An Emerald Tale

Christopher Corbell, 2011-08-04 Once upon a time there was a castle with huge arches and tall golden towers that reached high above the cobble stone walkways toward the open blue sky In this peaceful land lived the king s best man Neil with a legend to tell of more than five hundred years Followed by the brave and pushed forward by the arms of future peace for all in his kingdom he carried the mighty torch of peace for all Far to the edge of the Green Sea was the west end of the Mystic Mountains This was believed to be a different land There lived the one who commands the shadows of darkness evil sorcery and the never ending quest for chaos Once loved by many yet misled by the temptations of power and greed he felt deep into the jaws of evil and the forces of pain corruption and decay This dark sorcerer was not just a villain but a powerful warden of the wicked and the face of death to the pure Argon was his name and he was now the emperor of his own sinister world There is a storm brewing accompanied by thunder and lighting as I narrate this tale This is a tale of good versus evil and their amazing battle to come Enjoy
