Handbook of Studies on Men and Masculinities Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to

any academic library *Male on Male Rape* Michael Scarce, 2008-01-07 A groundbreaking examination of a vastly unrecognized though widely prevalent form of violence *Male on Male Rape* shatters the silence and offers concrete strategies for prevention and recovery **Men & Masculinities** Michael S. Kimmel, Amy B. Aronson, 2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men's lives and the idea of modern manhood The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source *Men Masculinities* a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States Gay Male Pornography Christopher N. Kendall, 2004 The 2000 case of *Little Sisters Book and Art Emporium v Customs Canada* provided Canada's highest court with its first opportunity to consider whether the analysis set out in *R v Butler* in which the Supreme Court identified pornography as an issue of sex discrimination applies to pornography intended for a lesbian or gay male audience The Court held that it did finding that like heterosexual pornography same sex pornography also violates the sex equality interests of all Canadians Christopher Kendall supports this finding arguing that gay male pornography reinforces those social attitudes that create systemic inequality on the basis of sex and sexual orientation misogyny and homophobia alike by sexually conditioning gay men to those attitudes and practices The author contends that as a result of litigation efforts like those brought by lesbian and gay activists in the *Little Sisters* case the notion of empowerment and the rejection of those values that daily result in all that is anti gay have been replaced with a misguided community ethic and identity politic that encourages inequality This is best exemplified in the gay male pornography defended in *Little Sisters* as liberation and central to sexual freedom *Gay Male Pornography* rejects the equality claims of gay male pro pornography advocates and argues that there is little to be gained from sexualized conformity To date no one has taken the position that gay male pornography violates the legal right to sex equality This book does that and as such it will be of value to scholars of law sociology and gender studies as well as to all who have an interest in equality and justice *Men and Feminism* Shira Tarrant, 2009-05-12 There's no denying that men's involvement and interest in feminism is key to its continuing relevance and importance Addressing the question of why men should care about feminism in the first place *Men and Feminism* lays the foundation for a larger discussion about feminism as a human issue not simply a women's issue Men are crucial to the movement as fathers brothers husbands boyfriends and friends From why

to how to what can men do Men and Feminism answers all the questions men have about how and why they should get behind feminism

Sexual Assault in Context Christopher Kilmartin, Alan D. Berkowitz, 2014-04-08 Most North American colleges have programs that help students understand the harm done to victims of sexual violence and if prosecuted the potential consequences of their perpetrators However only a few programs also address those aspects of masculine culture that surround sexual assault Sexual Assault in Context addresses the undesirable aspects of masculine culture that sustains the violation of women and girls It examines several typically overlooked patterns of behavior that provide the basis for sexual assault and provides an overview of masculine psychological development as a context for sexual assault The book also includes prevention strategies information on funding and consultation issues and additional resources for investigating further into male gender awareness and sexual assault The text s hands on practical approach helps counseling professionals negotiate educational organizational and logistical issues in helping college men understand the gendered context of sexual assault and harassment This resource is intended to help reduce the incidence of sexual assault on college campuses as well as help men gain a greater understanding of cultural gender pressures relationship skills their impact on others and the considerable influence male peer cultures have on how women are treated Sexual Assault in Context provides an easy to read synopsis of male gender and sexual assault education strategies It is intended as a resource for college counseling and or violence prevention programs and for those interested in understanding the psychological and social effects of the current culture of masculinity
