Anyone reading English translations of Buddhist texts will encounter a host of names terms and phrases whose meanings are not clear even though they appear in English Buddhism is famous for its specialized terminology and translation alone may not communicate its full meaning East Asian Buddhist diction is layered with several languages Pali Sanskrit Chinese and Japanese and the only way to make one's way through this linguistic maze without getting lost is with the aid of a good dictionary The Soka Gakkai Dictionary of Buddhism a revised and expanded version of A Dictionary of Buddhist Terms and Concepts 1983 is a welcome addition that serves this purpose Written clearly for the general reader the Dictionary contains over 2 700 entries While it is designed primarily for use with the Soka Gakkai's translations of Nichiren's works the Dictionary contains a wealth of terms found in all other traditions of Buddhism Definitions are given for technical terms historical figures doctrinal texts institutions and place names The entries provide complete cross references so that readers may know and further pursue meanings of term equivalents as rendered in other ways or languages Ten appendixes provide maps and word lists that enable the reader to find terms in English Pali Sanskrit Chinese or Japanese Like all Buddhist masters Nichiren presented his particular message in the wider context of other Buddhist teachings and practices To know the particular one must also understand the general context and the Dictionary in addressing both levels provides essential knowledge not only for students of Nichiren Buddhism but for anyone reading Buddhist texts *The Lalita Vistara* Mitra, 1881 *The Lalita-vistara*, 1881 **The Sacred Books of the East** Friedrich Max Müller, 1894 *The History of the Buddha's Relic Shrine* Parākrama Paṇḍita, Stephen C. Berkwitz, 2007

Buddhist chronicles have long been had a central place in the study of Buddhism Scholars however have relied almost exclusively on Pali works that were composed by elites for learned audiences to the neglect of a large number of Buddhist histories written in local languages for popular consumption The Sinhala Thupavamsa composed by Parakama Pandita in thirteenth century Sri Lanka is an important example of a Buddhist chronicle written in the vernacular Sinhala language Furthermore it is among those works that inform

public discussion and debate over the place of Buddhism in the Sri Lankan nation state and the role of Buddhist monks in contemporary politics In this book Stephen Berkwitz offers the first complete English translation of the Sinhala Thupavamsa Composed in a literary dialect of Sinhala it contains a richly descriptive account of how Buddhism spread outside of India replete with poetic embellishments and interpolations not found in other accounts of those events Aside from being an important literary work the Sinhala Thupavamsa is a text of considerable historical and religious significance It comprises several narrative strands that relate the life story of the Buddha and the manner in which Buddhist teachings and institutions were established on the island of Sri Lanka in ancient times The central focus of this work concerns the variety of relics associated with the historical Buddha particularly how the relics were acquired and the presumed benefits of venerating them The text also relates the mythological history of the Buddha's previous lives as a bodhisattva and concludes with a prediction about the future Buddha Maitreya Reflection on Buddhist ethics and instruction on the Dharma or the Buddha's teaching are found throughout the work indicating that this historical narrative was meant both to recall the past and give rise to religious practice among contemporary readers and listeners This new translation makes a significant work more widely accessible in the West and adds to our knowledge of how local Buddhist communities imagined and represented their religious and cultural heritages in written works

The Buddha Vanessa R. Sasson, Kristin Scheible, 2023 Retellings of the Buddha's life story have animated and sustained Buddhist thought and practice through some 2 500 years of history To this day Buddhist holidays and rituals are pinned to the arc of his biography celebrating his birth awakening teaching and final nirvana His story is the model that exemplary Buddhists follow Often there is a moment of insight akin to the Buddha's experience with the Four Sights followed by a great departure from home and a period of searching that it is hoped will lead to final awakening The Buddha's story is not just the Buddha's story it is the story of Buddhism In this book twelve leading scholars of South Asian texts and traditions articulate the Buddha life blueprint the underlying and foundational pattern that holds the life story of a buddha together They retell the episodes of Buddha Gautama's extended life story while keeping in mind the cosmic paradigmatic arc of his narrative The contributors have dedicated their careers to exploring hagiographical materials each applying their own methodological and theoretical interests to shed new light on the enduring story of Buddhism Using multiple perspectives voices and sources this volume underscores the multivalent centrality of this story The book will be an invaluable resource to practicing Buddhists and students of Buddhist Studies to help them engage in the most foundational story of the tradition

Sacred Books of the East, 1894 *Heart Advice for Death and Dying* eBook Lama Zopa Rinpoche, 2019-07-09 In our busy modern lives we may not give much thought to death We fear that thinking about death will take the joy out of living But in reality when we actively think about death and prepare for it we find peace fulfillment and happiness in our current lives and our fear of death disappears Over the course of many years Lama Zopa Rinpoche has given profound and accessible teachings on death and dying Heart Advice for Death and Dying contains

Rinpoche's essential advice for preparing for the time of death and leading a fulfilling life. It includes an introduction by Kathleen McDonald Ven Sangye Khadro to Buddhist ideas about life, death, and what happens after death. Teachings by Lama Zopa Rinpoche on the fragility and impermanent nature of life. By not contemplating death, we will be swayed by the attachment clinging to the happiness of this life. By contemplating death, we will be inspired to begin, continue, and complete our Dharma practice. The nine-point meditation on death based on reflecting on how death is definite, how the time of death is indefinite, and how at the time of death only our Dharma practice will be of help to us. The dying process: what actually happens to us as we are dying. Preparing for death by practicing the five powers. Meditation on tonglen in order to develop bodhicitta: we visualize taking suffering upon our selfishness and giving our happiness away out of love. How to help and care for the dying and the dead. Practices to do before, during, and after someone's death. The benefits of Medicine Buddha practice. The Medicine Buddha Sadhana Mantras to benefit the dying and dead. Helpful Resources. Glossary. Included with this eBook is complimentary access to the online version of *Heart Advice for Death and Dying*, which is available on the FPMT Online Learning Center. This FPMT introductory course consists of 11 hours of teachings and guided meditations by Ven Sangye Khadro, a senior American teacher of Tibetan Buddhism, well known for her gentle yet profound teaching style. It is presented as a series of five sessions. Each session consists of teachings by Ven Sangye Khadro available in both MP3 and written formats, supplemented by two guided meditations on related topics and two mindfulness practices. Each session concludes with some points for reflection intended to encourage a personal reflection and analysis of the topics taught. Additional supplementary materials are provided to help prepare for one's own and others' death. 173 pages. 2008 edition. Buddhist Mahāyāna texts, tr. by E.B. Cowell (F.M. Müller, J. Takakusu). Buddhist Mahāyāna Texts, 1894. Becoming the Buddha Donald K. Swearer, 2020-07-21. *Becoming the Buddha* is the first book-length study of a key ritual of Buddhist practice in Asia: the consecration of a Buddha image or new Buddha ceremony by which the Buddha becomes present or alive. Through a richly detailed, accessible exploration of this ritual in northern Thailand, an exploration that stands apart from standard text-based or anthropological approaches, Donald Swearer makes a major contribution to our understanding of the Buddha image, its role in Buddhist devotional life, and its relationship to the veneration of Buddha relics. Blending ethnography, analysis, and Buddhist texts related to this mimetic reenactment of the night of the Buddha's enlightenment, he demonstrates that the image becomes the Buddha's surrogate by being invested with the Buddha's story and charged with the extraordinary power of Buddhahood. The process by which this transformation occurs through chant, sermon, meditation, and the presence of charismatic monks is at the heart of this book. Known as opening the eyes of the Buddha image consecration traditions throughout Buddhist Asia, share much in common. Within the cultural context of northern Thailand, *Becoming the Buddha* illuminates scriptural accounts of the making of the first Buddha image, looks at debates over the ritual's historical origin, at Buddhological insights achieved, and at the hermeneutics of

absence and presence and provides a thematic comparison of several Buddhist traditions *Dōgen's texts* Ralf Müller, George Wrisley, 2023-12-07 This book addresses the question of how to properly handle D gen s texts a core issue that became critical during the Meiji period in which the philosophical appropriation of D gen became apparent inside and outside of the monastery In present day D gen studies most scholarship is informed by a number of factions representing D gen The chapters herein address the Zennist j zenj ka emphasising practice the Genz nians j genz ka shifting the attention to the close reading of D gen s texts the laity movement opening up both the texts and the practice to people in modern society and the Genz researchers j genz kenky ka searching for the authenticity and truth of D gen s writings The book aims to clarify the rightful place of D gen in the monastery in denominational studies or in modern academic philosophy It brings forth various viewpoints on D gen and analyzes the relations of these viewpoints from the premodern to modern times The collected volume appeals to students and researchers in the field while establishing hermeneutic standards of reading and proposing new original and critical interpretations of D gen s texts Chapter From Uji to Being time and Back Translating D gen into Philosophy is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)
