The Making Of A Nation Biafra:

Biafra Arthur Agwuncha Nwankwo, Samuel Udochukwu Ifejika, 1969 *The Infinite Longing for Home* David C.L. Lim, 2005-01-01 *The Infinite Longing for Home* is a groundbreaking study of Ben Okri's and K S Maniam's literary problematization of home in relation to subjectivity and the nation within and beyond the context of Nigeria and Malaysia Drawing on Lacan, Iek Laclau and Mouffe and weaving through history politics philosophy and literature this book critically examines the motives and means by which peoples forced to live together in a country love and hate each other and overlook the truths about themselves their actions and beliefs It looks into why some embrace heterogeneity and open endedness while others are internally compelled to over identify passionately with their religion and race and to posit theirs as irreducibly distinct from and superior to others *The Infinite Longing for Home* also traces through Okri's and Maniam's writings a way out of today's political aporia a path to the re creation of a new society humbled and unified by the recognition of its participation in flawed humanity **Recognition in International Law** Stefan Talmon, 2021-10-18 The bibliography lists the literature and State practice on the question of recognition in international law for the last two hundred years It contains books and articles ie contributions to journals and other collected works such as *Festschriften* and *Encyclopaedias* as well as published and unpublished theses pamphlets compilations of diplomatic documents and case notes As many of the monographs on recognition in international law will not be available in all libraries book reviews have been included in the bibliography in order to enable the user to decide whether it may be advisable to order a certain work by inter library loan Its 4 500 entries are arranged systematically according to subject categories in fourteen main sections Each main section is further subdivided with ever increasing specificity into sub sections on codification codification attempts general studies studies of certain recognition questions and studies of specific recognition cases The bibliography employs a broad meaning of recognition It is not restricted to the question of status of an authority or entity in international law but encompasses also the question of relations with it As many of the recognition cases must be considered and can only be understood against their historic political and sometimes even economic background the bibliography includes not only purely legal treaties but also publications of a primarily historical political or economic content which incidentally deal with aspects of recognition in international law This is reflected by the titles of the 730 journals from more than 50 countries in 20 different languages which have been used to compile the bibliography The bibliography contains both an author and a comprehensive subject index to enable users to locate works of a particular writer or a specific problem **Africa** Army Library (U.S.), 1973

There Was a Country Chinua Achebe,2012-10-11 From the legendary author of Things Fall Apart comes a long-awaited memoir about coming of age with a fragile new nation then watching it torn asunder in a tragic civil war The defining experience of Chinua Achebe s life was the Nigerian civil war also known as the Biafran War of 1967-1970 The conflict was infamous for its savage impact on the Biafran people Chinua Achebe s people many of whom were starved to death after the Nigerian government blockaded their borders By then Chinua Achebe was already a world renowned novelist with a young family to protect He took the Biafran side in the conflict and served his government as a roving cultural ambassador from which vantage he absorbed the war s full horror Immediately after Achebe took refuge in an academic post in the United States and for more than forty years he has maintained a considered silence on the events of those terrible years addressing them only obliquely through his poetry Now decades in the making comes a towering reckoning with one of modern Africa s most fateful events from a writer whose words and courage have left an enduring stamp on world literature Achebe masterfully relates his experience both as he lived it and how he has come to understand it He begins his story with Nigeria s birth pangs and the story of his own upbringing as a man and as a writer so that we might come to understand the country s promise which turned to horror when the hot winds of hatred began to stir To read *There Was a Country* is to be powerfully reminded that artists have a particular obligation especially during a time of war All writers Achebe argues should be committed writers they should speak for their history their beliefs and their people Marrying history and memoir poetry and prose *There Was a Country* is a distillation of vivid firsthand observation and forty years of research and reflection Wise humane and authoritative it will stand as definitive and reinforce Achebe s place as one of the most vital literary and moral voices of our age The National Union Catalogs, 1963- ,1964 **Library of Congress Catalog** Library of Congress,1970 A cumulative list of works represented by Library of Congress printed cards **Joint Acquisitions List of Africana** ,1971
