## **The Achilles Heel:**

**The Death of Argument** J.H. Woods, 2013-11-09 The present work is a fair record of work I've done on the fallacies and related matters in the fifteen years since 1986 The book may be seen as a sequel to *Fallacies Selected papers* 1972 1982 which I wrote with Douglas Walton and which appeared in 1989 with Foris This time I am on my own Douglas Walton has long since found his own voice as the saying has it and so have I Both of us greatly value the time we spent performing duets but we also recognize the attractions of solo work If I had to characterize the difference that has manifested itself in our later work I would venture that Walton has strayed more and I less from what has come to be called the Woods Walton Approach to the study of fallacies Perhaps on reflection stray is not the word for it inasmuch as Walton's deviation from and my fidelity to the WWA are serious matters of methodological principle The WWA was always conceived of as a way of handling the analysis of various kinds of fallacious argument or reasoning It was a response to a particular challenge Hamblin 1970 The challenge was that since logicians had allowed the investigation of fallacious reasoning to fall into disgraceful disarray it was up to them to put things right Accordingly the WWA sought these repairs amidst the rich pluralisms of logic in the 1970s and beyond

**The Achilles Heel of God** Johnny Mays, 2009-02-17 The book's purpose is to offer you some thoughts to consider that God is truthful faithful and he does indeed have a divine purpose for your life If you are already a believer maybe it will be able to confirm your faith to a greater measure As the apostle Paul paints his picture concerning the reality of God this book will help you paint a picture for your life
