The Evasive Peace A Study Of The Zionist Arab Problem:

The Evasive Peace John Herbert Davis, 1970 *"The" Evasive Peace* John H. Davis, 1969 *The Evasive Peace* John Herbert Davis, 1970 *The Palestinian Refugees in Jordan 1948-1957* Avi Plascov, 2017-05-18 There is perhaps no aspect of the Arab Israeli conflict that is more complex and more emotionally charged than the problem of the Palestinian refugees The atmosphere surrounding the discussion has led to confusion so that the facts have become unclear and the problems more difficult to treat This book first published in 1981 examines the complex interlocking issues that surround the topic of the Palestinian refugees in the country that adopted most of them Jordan **The A to Z of the Arab-Israeli Conflict** P R Kumaraswamy, 2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves **Oil, The Arab-Israeli Dispute, And The Industrial World** J. C. Hurewitz, 2019-03-04 This book is the product of a multinational project sponsored by the Middle East Institute of Columbia University in cooperation with the World Peace Foundation Boston the Atlantic Institute for International Affairs Paris and the Asia Pacific Association of Japan Tokyo It focuses on the principal unresolved issues of the energy crisis t *Whose Promised Land?* Colin Chapman, 2024-10-07 The go to text for Christians and others wanting to understand what is really happening in the Middle East Jeremy Moodey former Chief Executive Embrace the Middle East The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost eighty years and shows no sign of ending With two peoples claiming the same piece of land for different reasons it remains a huge political and humanitarian problem Can it ever be resolved If so how These are the basic questions addressed in this revised and expanded sixth edition of Colin Chapman s highly acclaimed book Having lived and worked in the Middle East at various times since 1968 Chapman explains the roots of the problem and outlines the arguments of the main parties involved He also explores the theme of land in the Old and New Testaments discussing legitimate and illegitimate ways of using the Bible in relation to the conflict This new and fully updated edition covers developments over the past ten years including the war that broke out between Israel and Hamas in October 2023 *The Hidden History of the Balfour Declaration* Sahar Huneidi, 2019-06-27 Contained on a single page the Balfour Declaration was sent by Arthur Balfour the British Foreign Secretary to Lord Rothschild a leader of the British Jewish community in November 1917 It read in part His Majesty s

Government view with favour the establishment in Palestine of a national home for the Jewish people This brief missive was to be critical in determining the history of the Middle East from the creation of the state of Israel in 1948 to the present day And yet despite its importance the true origins of the Declaration remain obscure The Declaration Sahar Huneidi observes was a work of carefully crafted ambiguity It was this deliberate openness that allowed the British government years later to reshape its meaning and even the history of its drafting to support specific foreign policy ends This process Huneidi argues was facilitated by a subsequent document a little known handwritten memo by the Under Secretary of the Colonial Office William Ormsby Gore recounting from memory discussions surrounding the Declaration s drafting Employing careful detective work and a rich knowledge of the subject matter Huneidi reveals how faced with a paucity of official records Ormsby Gore s account became the basis for a decision on Palestine that had devastating consequences for the stability of the region This concise eloquent book provides a vivid case study of the rewriting and repurposing of history and compellingly recontextualizes the ongoing struggles of Israel Palestine Sahar Huneidi has a BA in Political Science from the American University of Beirut and a Ph D from the University of Manchester where her thesis formed the basis of her subsequent published work on Herbert Samuel She has contributed numerous articles to academic journals and has edited studies on Israel Palestine She has also received diploma certificates in art history from Christie s Education She is the director of East West Publishing and lives mainly in London

The War of Return Adi Schwartz, Einat Wilf, 2020-04-28 Two prominent Israeli liberals argue that for the conflict between Israel and the Palestinians to end with peace Palestinians must come to terms with the fact that there will be no right of return In 1948 seven hundred thousand Palestinians were forced out of their homes by the first Arab Israeli War More than seventy years later most of their houses are long gone but millions of their descendants are still registered as refugees with many living in refugee camps This group unlike countless others that were displaced in the aftermath of World War II and other conflicts has remained unsettled demanding to settle in the state of Israel Their belief in a right of return is one of the largest obstacles to successful diplomacy and lasting peace in the region In *The War of Return* Adi Schwartz and Einat Wilf both liberal Israelis supportive of a two state solution reveal the origins of the idea of a right of return and explain how UNRWA the very agency charged with finding a solution for the refugees gave in to Palestinian Arab and international political pressure to create a permanent refugee problem They argue that this Palestinian demand for a right of return has no legal or moral basis and make an impassioned plea for the US the UN and the EU to recognize this fact for the good of Israelis and Palestinians alike A runaway bestseller in Israel the first English translation of *The War of Return* is certain to spark lively debate throughout America and abroad

The Unmaking of the Middle East Jeremy Salt, 2008-07-09 Devastating in its portrayal of the depths to which the West France Britain and the US especially sank in conquering the Middle East Starting off with Huntington s quote about Islam s bloody borders Salt argues that it was the West that made these borders bloody though in the process it had no trouble finding native accomplices who

helped wittingly or not Mehran Kamrava author of *The Modern Middle East* This will be of much use to general readers who are ill served by the preponderance of books in the marketplace that explain political events by recourse to stereotypical representations of Arabs and Islam while neglecting important historical events that define current political and social reality in the region None of the general history books on the Middle East offer comparable comprehensive details Joseph A Massad author of *Desiring Arabs* This excellent book is comprehensive in scope scholarly and yet highly readable Focusing on the damaging role of western policy in the Middle East well exemplified in the current debacle in Iraq It will be essential reading for students and historians of the region Ghada Karmi author of *Married to Another Man* Israel's Dilemma in Palestine Salt makes it abundantly clear that when it comes to the Middle East the West talks idealistically and acts brutally This excellent book should be required reading for future American policymakers thinking about invading another Arab or Islamic country John J Mearsheimer R Wendell Harrison Distinguished Service Professor of Political Science at the University of Chicago

Conflict in the Middle East P.J. Vatikiotis, 2016-07-22 The Middle East is a continuing crisis area in world politics This crisp and penetrating book first published in 1971 analyses the historical development of the major issues in Arab politics explains the conflicting interests now at stake in the Middle East and how the politics of the area were likely to develop It examines among other topics the Palestine Liberation Movement the prospects for Arab unity and Great Power interference and was written by one of the world's leading scholars writing on the Middle East **Refuge and Resistance** Anne Irfan, 2023-07-18 Shortlisted 2024 Academic Book Award Palestine Book Awards In the decades after World War II the United Nations established a global refugee regime that became central to the lives of displaced people around the world This regime has exerted particular authority over Palestinian refugees who are served by a specialized UN body the Relief and Works Agency UNRWA Formed shortly after the 1948 war UNRWA continues to provide quasi state services such as education and health care to Palestinian refugee communities in the Middle East today This book is a groundbreaking international history of Palestinian refugee politics Anne Irfan traces the history and politics of UNRWA's interactions with Palestinian communities particularly in the refugee camps where it functioned as a surrogate state She shows how Palestinian refugees invoked internationalist norms to demand their political rights while resisting the UN's categorization of their plight as an apolitical humanitarian issue *Refuge and Resistance* foregrounds how nonelite activism shaped the Palestinian campaign for international recognition showing that engagement with world politics was driven as much by the refugee grass roots as by the upper echelons of the Palestine Liberation Organization It demonstrates that refugee groups are important actors in global politics not simply aid recipients Recasting modern Palestinian history through the lens of refugee camps and communities *Refuge and Resistance* offers vital new perspectives for understanding politics beyond the nation state Encounter ,1968 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1977 The Spectator ,1969 The Bookseller ,1968 Vols for 1871 76 1913 14 include an extra number The Christmas

bookseller separately paged and not included in the consecutive numbering of the regular series *Historical Dictionary of the Arab-Israeli Conflict* P R Kumaraswamy, 2015-10-08 Competing Jewish and Arab national claims over the Holy Land form the core of the Arab Israeli conflict thereby transforming it into the most intensely fought struggles in the history of humanity The conflict evokes unparalleled passion and hostility not only among its immediate participants and neighbors but also in the wider international community The involvement of three principal monotheistic religions makes the conflict a truly universal contestation As a result it often contributes to bouts of violence turmoil and terrorism in the Middle East and beyond This second edition of *Historical Dictionary of the Arab Israeli Conflict* covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries important events key personalities official positions of principal states and the UN and other efforts to find a peaceful settlement This book is an excellent access point for students researchers and anyone wanting to know more about this conflict

La historia oculta de la creación del estado de Israel Alison Weir, 2021-06-14 Poco después de la Segunda Guerra Mundial el secretario de Estado norteamericano Dean Acheson advirtió de que la creación de un Estado judío en tierras ya habitadas durante siglos por musulmanes y cristianos pondría en peligro tanto los intereses estadounidenses como los occidentales en la región A pesar de advertencias como esta y las enérgicas objeciones de los principales expertos diplomáticos y militares de la época el presidente Truman apoyó el establecimiento del Israel moderno en territorio palestino Como demuestra Weir los políticos norteamericanos fueron bombardeados por un enorme cabildeo proisrael dirigido desde organizaciones sionistas bien financiadas hasta una sociedad secreta entre cuyos miembros estaba el juez del Tribunal Supremo Louis Brandeis La historia de cómo los sionistas manipularon al Gobierno y los medios de comunicación estadounidenses para promover los intereses de Israel permanece oculta al público en general apenas existe bibliografía Quienes han tratado de llevar esta información al gran público han sufrido ataques verbales y amenazas económicas que rápidamente silencian el mensaje y a menudo destruyen al mensajero Pero el libro de Weir ofrece una respuesta inequívoca Estados Unidos tuvo un papel fundamental en la creación del Estado judío en las tierras árabes de Palestina a expensas de sus habitantes y de sus propios intereses *The Israel-Palestine Discussion in a Moderately Biased Sampling of Titles*, 1970
