Manser, 1999 **The Penguin International Dictionary of Contemporary Biography** Edward Vernoff, Rima Shore, 2001 This essential reference contains more than 6 050 lively biographies of notable men and women living and dead who have made significant contributions to modern lives This rich storehouse of knowledge encompasses every important category of human endeavor including politics literature religion philosophy the arts and sciences business feminism journalism sports cinema and other aspects of popular culture Book Jacket *The New Masters of Capital* Timothy J. Sinclair, 2014-07-31 In *The New Masters of Capital* Timothy J Sinclair examines a key aspect of the global economy the rating agencies In the global economy trust is formalized in the daily operations of such firms as Moody's and Standard Poor's which continuously monitor the financial health of bond issuers ranging from private corporations to local and national governments Their judgments affect unimaginably large sums approximately 30 trillion in outstanding debt issues according to a recent Moody's estimate The difference between an AA and a BB rating may cost millions of dollars in interest payments or determine if a corporation or government can even issue bonds Without bond rating agencies there would be no standard means to compare risks in the global economy and international investment would be problematic Most observers assume that the agencies are neutral and scientific and that they interpret their role in narrowly economic terms But these agencies by their nature wield extraordinary power and exert massive influence over public policy Sinclair offers a highly accessible account of these institutions their origins and the rating processes they use to judge creditworthiness Illustrated with a wide range of cases this book offers a fresh assessment of the role of an often overlooked institution in the dynamics of modern global capitalism **The Penguin Concise Dictionary of Computing** Dick Pountain, 2003 This highly accessible dictionary is the ideal source of information on all aspects of the world and language of computers Covering terms from A20 gateto Zip drive via floppy disk matrixand Word for Windows The Concise Penguin Dictionary of Computing will be invaluable not only to experts including programmers and engineers but to anyone who owns or uses a computer and wishes to improve

their skills Explains fundamental computing concepts in detail using clear language Identifies and explains jargon abbreviations acronyms and slang as well as terms relating to the internet CD ROMs and numerous software packages Covers both Macs and PCs Takes account of the very latest developments *The Penguin Dictionary of Economics* Graham Bannock, Ron Eric Baxter, Evan Davis, 1992 *International Finance* Hal S. Scott, 2004 **Business Research Handbook** Shimpock, 2004-11-23 Business Research Handbook is the best strategic approach to research It gives you ready to adapt strategies that streamline and focus your information search complete with Procedures that progressively sift and regroup your research decision points that allow you to evaluate which steps remain The most cost effective ways to take advantage of today s electronic media resources Efficient ways to retrieve the information your search has located Easy to adapt sample research strategies are found throughout the book to help you confidently and quickly conduct your research in unfamiliar areas You will find that the Business Research Handbook is designed in a graphic user friendly format with easy to recognize icons as reference pointers and extensive lists of sources and material to help you obtain the information you need to Compile biographical information on key players or parties Investigate potential business partners or competitors Engage in marketing research Compile a company profile Locate expert witnesses and verify credentials And much more
