web reporting on training shrm - Apr 29 2022
reporting on training shrm is a process that involves the collection and analysis of data from training sessions in order to evaluate the effectiveness of the training program. This process is typically done by the training provider or a third party. The data collected can include information about the number of participants, the duration of the training, the topics covered, and the results of the training. This information can then be used to make decisions about the future of the training program.
