**Moravian Soundscapes** Sarah Justina Eyerly,2020-05-05 In *Moravian Soundscapes* Sarah Eyerly contends that the study of sound is integral to understanding the interactions between German Moravian missionaries and Native communities in early Pennsylvania In the mid 18th century when the frontier between settler and Native communities was a shifting spatial and cultural borderland sound mattered People listened carefully to each other and the world around them In Moravian communities cultures of hearing and listening encompassed and also superseded musical traditions such as song and hymnody Complex biophonic geophonic and anthrophonic acoustic environments or soundscapes characterized daily life in Moravian settlements such as Bethlehem Nain Gnadenh tten and Friedensh tten Through detailed analyses and historically informed recreations of Moravian communal environmental and religious soundscapes and their attendant hymn traditions *Moravian Soundscapes* explores how sounds musical and nonmusical human and nonhuman shaped the Moravians religious culture Combined with access to an interactive website that immerses the reader in mid 18th century Pennsylvania and framed with an autobiographical narrative *Moravian Soundscapes* recovers the roles of sound and music in Moravian communities and provides a road map for similar studies of other places and religious traditions in the future

*Encounters of the Spirit* Richard W. Pointer, 2007-09-28 Historians have long been aware that the encounter with Europeans affected all aspects of Native American life But were Indians the only ones changed by these cross cultural meetings Might the newcomers ways including their religious beliefs and practices have also been altered amid their myriad contacts with native peoples In *Encounters of the Spirit* Richard W Pointer takes up these intriguing questions in an innovative study of the religious encounter between Indians and Euro Americans in early America Exploring a series of episodes across the three centuries of the colonial era and stretching from New Spain to New France and the English settlements he finds that the flow of cultural influence was more often reciprocal than unidirectional Protestant Pentecostalism in Latin America Karl-Wilhelm Westmeier, 1999 This book is a theological missiological study on the intercultural communication of Faith drawing heavily from anthropological sociological and historical sources The book is helpful to church workers in Latin America to colleagues who teach both on college and seminary levels to scholars who research the phenomenon of Latin American Protestantism to students to Latin American studies and in religion and culture in general *A Biographical Study of Ingwer Ludwig Nommensen, 1834-1918* Martin E. Lehmann, 1996 Based on primary and secondary sources this study evaluates Nommensen's basic beliefs his missionary methods collegial spirit and his strategy from missiological ecclesial and sociological perspectives The Encyclopedia of New York State Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York's varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state's diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state's past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State **From Homeland to New Land** William A. Starna, 2020-03-09 This history of the Mahicans begins

with the appearance of Europeans on the Hudson River in 1609 and ends with the removal of these Native people to Wisconsin in the 1830s Marshaling the methods of history ethnology and archaeology William A Starna describes as comprehensively as the sources allow the Mahicans while in their Hudson and Housatonic Valley homel after their consolidation at the praying town of Stockbridge Massachusetts and following their move to Oneida country in central New York at the end of the Revolution and their migration west The emphasis throughout this book is on describing and placing into historical context Mahican relations with surrounding Native groups the Munsees of the lower Hudson eastern Iroquoians and the St Lawrence and New England Algonquians Starna also examines the Mahicans interactions with Dutch English and French interlopers The first and most transformative of these encounters was with the Dutch and the trade in furs which ushered in culture change and the loss of Mahican lands The Dutch presence along with the new economy worked to unsettle political alliances in the region that while leading to new alignments often engendered rivalries and war The result is an outstanding examination of the historical record that will become the definitive work on the Mahican people from the colonial period to the Removal Era

Religion and Profit Katherine Carté Engel, 2013-03-26 The Moravians a Protestant sect founded in 1727 by Count Nikolaus Ludwig von Zinzendorf and based in Germany were key players in the rise of international evangelicalism In 1741 after planting communities on the frontiers of empires throughout the Atlantic world they settled the communitarian enclave of Bethlehem Pennsylvania in order to spread the Gospel to thousands of nearby colonists and Native Americans In time the Moravians became some of early America s most successful missionaries Such vast projects demanded vast sums Bethlehem s Moravians supported their work through financial savvy and an efficient brand of communalism Moravian commercial networks stretching from the Pennsylvania backcountry to Europe s financial capitals also facilitated their efforts Missionary outreach and commerce went hand in hand for this group making it impossible to understand the Moravians religious work without appreciating their sophisticated economic practices as well Of course making money in a manner that be fitted a Christian organization required considerable effort but it was a balancing act that Moravian leaders embraced with vigor Religion and Profit traces the Moravians evolving mission projects their strategies for supporting those missions and their gradual integration into the society of eighteenth century North America Katherine Cart Engel demonstrates the complex influence Moravian religious life had on the group s economic practices and argues that the imperial conflict between Euro Americans and Native Americans and not the growth of capitalism or a process of secularization ultimately reconfigured the circumstances of missionary work for the Moravians altering their religious lives and economic practices

**Tears of Repentance** Julius H. Rubin, 2013-07-01 Tears of Repentance revisits and reexamines the familiar stories of intercultural encounters between Protestant missionaries and Native peoples in southern New England from the seventeenth to the early nineteenth centuries Focusing on Protestant missionaries accounts of their ideals purposes and goals among the Native communities they served and of the religion as

lived experienced and practiced among Christianized Indians Julius H Rubin offers a new way of understanding the motives and motivations of those who lived in New England's early Christianized Indian village communities Rubin explores how Christian Indians recast Protestant theology into an Indianized quest for salvation from their worldly troubles and toward the promise of an otherworldly paradise The Great Awakening of the eighteenth century reveals how evangelical pietism transformed religious identities and communities and gave rise to the sublime hope that New Born Indians were children of God who might effectively contest colonialism With this dream unfulfilled the exodus from New England to Brothertown envisioned a separatist Christian Indian commonwealth on the borderlands of America after the Revolution Tears of Repentance is an important contribution to American colonial and Native American history offering new ways of examining how Native groups and individuals recast Protestant theology to restore their Native communities and cultures *Early American Indian Documents* Alden T. Vaughan, 1979 The Blackwell Companion to Religion in America Philip Goff, 2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment The Financial Aspects of John Wesley's British Methodism (1720-1791) Samuel J.
