

HUMANISTIC LANGUAGE TEACHING (1975)

Humanistic language teaching is an approach based on the principle that the whole being, emotional and social, needs to be engaged in learning, not just the mind should be involved in learning a language

the silent way

✓ The teacher should be silent and the learner should produce language

✓ the learner is a principal actor rather than a bench-bound listener

Suggestopedia method

✓ teachers make sure that they must create a relaxing and comfortable environment through music

✓ The educator must speak confidently and give the students the impression that learning the target language will be fun and easy.

community language learning

✓ Learning happens when students don't feel threatened

✓ Teacher similar to a counsellor
