Student Companion to Richard Wright Robert Felgar, 2000-05-30
Born in rural Mississippi the grandson of slaves Richard Wright overcame every social obstacle including poverty racism and limited education to achieve literary recognition as the creator of some of America's most powerful Black literature. Written with unprecedented candor Wright's works changed the cultural landscape by challenging old stereotypes and myths about race. Wright scholar Robert Felgar has written a critical volume to help students appreciate the literary significance of such groundbreaking works as *Native Son* and the autobiographical *Black Boy*. This study serves students of both literature and social history as it explores the themes of racism and all types of institutionalized oppression that Wright exposed in his provocative writing. Felgar approaches each of Wright's major works in chronological order offering insightful literary analysis of *Uncle Tom's Children*, *Native Son*, *Black Boy*, and *The Outsider* as well as Wright's two works published posthumously *Eight Men* a collection of stories and *Lawd Today*. The original censored works are discussed and compared with the more recently re-published unexpurgated versions. This Student Companion introduces readers to Richard Wright with a biographical chapter recounting the writer's struggles and achievements. A literary heritage chapter examines the genres, themes, and stylistic traditions that figured in Wright's work. Each of Wright's major works of fiction is given careful literary interpretation with analysis of plot, character, development, thematic concerns, and a close alternate reading. A selective bibliography of critical works and reviews in addition to the listings of Wright's stories, essays, and full-length works will help students derive the most from their study of this important American writer.

Black American Writers, Bibliographical Essays, vol 2: Richard Wright, Ralph Ellison, James Baldwin & Amiri Baraka NA NA, 2015-12-22
Richard Wright in a Post-Racial Imaginary Alice Craven, William Dow, Yoko Nakamura, 2014-07-31
In African American fiction Richard Wright was one of the most significant and influential authors of the twentieth century. Richard Wright in a Post-Racial America analyses Wright's work in relation to contemporary racial and social issues, bringing voices of established and emergent Wright scholars into dialogue with each other. The essays in this volume show how Wright's best work asks central questions about national alienation as well as about international belonging and the transnational gaze. Race is here assumed

as a superimposed category rather than a biological reality in keeping with recent trends in African American studies Wright's fiction and almost all of his non fiction lift beyond the mainstays of African American culture to explore the potentialities and limits of black trans nationalism Wright's trans native status his perpetual outsidedness mixed with the essential humanness of his activist and literary efforts are at the core of the innovative approaches to his work included here

examines the literature of African American author Richard Wright and the philosophy of Immanuel Kant arguing that Wright was not only the foremost proponent of minoritarian protest literature but also a groundbreaking minoritarian exponent of philosophical literature In presenting this argument the volume defends trolley problems from the criticism that some philosophers level against them by promoting their use as an interpretive tool for literary scholars Starting with Martha C Nussbaum's interventions in literary theory concerning Henry James and perceptive equilibrium this book draws on the philosophical thoughts of her contemporaries Philippa Foot John Rawls Judith Jarvis Thomson and Derek Parfit to analyze *Uncle Tom's Children* especially *Down by the Riverside* alongside other works by Wright This approach emphasizes Wright's recognition of the importance and integrity of Kant's concept of dignity
