The Culture of Adolescent Risk-taking Cynthia Lightfoot, 1997-03-14 Based on interviews with forty one teenagers Lightfoot argues that adolescent risk taking is necessary in establishing a sense of self and peer group identities Working With Adolescents Dr John Head, John Head, 2002-01-04 This work examines the way in which personality and identity of the pupil is shaped by his or her experiences in school The text considers the way in which teachers in secondary schools are working and to some extent living with adolescent pupils for the majority of time in their weekday waking lives The book examines to what extent teachers provide both positive and negative role models for pupils to follow the factors restricting the ability of teachers to teach effectively and conversely what factors work to their advantage The text provides an overview of the debates and research into areas of teaching children about controversial subjects such as sex and drugs gender differences identities peer groups relations with adults and beliefs and values *The Case Against Adolescence* Robert Epstein, 2007 This groundbreaking book argues that adolescence is an unnecessary period of life that people are better off without Robert Epstein former editor in chief of Psychology Today shows that teen turmoil is caused by outmoded systems put into place a century ago which destroyed the continuum between childhood and adulthood Where this continuum still exists in other countries there is no adolescence Isolated from adults American teens learn everything they know from their media dominated peers the last people on earth they should be learning from says Epstein Epstein explains that our teens are highly capable in some ways more capable than adults and argues strongly against infantilizing young people We must rediscover the adult in every teen he says by giving young people adult authority and responsibility as soon as they can demonstrate readiness This landmark book will change the thinking about teens for decades to come **A World Apart** Beth W. Gale, 2010 Many of the novels analyzed in this study enjoyed mitigated success in France when they were first

published and are all but forgotten today Societal conditions gave female writers secondary status and repressed the expression of subversive ideas regarding young women These novels mark the birth of French interest in the documentation and shaping of young female experience through literature Literary portrayals of the unique space of female adolescence reveal hopes and fears concerning the future gender relations social institutions and a country's place in the world **Freud in Oz** Kenneth B. Kidd, 2011-11-22 Shows how the acceptance of psychoanalysis owes a notable debt to the rise of kid lit

Current Catalog National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70 **Teen 2.0** Robert Epstein, 2010-02-24 National Indie Excellence Awards first prize in the Parenting and Family category Arguing that adolescence is an unnecessary period of life that people are better off without this groundbreaking study shows that teen confusion and hardships are caused by outmoded systems that were designed to destroy the continuum between childhood and adulthood Documenting how teens are isolated from adults and are forced to look to their media dominated peers for knowledge this discussion contends that by infantilizing young people society does irrevocable harm to their development and well being Instead parents teachers employers and others must rediscover the adults in young people by giving them authority and responsibility as soon as they exhibit readiness Teens are highly capable in some ways more than adults and this landmark discussion offers paths for reaching and enhancing the competence in America's youth **The Development of Children** Michael Cole, Sheila R. Cole, Cynthia Lightfoot, 2005 Development is best understood as a fusion of biological social and psychological processes interacting in the unique medium of human culture In this text the authors have tried to show not only the role of each of these factors considered separately but also how they interact in diverse cultural contexts to create whole unique human beings Pref Positive Psychological Approaches to Disaster Stefan E.
