CHRISTENSEN**

Streetwise Race Class And Change In An Urban Community:

Streetwise Elijah Anderson, 2013-08-09 In a powerful revealing portrait of city life Anderson explores the dilemma of both blacks and whites the underclass and the middle class caught up in the new struggle not only for common ground prime real estate in a racially changing neighborhood but for shared moral community Blacks and whites from a variety of backgrounds speak candidly about their lives their differences and their battle for viable communities The sharpness of his observations and the simple clarity of his prose recommend his book far beyond an academic audience Vivid unflinching finely observed *Streetwise* is a powerful and intensely frightening picture of the inner city Tamar Jacoby New York Times Book Review The book is without peer in the urban sociology literature A first rate piece of social science and a very good read Glenn C Loury Washington Times

Race, Class, and the Struggle for Neighborhood in Washington, DC Nelson F. Kofie, 2015-11-17 First published in 1999 This case study examines how low income residents community leaders the Nation of Islam and the police joined forces to close down an open air drug market The research shows how a previously stable black community became severely destabilized and documents the efforts of community members to mobilize their neighbors around home ownership tenant empowerment and jobs Adopting a holistic perspective the author examines tensions between opportunities and constraints dictating the aspirations of individuals the historical factors influencing the course of events in their community and the agenda of various government and private agencies This three year ethnographic study observed the community's rejuvenation and the drastic reduction in drug related crimes antagonism between the police and the Nation of Islam and the demise of the HUD funded tenants home ownership initiative Ph D dissertation George Washington University 1996 revised with new preface introduction bibliography and index

Encyclopedia of Community DAVID LEVINSON, KAREN CHRISTENSEN, 2003-06-30 Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of *Bowling Alone* With every passing minute it becomes more and more apparent that our world is one community The *Encyclopedia of Community* serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The *Encyclopedia of Community* provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The *Encyclopedia* deserves a prime spot in the libraries homes and offices of

all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001

American politicians often pair the word community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake It is a major contribution to a more coherent understanding of this fundamental idea Robert Bellah Professor of Sociology Emeritus University of California Berkeley and co author of *Habits of the Heart* SAGE Publications is proud to announce the Encyclopedia of Community a major reference work that summarizes the many fascinating and important concepts of a global topic Community itself is a concept an experience and a central part of being human Whether the reader is a student researcher or professional in the field of psychology sociology or even economics this three volume work will provide the necessary definitions of community beyond traditional views Arranged in an A to Z fashion the Encyclopedia can also be viewed topically via a Reader s Guide This allows for interdisciplinary compare and contrast among topics such as types of communities social capital technology urban life politics and law community design and global studies Edited by the award winning team at Berkshire Reference and assisted by an editorial board of world renowned scholars the Encyclopedia of Community will prove to be one of the most widely used reference works in your collection

Key Features 500 signed articles 3 volumes 2000 pages Reader s Guide Master bibliography 250 sidebars Appendices Resource Guides Master Bibliography Libraries Build Community Libraries and Popular Culture

Race, Class, and the Postindustrial City Frank Harold Wilson, 2012-02-01 *Race Class and the Postindustrial City* thoroughly explores the scholarship of William Julius Wilson one of the nation s leading sociologists and public intellectuals and the controversies surrounding his work In addressing the connection between postindustrial cities and changing race relations the author who is not related to William Julius Wilson shows how Wilson has synthesized competing theories of race relations urban sociology and public policy into a refocused liberal analysis of postindustrial America Combining intellectual biography the sociology of knowledge and theoretical analyses of sociological debates relevant to African Americans this book provides both appraisal and critique ultimately assessing Wilson s contribution to the sociological canon

Criminality and the Modern Stephen Brauer, 2022-01-28 The emergence of the social sciences established in the mid to late nineteenth century had a substantial bearing on how researchers academics and eventually the general public thought about criminal behavior Using Modernism as a lens Stephen Brauer examines how these disciplines shaped Americans understanding of criminality in the twentieth century and how it provides a new way to think about culture social norms and ultimately laws In theory laws act as articulations and codifications of a community s beliefs values and principles By breaking laws criminals help us reinforce social norms by providing the opportunity to affirm what is believed

to be right By operating outside the bounds of acceptable behavior the criminal serves as a useful figure to understand what is at stake in the culture what the central issues of that culture might be and what the fears and anxieties are Criminality serves as a lens through which we can read ourselves and how the criminal operates as a cultural figure signifies the things we are negotiating in our lives and in our communities Brauer focuses on two main concepts central to the very concept of Modernism to explore criminality contingency the idea that the individual might not be in control of their own deviance and agency the notion that the criminal makes a conscious choice to use crime as a means of economic success The figure of the criminal is a powerful one and is key to exploring American twentieth century culture This book would be of interest to students and scholars in criminology sociology cultural studies literary studies history and many others **Color - Class -**

Identity John Arthur, Amy Shapiro, 2018-02-12 Three recent and dramatic national events have shattered the complacency of many people about progress however fitful in race relations in America The Clarence Thomas Anita Hill hearings the O J Simpson trial and the Million Man March of Louis Farrakhan have forced reconsideration of their assumptions about race and racial relations The Thomas Hill hearings exposed the complexity and volatility of perceptions about race and gender The sight of jubilant blacks and despondent whites reacting to the O J Simpson verdict shook our confidence in shared assumptions about equal protection under the law The image of hundreds of thousands of black men gathering in Washington in defense of their racial and cultural identity angered millions of whites and exposed divisions within the black community These events were unfolding at a time when there seemed to be considerable progress in fighting racial discrimination On the legal side discrimination has been eliminated in more and more arenas in theory if not always in practice Economically more and more blacks have moved into the middle class albeit while larger numbers have slipped further back into poverty Intellectually figures like Cornel West Henry Louis Gates Jr and Patricia J Williams are playing a central role as public intellectuals In the face of these disparate trends it is clear that Americans need to rethink their assumptions about race racial relations and inter racial communication Color Class Identity is the ideal tool to facilitate this process It provides a richly textured selection of readings from Du Bois Cornel West Derrick Bell and others as well as a range of responses to the particular controversies that are now dividing us Color Class Identity furthers these debates showing that the racial question is far more complex than it used to be it is no longer a simple matter of black versus white and racial mistrust A landmark anthology that will help advance understanding of the present unease not just between black and white but within each community this book will be useful in a broad range of courses on contemporary U S society W. E. B. Du Bois, Race, and the City Michael B. Katz, Thomas J. Sugrue, 1998-04-20 There is unanimity among these historians and sociologists in ascribing seminal importance to The Philadelphia Negro David Levering Lewis Journal of American History

Metropedagogy, 2006-01-01 What might it mean to develop a rigorous just and practical urban education Such a question takes on new importance in the middle of the first decade of the twenty first century as urban educators find

themselves besieged with test driven standardized curricula promoted in the name of fairness educational excellence and egalitarianism Those who promote these standardized curricula fail to account for the unique situations and needs of particular urban students When an urban curriculum is standardized the students suffering from the effects of poverty racial discrimination and other problems are less likely to receive the specific pedagogical help they need to overcome the effects of such impediments Such students have special needs Teachers need the curricular freedom the professional respect to address these special requirements Metropedagogy constructed as a critical pedagogy for urban education addresses these concerns This book will be very useful as a text in urban education at the graduate and the undergraduate level **Fifty**

Key Scholars in Black Social Thought Marie-Claude Jipguep-Akhtar, Nazneen M. Khan, 2024-10-15 **Fifty Key Scholars in Black Social Thought** is a collaborative volume that uplifts and explores the intellectual activism and scholarly contributions of Black social thinkers It implores readers to integrate the research of Black scholars into their teaching and research and fundamentally to rethink the dominant epistemological claims and philosophical underpinnings of the Western social sciences The volume features 50 chapters written by 55 scholars who explore the diverse contributions of notable Black thinkers both historical and contemporary Four thematic areas organize this work Black epistemology Black geopolitics Black oppression and resistance and Black families and communities Through a close analysis of the fifty thinkers presented here the chapters explore these themes while dismantling the whitewashed disciplinary histories methodologies and content that obscure and or subjugate the significance of Black social thought In addition to offering insightful and timely analysis each chapter offers suggested readings for readers who would like to dive deeper into the work of Black social thinkers This volume offers an accessible starting point for exploring the work of Black scholars past and present and their contributions to sociology and the social sciences more broadly It is useful to students academics practitioners and the lay public who are curious about Black social thought *Handbook of Social Justice in Education* William Ayers, Therese M. Quinn, David Stovall, 2009-06-02

The *Handbook of Social Justice in Education* a comprehensive and up to date review of the field addresses from multiple perspectives education theory research and practice in historical and ideological context with an emphasis on social movements for justice Each of the nine sections explores a primary theme of social justice and education Historical and Theoretical Perspectives International Perspectives on Social Justice in Education Race and Ethnicity Language and Identity Seeking Social Justice in Education Gender Sexuality and Social Justice in Education Bodies Disability and the Fight for Social Justice in Education Youth and Social Justice in Education Globalization Local and World Issues in Education The Politics of Social Justice Meets Practice Teacher Education and School Change Classrooms Pedagogy and Practicing Justice Timely and essential this is a must have volume for researchers professionals and students across the fields of educational foundations multicultural diversity education educational policy and curriculum and instruction
