy rather than routine performances Mystagogy can be learned and improved through evaluation to which this book desires to make a major contribution
