water This is a story of how they changed their living environment But where did they first live you might ask Well you ll just  
have to read the story to find out It is believed that folklore and tales are believed to have originated in India and made their  
way overland along the Silk and Spice routes and through Central Asia before arriving in Europe Even so this does not cover  
all folklore from all four corners of the world Indeed folklore legends and myths from Africa Australia and Polynesia are  
altogether quite different and seem to have originated on the whole from separate reservoirs of lore legend and culture This  
book also has a Where in the World Look it Up section where young readers are challenged to look up a place on a map  
somewhere in the world The place town or city is relevant to the story on map HINT use Google maps Baba Indaba is a  
fictitious Zulu storyteller who narrates children s stories from around the world Baba Indaba translates as Father of Stories
