Volume 5. Doctrine and Covenants - Deception and Concoctions* Jim Whitefield,2012-02-15 Volume five in The Mormon Delusion series investigates the early Mormon Lectures of Faith comparing the doctrines of the time with the teachings of today which are entirely different It then analyses each Section of the Doctrine and Covenants while searching for Joseph Smith prophecies which are evaluated in terms of any evidence of fulfilment It will come as no surprise to learn that none

have any prophetic value or merit whatsoever However there is plenty of evidence of Smith s fraud scattered throughout the D C which is analysed at each stage

The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense

Revelations. Jim Whitefield,2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes

Ancient Texts And Mormonism

The REAL Answer to Critics of Mormonism Showing that Mormonism is a genuine restoration of Primitive Christianity Eugene Seaich,2014-07-29 Showing that Mormonism is a genuine restoration of Primitive Christianity To demonstrate to Latter Day Saints that Mormonism is what it exactly what it claims to be a genuine restoration of the Gospel Mormonism is an genuine restoration of the Gospel as it was taught by disciples of the Primitive Church This is important because through out the world Mormonism is labeled as a non scriptural non Christian cult which departs in alarming in alarming ways from the traditional concepts of the bible The claim that Mormonism is a cult and not a Christian religion is based on the fact that Mormonism accepts none of the traditional creeds of orthodoxy The chief difficulty with this assessment is that so called orthodoxy never existed before the fourth or fifth centuries until the Church s original teachings had been radically altered by Greek informed metaphysical concepts bearing little relationship to the thought of the earliest Christians

Jim Whitefield,2012-10-01 The fourth in The Mormon Delusion series tracks the Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith s original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter

Mormons Answered Verse by Verse John R. Farkas,David A. Reed,1992-02-01 One of the most thorough presentations in print on Mormon theology compares each teaching with what the Bible says Designed for quick reference

Mormonism and the Nature of God Kurt Widmer,2000 Until the latter part of the twentieth century Mormonism has been presented in scholarly reconstructions as a religion that has not changed significantly from its beginnings that presently

held beliefs existed as a central core of doctrine at the church's founding in 1830. The author argues instead that the development of Mormonism has been primarily due to external events: popular cultural, philosophical, religious, and scientific, and that these influences have led to the emergence of several streams of thought that are actually in opposition to the early beliefs of the church. Arguably, Mormonism can be seen as a reflection of the development of American society and culture from the early 1800s to the present. The major aim of this work is to establish a proper chronology for the development of Mormon thought specifically in its concept of the nature of God. The book contains a comprehensive bibliography and index.

Within the Maze Mrs. Henry Wood, 1880 Mormons John R. Farkas, David A. Reed, 1997-04-01 Provides the basic tools Christians need to understand the non-Christian teachings of Mormonism and the information they need for witnessing to them.

Dialogue, 1983 A journal of Mormon thought *Within the Maze* Ellen Wood, 1872 *Line Upon Line* Gary James Bergera, 1989 *Line Upon Line* brings together for the first time in one book some of the most thoughtful and compelling essays on Mormon doctrine and theology that have appeared in recent years. Among the contributors are Thomas G. Alexander, Peter C. Appleby, George Boyd, David John Buerger, Van Hale, Boyd Kirkland, Blake Ostler, Stephen L. Richards, Kent E. Robson, Thaddeus E. Shoemaker, Vern Swanson, Dan Vogel, and Linda P. Wilcox. For anyone who has assumed that Mormon doctrine appeared whole cloth in a single revelation, *Line Upon Line* is an important primer. No issue, however central to Latter-day Saint theology, is exempt from gradual development over time. This includes the nature of God, the progression of the soul, free agency, the possibility of repentance and forgiveness through a divine sacrifice, the creation of the world, evolution of the species, and the nature and origin of evil. In *Line Upon Line*, sixteen thoughtful, compelling essays offer reflective historical discussions of the development of Mormon doctrine from the statements of church leaders to the writings of LDS theologians to canonized scripture, rather than on the authors' personal speculations. Noting the relative strengths and weaknesses of various theological or doctrinal teachings due to limited human understanding, the contributors suggest that differences of opinion can indicate the presence of genuine and sincere faith that God's truth is nevertheless present in scriptural metaphor.
