The Admiralty Regrets:

The Admiralty Regrets Charles Esme Thornton Warren, James Benson, 1972 **'The Admiralty Regrets-'** Charles Esme Thornton Warren, James D. Benson, 1960 **"The Admiralty Regrets..."** C. E. T. Warren, James Benson, 1958 *The Admiralty Regrets* Paul Kemp, 1999 The Admiralty regrets is the phrase used in countless official communiques to announce the loss of one of HM ships Over 800 British warships have been lost in the 20th century in peace and in war The circumstances of each loss vary enormously some involve desperate heroism in battle while others are almost farcical and show something of the black humour which attends such occasions "The Admiralty Regrets ..." The Story of His Majesty's Submarine "Thetis" and "Thunderbolt," Etc. [With Plates.] Charles Esme Thornton Warren, James Benson, 1958 **"The Admiralty Regrets ..." The Story of His Majesty's Submarine "Thetis" and "Thunderbolt". [With Plates.]** Charles Esme Thornton WARREN (and BENSON (James) R.N.), James BENSON (R.N.), 1960 *"The Admiralty Regrets ..." The Story of His Majesty's Submarine "Thetis" and "Thunderbolt", Etc. With ... Plates [including Portraits and Facsimiles, Illustrations And] ... All Hands 1959 **Uncommon Courage** Julia Jones, 2022-03-17 An extraordinary account of heroism and sacrifice An unexpected and important story rivetingly told Rip roaring stuff Get this into the paws of the sea dog in your life Griff Rhys Jones A book that had to be written Let s Talk People ashore don t realise what a grim war we are waging at sea with the Germans A cold blooded war in a way I think requiring the maximum of bravery from the men of both sides in the long run as it is so ceaseless and intangible You just don t know whether the next moment will be your last Robert Hichens RNVSR Several years ago Julia Jones was searching through long forgotten items stored at her house and discovered some suitcases of old written material which turned out to be accounts by her father of his experiences in the RNVSR Royal Naval Volunteer Supplementary Reserve She realised that as a child she d met some of the people mentioned and although she was too young to truly know them these youthful impressions spurred her on to rediscovery and understanding In this absorbing book Julia tells the compelling stories of the yachtsmen Some were famous such as Sir Peter Scott others were wealthy such as August Courtauld who returned his pay to help with the war effort but the majority were just ordinary professionals such as publishers lawyers and advertising agents who signed up because they loved sailing Few could ever have dreamed that they would end up acting in areas that were so far beyond their normal lives as they found themselves commanding destroyers and submarines and undertaking covert missions of sabotage Some undertook the dangerous daily drudgery of minesweeping others tackled unexploded bombs engaged the enemy in high speed attacks or played key roles in Ian Fleming s famous intelligence commandos This varied crew of men were given tasks vital to the war effort requiring endurance

extraordinary bravery resourcefulness and quick thinking Some died in the process but for the ones who survived Julia asks how their experiences changed them Could their love of sailing and the sea survive the harsh realities of war **The Times Documentary History of the War: Naval, pt. 4** ,1920 **Beneath the Waves** A.S. Evans,2010-07-26 Since the beginning of the Royal Navy Submarine Service in 1901 173 submarines have been lost and in many circumstances with their entire crew War inevitably takes a heavy toll in World War Two alone 341 officer and 2 801 ratings failed to return to harbour The loss of personnel was roughly equivalent to the strength of the Submarine Arm at the outbreak of war Between the first loss A1 in 1904 and the last Artemis in 1971 lie many stories in which cool nerve was very much in evidence and one can marvel at the escape of the only survivor of Perseus and of the sinking of Olympus from which the few survivors had to swim seven miles before receiving help and of Surgeon Lieutenant Charles Rhodes who died that others may live These and many other accounts of submarine escape are described within this history and whenever possible in the words of survivors or witnesses

Warship 2024 ,2024-05-09 The 2024 edition of Warship the celebrated annual publication featuring original research on the history development and service of the world s warships For over 45 years Warship has been the leading annual resource on the design development and deployment of the world s combat ships Featuring a broad range of articles from a select panel of distinguished international contributors this latest volume combines original research new book reviews warship notes an image gallery and much more maintaining the impressive standards of scholarship and research with which Warship has become synonymous Detailed and accurate information is the hallmark of all the articles which are fully supported by plans data tables and stunning photographs This year s Warship includes features on Imperial Japan s Matsu and Tachibana destroyer classes the Italian CRDA midget submarines France s 1960s missile frigates Suffren and Duquesne and Germany s sailing raider of World War I Seeadler Chamber Divers Rachel Lance,2024-06-06 Fascinating a great historical military account and essential reading John Volanthen author of Thirteen Lives The untold story of the D Day scientists who changed special operations forever On the beaches of Normandy two summers before D Day the Allies attempted an all but forgotten landing Of the nearly seven thousand Allied troops sent ashore only a few hundred survived the terrible massacre and the reason for the debacle was a lack of reconnaissance The shore turned out to be impassable to tanks The Nazis had hidden obstacles in unexpected places The fortifications were more numerous and deadly than imagined The Allies knew they needed to take the fight to Hitler on the European mainland to end the war but they could not afford to be unprepared again A small group of eccentric researchers experimenting on themselves from inside pressure tanks in the middle of the London air raids explored the deadly science needed to enable the critical reconnaissance vessels and underwater breathing apparatuses that would enable the Allies dramatic history making success during the next major beach landing D Day

Wolf Jordan Vause,2017-02-15 Cultivated by the Allied press during the war and fostered by movies and novels ever since the image of a U boat skipper held by most Americans is the personification of evil the wolf who stalks innocents Quite

the opposite image is shared by U boat veterans and others sympathetic to their work the knight who endures unrivaled danger and fights nobly Yet another popular image depicts the submarine operator as a beleaguered sailor swept along by events beyond his control This book examines the lives of many U Bootwaffe officers including the famous and the not so well known to see if a pattern emerges Drawing on a wealth of primary documents and when possible interviews or correspondence with the U boat commanders themselves Jordan Vause follows individual officers from their youths and early naval training through their wartime experiences and into the often bitter peace that followed His close examination of their lives reveals that many were extremely different from the pictures typically drawn of them and as varied in their thoughts and actions as other fighting men on both sides of the war Particularly valuable is the author s use of new information in his portrayal of Karl Doenitz and other prominent commanders to correct and enhance pictures presented in earlier books His use of personal correspondence and unpublished manuscripts loaned to him in Germany adds special significance to this study and its appeal to all those interested in World War II submarines and the U Bootwaffe

1939: The Last Season

Anne de Courcy, 2012-12-20 A wonderful portrait of British upper class life in the Season of 1939 the last before the Second World War The Season of 1939 brought all those in Society to London The young debutante daughters of the upper classes were presented to the King and Queen to mark their acceptance into the new adult world of their parents They sparkled their way through a succession of balls and parties and sporting events The Season brought together influential people not only from Society but also from Government at the various events of the social calendar Prime Minister Neville Chamberlain chaperoned his debutante niece to weekend house parties Lord Halifax the Foreign Secretary lunched with the Headmaster of Eton Cabinet Ministers encountered foreign Ambassadors at balls in the houses of the great hostesses As the hot summer drew on the newspapers filled with ever more ominous reports of the relentless progress towards war There was nothing to do but wait and dance The last season of peace was nearly over
