problem of freedom which represents a recurring theme in Patocka's work both in his early and later writings. Freedom is conceived of as a difficult and dangerous experience. In his deep analysis of this particular problem, Tava identifies the authentic ethical content of Patocka's work and clarifies its connections with phenomenology, history of philosophy, politics, and dissidence. *The Risk of Freedom* retraces Patocka's philosophical journey and elucidates its more problematic and less evident traits such as his original ethical conception, his political ideals, and his direct commitment as a dissident. *The Encyclopedia of Popular Music* Colin Larkin, 2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day.
