## **The Kurds Caught Between Nations:**

*Contemporary Art, World Cinema, and Visual Culture* Hamid Keshmirshakan, 2019-03-29 Contemporary Art World Cinema and Visual Culture Essays by Hamid Dabashi is a collection of writings by the acclaimed cultural critic and scholar A thorough Introduction rigorously frames chapters and identifies in Dabashi's writings a comprehensive approach which forms the criteria for selecting the essays for the volume The Introduction also teases out of these essays the overarching theme that holds them together the manner they inform a particularly critical angle in them and the way they cohere The Introduction dwells on the work of one scholar public intellectual and theorist of modern and contemporary arts to extrapolate more universal issues of concern to art criticism in general These scattered materials and their underlying theoretical and critical logic are a unique contribution to the field of modern and contemporary arts **Kurdish Identity, Islamism, and Ottomanism** Deniz Ekici, 2021-03-23 A major common misconception in scholarship on Kurdish journalistic discourses is that Kurdish intellectuals of the late Ottoman period cannot be portrayed as Kurdish nationalists This theory prevails because of the belief that they not only endorsed and promoted Pan Islamism and Ottoman nationalism instead of Kurdish ethnic nationalism but also because they allegedly eschewed political demands and instead concerned themselves with ethno cultural issues to articulate forms of Kurdism rather than Kurdish nationalism Refuting this underlying misconstruction of the nexus between Pan Islamism Ottomanism and Kurdish nationalism this book argues based on empirical findings that the Kurdish periodicals of the late Ottoman period served as a communicative space in which Kurdish intellectuals negotiated and disseminated an unmistakable form of Kurdish nationalism It claims that hegemonic Ottomanist and Pan Islamist political thought were used in pragmatic ways in the service of burgeoning Kurdish nationalism but were rejected altogether when they were no longer useful to fostering Kurdish nationalism Self-Determination and Collective Responsibility in the Secessionist Struggle Costas Laoutides, 2016-03-03 The often violent emergence of new independent states following the end of the Cold War generated discussion about the normative grounds of territorial separatism A number of opposing approaches surfaced debating whether and under which circumstances there is a right for a community to secede from its host country Overwhelmingly these studies placed emphasis on the right to secession and neglected the moral stance of secessionist movements as agents in international relations In this book Costas Laoutides explores the collective moral agency involved in secessionist struggles offering a theoretical model for the collective responsibility of secessionist groups Case studies on the Kurds and the people of Moldova Transdniestria illustrate the author's theoretical arguments as he seeks to establish how although the principle of self determination was envisaged as a means of gradually bestowing political power upon the people it never managed to realize its full potential because it was interpreted strictly within a framework of exclusionary politics of identity **Turkey and the World** Sedat Laçiner, 2001 *Kurdish Awakening* Ofra Bengio, 2014-11-15 *Kurdish Awakening* examines key questions related to Kurdish nationalism and identity

formation in Syria Iraq Iran and Turkey The world s largest stateless ethnic group Kurds have steadily grown in importance as a political power in the Middle East particularly in light of the Arab Spring As a result Kurdish issues political cultural and historical alike have emerged as the subject of intense scholarly interest This book provides fresh ways of understanding the historical and sociopolitical underpinnings of the ongoing Kurdish awakening and its already significant impact on the region Rather than focusing on one state or angle this anthology fills a gap in the literature on the Kurds by providing a panoramic view of the Kurdish homeland s various parts The volume focuses on aspects of Kurdish nationalism and identity formation not addressed elsewhere including perspectives on literature gender and constitution making Further broad thematic essays include a discussion of the historical experiences of the Kurds from the time of their Islamization more than a millennium ago up until the modern era a comparison of the Kurdish experience with other ethno national movements and a treatment of the role of tribalism in modern nation building This collection is unique in its use of original sources in various languages The result is an analytically rich portrayal that sheds light on the Kurds prospects and the challenges they confront in a region undergoing sweeping upheavals

**The Sung Home. Narrative, Morality, and the Kurdish Nation** Wendelmoet Hamelink,2016-04-08 The Sung Home tells the story of Kurdish singer poets dengbajs in Kurdistan in Turkey who are specialized in the recital singing of historical songs After a long period of silence they returned to public life in the 2000s and are presented as guardians of history and culture Their lyrics life stories and live performances offer fascinating insights into cultural practices local politics and the contingencies of state borders Decades of oppression have deeply politicized and moralized cultural and musical production Through in depth ethnographic analysis Hamelink highlights the variety of personal and social narratives within a society in turmoil Set within the larger global stories of modernity nationalism and Orientalism this study reflects on different ideas about what it means to create a Kurdish home

**KURDS DANCING WITH WOLVES** STEVE TRUTH,2025-03-06 Justice in the Light of Conscience is the first volume in an ambitious and deeply reflective series The Kurds Dancing with Wolves a collection of selected political writings spanning from 1975 to 2010 This series will unfold across 8 to 10 volumes chronicling decades of thought struggle and the relentless pursuit of justice At its core it is a meditation on power oppression and the moral imperatives that shape the destinies of nations and individuals alike In this inaugural volume the author brings together articles written in 2009 alongside diary entries forming a compelling narrative that seeks to illuminate the Kurdish Turkish conflict through the lens of conscience and justice More than a political treatise this book is a philosophical inquiry into the very nature of justice its fragility in the hands of power its distortion under the weight of historical grievances and its indispensable role in forging a lasting peace Justice as explored in these pages is not merely a juridical concept nor is it the passive outcome of treaties and negotiations It is a living force an ethical compass that must guide societies if they are to transcend cycles of violence and retribution Yet history bears witness to the tragic paradox that those who most often invoke justice are the very ones who subvert it The law instead of serving as

an instrument of fairness frequently becomes the scaffold upon which the dreams of the oppressed are hung Democracy too is unmasked in this work as a double edged sword one that can liberate as easily as it can enslave depending on who wields it and how its principles are applied But this book is not merely a chronicle of injustice It is also a manifesto for peace not the fragile peace of silence and submission but a dynamic and courageous peace that acknowledges the wounds of the past and seeks to heal them through truth and reconciliation The author does not offer simplistic solutions or utopian visions but rather a deeply reasoned argument for why peace is both necessary and possible The articles dedicated to solutions go beyond theoretical musings they are a testament to the belief that understanding is the first step toward resolution and that the pursuit of peace is an obligation shared by all who claim to be part of humanity Justice in the Light of Conscience speaks to those who refuse to accept oppression as an inevitable feature of existence It is for the dissident and the dreamer the scholar and the activist the historian and the citizen who seeks to understand the forces that shape our world The writings contained within are neither neutral nor detached they are infused with the passion of lived experience and the unwavering conviction that justice though often obscured is never beyond reach As the first step in a broader intellectual and moral journey this volume lays the foundation for what is to come In the following books of *The Kurds Dance with Wolves* the author will continue to explore the intersections of history identity resistance and the unyielding quest for dignity But for now this book stands as both an invitation and a challenge to think to question and above all to never abandon the pursuit of justice

**The Kurds of Iraq** Mahir A. Aziz, 2011-01-30 Over ninety years since their absorption into the modern Iraqi state the Kurdish people of Iraq still remain an apparent anomaly in the modern world a nation without a state In *The Kurds of Iraq* Mahir Aziz explores this incongruity and asks the pertinent questions who are the Kurds today What is their relationship to the Iraqi state How do they perceive themselves and their prospective political future And in what way are they crucial for the stability of the Iraqi state In the wake of the Gulf War of 1991 in the face of the Iraqi state the Kurds endeavoured to create a de facto state and to concretise and stabilise the institutions that would enable this *The Kurds of Iraq* thus examines the creation evolution and development of Kurdish nationalism despite the suppression of its political and cultural manifestations Through extensive interviews in the field Aziz assesses the impact of recent history on the complex process of identity formation amongst Kurdish students at three of the nation's leading universities He provides an in depth examination of students socio economic backgrounds and their thoughts on and experiences of what it means to be Kurdish in the modern Iraqi state and the impact this has on their perception of their language culture and religion Aziz's invaluable and extensive field research furthermore serves as a point of departure for an investigation into the relationship between national identity and historical memory in Iraqi Kurdistan and beyond He thus analyses wider issues of the intersection and interdependency of national regional ethnic tribal and local identities He thus constructs an intimate portrait of the Kurds of Iraq which will provide an important insight for students and researchers of the Middle East and for those interested the important issues of

nationalism and ethnic identity in the modern nation state and the impact these issues have on the stability of Iraq itself

*The Passion and Death of Rahman the Kurd* Ellen Porter, Carol Prunhuber, 2010-01-07 It was in Paris in 1983 that I first met Abdul Rahman Ghassemlou. We were introduced at the Kurdish Institute where I was attending an art exhibition with the filmmaker Yilmaz Gney and his wife Fatosh. I had met Gney at the Cannes Film Festival in 1982. That year he had won the Golden Palm Award and the publicity that followed brought worldwide attention to the plight of the Kurdish nation. As a Venezuelan journalist, my limited impression of the Kurds was that they were fierce warriors who lived amongst distant mountains somewhere in the Middle East. Yilmaz Gney taught me about the free spirited Kurdish people, opening my eyes to the oppression they had endured for centuries. Their situation touched me deeply and I began to write articles on the Kurds for Venezuelan newspapers and magazines. One year later in Paris I found myself standing face to face with this sophisticated, charming and charismatic Middle Eastern leader of millions of Kurds in Iran. From *THE PASSION AND DEATH OF RAHMAN THE KURD*, Ghassemlou's lifelong wish was that of lasting peace for his people. He was the visionary and cultivated leader of the Iranian Kurdish revolutionary movement, brutally assassinated in 1989 while negotiating a peace accord for his people with Iran's government emissaries in Vienna. His light still shines upon the volatile politics of this remote Middle East region that continues to play prominently upon the world's political stage. Carol Prunhuber, writer and journalist with links to the Kurdish world since the early 1980s, knew Dr Ghassemlou and spent time in the Kurdish mountains with his guerrillas. *The Passion and Death of Rahman the Kurd* is an impassioned and meticulously documented investigation that vividly evokes the enthralling life and final days of this incomparable Kurdish leader. Kendal Nezan, president of the Kurdish Institute of Paris.

**The Kurds in Iran** Kerim Yildiz, Tanyel Taysi, 2007-02-20 This is one of the first comprehensive accounts of the situation of Kurds in Iran. The authors provide an overview of the issues facing Kurds within the country and the way they have been affected by geopolitical changes in Iran's neighbouring states. The book offers a historical overview of Iran's development since WW1 through to the revolution of 1979, the war with Iraq and the emergent state policy towards its Kurdish population. It provides a thorough critique of Iran's human rights record, especially for minorities and women. Yildiz and Taysi address Iran's relationship with its neighbours and the West, the implications of Ahmadinejad's rise to power and the impact of the Islamic state on human rights. They analyse Iran's prospects for the future and how the resolution of the Kurdish issue in Iran affects the future of the region as a whole, as well as Iran's international policy and relations.
