

String Designs

Pat Brigandi

String Designs:

DIY String Art Jesse Dresbach, 2016-06-14 This isn't your summer camp string art. String art is making a comeback with seemingly endless new designs and author Jesse Dresbach's modern more flexible approach lets you methodically string away to your heart's content. This book is full of patterns simple to more intricate designs that help you quickly get to the fun part of the craft. The stringing Jesse walks you through his tool room and even includes tips on cutting and preparing the right size boards. He shares how to structure the nails using paper patterns and details several stringing techniques. **DIY String Art** includes simple geometrics, nature inspired motifs worked on tree slices, zodiac signs and even patterns for negative space string art where you fill in the entire board everywhere but inside the chosen motif. These are cool urban designs some with random string work some with faceted sections and still others with specific string paths to achieve more uniform results and they look amazing no matter where you hang them. Jesse's double wrap technique lets you add pronounced details and even create a string frame. He's thought of basically everything you need to know to string a gallery of modern art.

Stringology: Designs from String Pasquale De Marco, 2025-04-18 **Stringology Designs from String** is a comprehensive guide to the art of stringology, a versatile and accessible craft that has been enjoyed by people of all ages for centuries. Whether you are a complete beginner or an experienced stringologist, this book will provide you with everything you need to know to create beautiful and unique string designs. In this book, you will learn about the different types of string, how to tension and wind it, and how to create a variety of patterns and shapes. You will also learn how to use string to create three-dimensional sculptures, string art, jewelry, home decor, and toys. With clear instructions and step-by-step photographs, **Stringology Designs from String** will help you master the basics of stringology and inspire you to create your own unique string designs. Stringology is a versatile craft that can be used to create a wide range of projects, from simple string games to complex string sculptures. It is a great way to relax and de-stress, and it can also be used to create beautiful and unique gifts for friends and family. If you are looking for a new and exciting craft to try, stringology is a great option. With a little practice, you will be able to create beautiful and unique string designs that will impress your friends and family. So what are you waiting for? Pick up a copy of **Stringology Designs from String** today and start creating your own string masterpieces. In this book, you will learn: The different types of string and how to choose the right string for your project. How to tension and wind string. How to create a variety of string patterns and shapes. How to use string to create three-dimensional sculptures. How to create string art. How to make string jewelry. How to create string home decor. How to make string toys. **Stringology Designs from String** is the perfect book for anyone who wants to learn more about this versatile and accessible craft. With clear instructions and step-by-step photographs, this book will help you master the basics of stringology and inspire you to create your own unique string designs.
