Roman Egypt Livia Capponi,2011-01-27 Egypt is by far the best documented province of the Roman Empire The dryness of its climate means that an enormous number of literary and documentary papyri have survived a unique reliable and lively source that documents Egypt in more detail than any other Roman province Hitherto these have not been used extensively by Roman historians on the erroneous assumption that Egypt is somehow atypical as a Roman province However scholars now agree that Egypt should be devoted more attention by anyone interested in the history of the Roman Empire This book offers a first approach to the subject presenting a survey of the most important aspects of life in the province under Roman domination from the conquest by Octavian in 30 BC to the third century AD as they emerge from the micro level of the Egyptian papyri and inscriptions but also from the ancient literary sources such as Strabo Diodorus and Philo and from the most important archaeological discoveries **A Pattern for History** Arthur Reginald Marsden Lower,1978 *Class List*
