Committee on the Judiciary, 1974 **The Administration of Justice in Assam (1826-1874)** Achyut Kumar Borthakur, 2019-01-15 Based on original sources this volume is a pioneering work in the study of the growth and development of judicial administration in Assam since the beginning of the East India Company's rule in the province till it was separated from the Bengal Presidency in 1874 In view of the fact that Assam had its own laws and codes different from those of other provinces of British India this work is unique and pioneering in its reach Assam was administered under non regulation system which had its origin in the neighbouring province of Bengal and was governed by a mixed system of local and regulation laws In the administration of civil justice the Bengal regulations were entirely dispensed with while in criminal administration the regulations were followed more or less Since the occupation of the province by the Company's government till 1837 the fundamental drawback of the entire judicial administration was the want of a definite code of law the absence of which confused the administrators in delivering justice It was only in 1837 that rules for the civil and criminal administration popularly known as the Assam Code were drafted and judicial administration in the province found a sound footing The presentation and analysis of the laws and codes prepared by the Government of Bengal in its executive capacity in consultation with the local authorities in Assam is the most distinctive feature of this comprehensive work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **Human Rights In The Administration Of Justice** United Nations. Humphrey, Michael E. Milakovich, 1981 Deference to the Administration in Judicial Review Guobin Zhu, 2019-11-23 This book investigates judicial deference to the administration in judicial review a concept and legal practice that can be found to a greater or lesser degree in every constitutional system In each system deference functions differently because the positioning of the judiciary

with regard to the separation of powers the role of the courts as a mechanism of checks and balances and the scope of judicial review differ In addition the way deference works within the constitutional system itself is complex multi faceted and often covert Although judicial deference to the administration is a topical theme in comparative administrative law a general examination of national systems is still lacking As such a theoretical and empirical review is called for Accordingly this book presents national reports from 15 jurisdictions ranging from Argentina Canada and the US to the EU Constituting the outcome of the 20th General Congress of the International Academy of Comparative Law held in Fukuoka Japan in July 2018 it offers a valuable and unique resource for the study of comparative administrative law
