The background of the book cover is a photograph. In the center, a person wearing a blue tactical vest, dark pants, and boots stands with their back to the camera, looking out over a beach. To the left, a large, abstract, light-colored sculpture of a face is partially visible. The sky is overcast and the water is calm.

shady than he could have ever suspected      *The Trail of the Serpent: A Novel* Mary Elizabeth Braddon, 2020-09-28 I don't suppose it rained harder in the good town of Slopperton on the Slosby than it rained anywhere else But it did rain There was scarcely an umbrella in Slopperton that could hold its own against the rain that came pouring down that November afternoon between the hours of four and five Every gutter in High Street Slopperton every gutter in Broad Street which was of course the narrowest street in New Street which by the same rule was the oldest street in East Street West Street Blue Dragon Street and Windmill Street every gutter in every one of these thoroughfares was a little Niagara with a maelstrom at the corner down which such small craft as bits of orange peel old boots and shoes scraps of paper and fragments of rag were absorbed as better ships have been in the great northern whirlpool That dingy stream the Slosby was swollen into a kind of dirty Mississippi and the graceful coal barges which adorned its bosom were stripped of the clothes lines and fluttering linen which usually were to be seen on their decks A bad determined black minded November day A day on which the fog shaped itself into a demon and lurked behind men's shoulders whispering into their ears Cut your throat you know you've got a razor and can't shave with it because you've been drinking and your hand shakes one little gash under the left ear and the business is done It's the best thing you can do It is really A day on which the rain the monotonous ceaseless persevering rain has a voice as it comes down and says Don't you think you could go melancholy mad Look at me be good enough to watch me for a couple of hours or so and think while you watch me of the girl who jilted you ten years ago and of what a much better man you would be to day if she had only loved you truly Oh I think if you'll only be so good as watch me you might really contrive to go mad Then again the wind What does the wind say as it comes cutting through the dark passage and stabbing you like a coward as it is in the back just between the shoulders what does it say Why it whistles in your ear a reminder of the little bottle of laudanum you've got upstairs which you had for your toothache last week and never used A foggy wet windy November day A bad day a dangerous day Keep us from bad thoughts to day and keep us out of the Police Reports next week Give us a glass of something hot and strong and a bit of something nice for supper and bear with us a little this day for if the strings of yonder piano an instrument fashioned on mechanical principles by mortal hands if they are depressed and slackened by the influence of damp and fog how do we know that there may not be some string in this more critical instrument the human mind not made on mechanical principles or by mortal hands a little out of order on this bad November day But of course bad influences can only come to bad men and of course he must be a very bad man whose spirits go up and down with every fluctuation of the weather glass Virtuous people no doubt are virtuous always and by no chance or change or trial or temptation can they ever become other than virtuous Therefore why should a wet day or a dark day depress them No they look out of the windows at houseless men and women and fatherless and motherless children wet through to the skin and thank Heaven that they are not as other men like good Christians punctual rate payers and unflinching church goers as they are Thus it was with Mr Jabez North assistant and usher at the academy of Dr Tappenden He was not in anyway

affected by fog rain or wind There was a fire at one end of the schoolroom and Allecompain Major had been fined sixpence and condemned to a page of Latin grammar for surreptitiously warming his worst chilblain at the bars thereof But Jabez North did not want to go near the fire though in his official capacity he might have done so ay even might have warmed his hands in moderation He was not cold or if he was cold he didn t mind being cold He was sitting at his desk mending pens and hearing six red nosed boys conjugate the verb Amare to love while the aforesaid boys were giving practical illustrations of the active verb to shiver and the passive ditto to be puzzled He was not only a good young man this Jabez North and he must have been a very good young man for his goodness was in almost every mouth in Slopperton indeed he was looked upon by many excellent old ladies as an incarnation of the adjective pious but he was rather a handsome young man also He had delicate features a pale fair complexion and as young women said very beautiful blue eyes only it was unfortunate that these eyes being according to report such a very beautiful colour had a shifting way with them and never looked at you long enough for you to find out their exact hue or their exact expression either He had also what was called a very fine head of fair curly hair and what some people considered a very fine head though it was a pity it shelved off on either side in the locality where prejudiced people place the organ of conscientiousness A professor of phrenology lecturing at Slopperton had declared Jabez North to be singularly wanting in that small virtue and had even gone so far as to hint that he had never met with a parallel case of deficiency in the entire moral region except in the skull of a very distinguished criminal who invited a friend to dinner and murdered him on the kitchen stairs while the first course was being dished But of course the Sloppertonians pronounced this professor to be an impostor and his art a piece of charlatanism as they were only too happy to pronounce any professor or any art that came in their way

**Transformations of the German Novel** Monique Rinere,2009 At the beginning of the eighteenth century the German literary establishment considered the novel the contemptible entertainment of the uneducated By the end of the century the novel had eclipsed the epic poem as the most appropriate genre for depicting humankind and its preoccupations The story of the novel s emergence as a respected and productive artistic genre is intimately bound up with the vicissitudes of the most popular of all German baroque works Hans Jacob Christoffel von Grimmelshausen s 1621 22 1676 Der abentheurliche Simplicissimus Deutsch 1668

69 Between 1756 and 1785 *Simplicissimus* quietly found its way into bookshops three times in radically different forms in adaptations that were not as critics have asserted arbitrary but quite purposeful This investigation discusses the ways in which this canonical text was reworked to reflect the thinking of leading and warring Enlightenment aestheticians At the genre war's end the novel emerged triumphant and *Simplicissimus* adaptations had been instrumental in securing the victory the multi faceted *Simplicissimus* had served as a vehicle for reifying theoretical positions in the conflicts For as the social and aesthetic climate shifted radically Grimmelshausen's work not only survived but took on new life in the most important literary campaign of the century

[The Experientiality of Narrative](#) Marco Caracciolo, 2014-07-28 Recent developments in cognitive narrative theory have called attention to readers' active participation in making sense of narrative However while most psychologically inspired models address interpreters' subpersonal i.e. unconscious responses the experiential level of their engagement with narrative remains relatively undertheorized Building on theories of experience and embodiment within today's second generation cognitive science and opening a dialogue with so-called enactivist philosophy this book sets out to explore how narrative experiences arise from the interaction between textual cues and readers' past experiences Caracciolo's study offers a phenomenologically inspired account of narrative spanning a wide gamut of responses such as the embodied dynamic of imagining a fictional world empathetic perspective taking in relating to characters and higher order evaluations and interpretations Only by placing a premium on how such modes of engagement are intertwined in experience Caracciolo argues can we do justice to narrative's psychological and existential impact on our lives These insights are illustrated through close readings of literary texts ranging from Zola's *Germinal* to Jos Saramago's *Blindness*
