The European Ritual Football In The New Europe:

The European Ritual ANTHONY. KING, 2019-05-31 Football constitutes a vivid public ritual in contemporary European culture through which emergent social solidarities and new economic networks have come into being This fascinating and unique volume traces the transformation of European football from the 1950s to the present focusing in particular on the dramatic changes that have occurred in the last decade and linking them to the wider process of European integration The examination of football illuminates how the growing dominance of the free market has changed European society from an international order in which the nation state was dominant to a more complex transnational regime in which cities and regions are becoming more prominent than in the past The study is supported by detailed ethnographic accounts emerging from the author's fieldwork at Manchester United and interview data with some of the most important figures in European football at clubs including Juventus Milan Bayern Munich Schalke and Barcelona It also includes a highly topical examination of racism in European football

European Ritual Anthony King, 2003 Governance, Citizenship and the New European Football Championships Wolfram Manzenreiter, Georg Spitaler, 2013-09-13 Over the past decade European football has seen tremendous changes impacting upon its international framework as well as local traditions and national institutions Processes of Europeanization in the fields of economy and politics provided the background for transformations of the production and consumption of football on a transnational scale In the course of such rearrangements football tournaments like the UEFA Championship or the European Champions League turned into mega events and media spectacles attracting ever growing audiences The experience of participating in these events offers some of the very few occasions for the display and embodiment of identities within a European context This volume takes the 2008 EUROS hosted by Austria and Switzerland as a case study to analyze the political and cultural significance of the tournament from a multidisciplinary angle What are the special features and spatial arrangements of a UEFAesque Europe in comparison to alternative possibilities of a Europe Situating the sport tournament between interpretations of collective European ritual and European spectacle the key research question will ask what kind of Europe was represented in the cultural political and economic manifestations of the 2008 EUROS This book was published as a special issue of Soccer and Society

Transatlantic Relations after 1989 Małgorzata Zachara,2018-01-23 This volume brings together a number of scholars from a variety of disciplines to examine the phenomenon of the transformation of Poland within the context of regional and global power relations focusing in particular on analyses of the country s political and social development within the area of transatlantic relations It provides a distinct view on the current dynamics and future perspectives of the transatlantic alliance At a time when the story of Poland as the shining example of post Communist success and European integration has been interrupted several other leading narratives of the Western world also appear to be in danger western values cannot be considered to be universal the message of globalization has lost its power and the structure of the international order is described in increasingly delusional terms The study sheds light on features of Poland s performance on the regional scene and will stimulate discussion about the lessons that may be learned from the Polish experience by other states facing the challenges of transformation The last 25 years of Polish history represent the unquestioned success of this political concept Poland has become an independent actor able to take responsibility for its own future thanks to the favorable configuration of global powers and the support provided by international leaders Was this merely a historical episode that created an opportunity for one actor Can this scenario be repeated Under what conditions **Uniting Europe through Football** Jonas
