*Striking Back* Peter Masters, 1997 Masters a member of 3 Troop 10 Commando a small British Army Commando unit comprised almost entirely of Jewish refugees discusses how the unit formed how members had to change their names and conceal their identities the elaborate and grueling training sessions which prepared them for their part in the D day invasion and numerous battles and reconnaissance missions offering glimpses into battlefronts in France Italy and Holland Annotation copyrighted by Book News Inc Portland OR

**Why I Became an X Troop Commando** Helen Fry, 2025-01-14 A fascinating and moving biography of Colin Anson the German refugee who became an elite British commando Born in Germany in 1922 Colin Anson s Claus Ascher childhood was marked by the trials of Nazism His father was arrested by the Gestapo in 1937 and transported to Dachau where he died shortly after Colin aged just seventeen escaped to Britain in the Kindertransport As soon as he was old enough Colin volunteered in the Pioneer Corps Then in 1942 he was recruited for the elite commando unit X Troop Colin took part in the invasions of Sicily and Italy in 1943 where he sustained a near fatal injury But just months later he returned to duty He fought in the Yugoslav islands became the first Allied soldier to liberate Corfu and was stationed in postwar Frankfurt In this unique biography Helen Fry traces the remarkable story of Colin s life Drawing on extensive interviews Fry recounts his actions in X Troop and beyond in his own words and sheds new light on the experience of refugees in the British forces

*The Fighting Fourth* James Dunning, 2010-06-17 Covering the legendary Lofoten and Dieppe raids the D Day landings and the capture of Flushing James Dunning recounts the history of No 4 Commando an elite wartime special service unit from formation in 1940 to disbandment five years later The author himself a Fighting Fourth veteran describes how 500 volunteers despite initial problems prejudices and frustrations developed into one of the most feared fighting formations of the Second World War The extraordinarily tough and unorthodox training undertaken by No 4 Commando prepared them for the raids of 1941 and 1942 their protracted involvement on D Day and for 83 days action in the struggle for Normandy Their last major operation was the storming and capture of the vital port of Flushing in November 1944 This readable and authoritative history of the unit reveals their important role in the Second World War

**Commandos in Exile** Nicholas van der Bijl, 2008-10-30 Formed from members of Free Forces who had escaped from German occupation 10 Inter Allied Commando was one of the most unusual units in WW2 All members had to pass the Green Beret commando course at Achnacarry in Scotland and the book begins by describing this training With no less than six national troops plus X Troop drawn from exiled Jews 10 Commando never

fought as an entity but loaned troops for specific operations such as One Troop French taking part in the Dieppe Raid 2 Troop Dutch fighting at Arnhem 5 Troop Norwegian raiding the Lofoten Islands etc At other times groups played a key intelligence role questioning POWs translating captured documents conducting reconnaissance patrols and intelligence gathering on the D Day beaches The history of X Commando made up of escaped Jewish individuals is especially interesting The book also reviews the growth of post war national Commando forces

**Churchill's German Special Forces** Paul Moorcraft, 2023-02-22 The existence of German speaking units fighting for the Allied cause during WW2 has remained largely a well kept secret But seventy five years on these units contribution to victory needs to be fully acknowledged Prime Minister Winston Churchill had no qualms about using native German speakers from Austria Poland Czechoslovakia and of course Germany itself The majority were Jews who had fled persecution Two examples of these secret units were X Troop Commandos and the Special Interrogation Group The SIG men deserve their legendary status They fought and often died wearing Wehrmacht uniform As this superbly researched book reveals that after infiltrating Field Marshal Rommel's Afrika Korps one detachment even drew Nazi pay Inevitably once the existence of SIG units became known their immediate execution on capture was ordered unless their temporary reprieve would reveal intelligence under torture We learn how Churchill's initiative was copied by both the Americans and the Russians Post war SIG and X Troop survivors joined British special forces or were used to hunt down Nazi war criminals All this and more is covered in this ground breaking book by a writer who is both a leading historian and foreign correspondent

**The Enemy I Knew** Steven Karras, 2009-10-15 Jewish refugees who fled the Nazis then returned to fight them as Allied soldiers share their experiences Heroic poignant and compelling The Daily News Even Holocaust survivor Elie Wiesel struggled with the question Why didn't the Jews fight back But he finally concluded that the real question was how so many of them did As he put it Tormented beaten starved where did they find the strength spiritual and physical to resist In fact over 10 000 German Jews fought in the Allied armies of World War II This book honors those European born combat veterans refugees from the Nazi regime in Germany and Austria who faced their persecutors by joining the Allied forces in a fight against the country of their birth These twenty seven interviews take us into the unique and harrowing experiences of brave men and one brave woman whose service restored a sense of dignity and allowed them to rise above their former victimization All burned with anger at the Germans who had subjected them often as young children to cruelty in everyday life in their hometowns and to ridicule in the national media As soldiers who knew the language and psychology of the enemy better than any of their comrades they struck back with newfound pride against the rampant injustice that had annihilated their families destroyed their prospects and subjected many of them to the worst forms of physical abuse both random and terrifying In *The Enemy I Knew* they tell their stories and the world is richer for their heroic acts and for their testimony It is rare to come across a book about a forgotten story from World War II but Steve Karras has found one of the most compelling little known accounts from the war and he tells it

brilliantly Harrowing breathtaking in parts and completely absorbing Andrew Carroll New York Times bestselling editor of War Letters Few stories can rival the ones told in The Enemy I Knew Library Journal starred review **D-Day** Jonathan Mayo,2014-05-27 Told in a purely chronological style this fascinating account vividly details the authentic stories of regular people caught up in the historical events of D Day June 6 1944 was a truly historic day but it was also a day where ordinary people found themselves in extraordinary situations Lieutenant Norman Poole jumped from a bomber surrounded by two hundred decoy dummy parachutists French baker Pierre Cardron led British paratroopers to his local church where he knew two German soldiers were hiding in the confessional Southampton telegram boy Tom Hiett delivered his first death message by midday At the sound of Allied aircraft Werner Kortenhaus of the twenty first Panzer Division ran to collect his still damp washing from a French laundrywoman And injured soldiers wept in their beds in a New York hospital knowing that their buddies lay dying on the Normandy beaches Drawing on memoirs diaries letters and oral accounts D Day is a purely chronological narrative concerned less with the military strategies and more with what people were thinking and doing as D Day unfolded minute by minute Moving seamlessly from various perspectives and stories D Day sets the reader in the midst of it all compelling us to relive this momentous day in world history **The King's Most Loyal Enemy Aliens** Helen Fry,2007-07-07 Most of the Germans and Austrians who fought with the British were Jews but a significant number were political opponents of the Nazi regime and so called degenerate artists They arrived in Britain between 1933 and 1939 and at the outbreak of war on 3 September 1939 became enemy aliens They volunteered to serve in the British forces donned the King s uniform swore allegiance to George VI and became affectionately known as the King s most loyal enemy aliens This compelling story includes previously unpublished interviews with veterans and an impressive selection of archive photographs many of which are reproduced for the first time German Schoolboy, British Commando Helen Fry,2010 Claus Ascher a German Jew managed to escape to Britain during the Second World War Changing his name to Colin Anson he joined the British army and was attached to the Royal Marine Commandos This book is a portrait of one man s extraordinary bravery and determination in the face of the Nazi regime
