William Shakespeare,2008-07-10 This edition of The Two Gentlemen of Verona offers a complete consideration of all aspects of the text It interprets the play less as a contribution to a Renaissance literary debate between love and friendship the traditional academic view than as a dramatization of competing kinds of love a theatrical counterpart to Shakespeare s Sonnets It analyzes the lyrical language with which these kinds of love are expressed and explores the tension between lyricism and the violence of some of the play s events notably the concluding attempted rape scene It also provides further evidence that The Two Gentlemen is Shakespeare s earliest surviving play and proposes a new actor for whom the principal comic role of Lance may have been designed This is the only edition to offer a setting of the song Who is Silvia prepared by Guy Woolfenden from an Elizabethan source and is therefore the only edition on the market to provide a complete text for performance **The Two Gentlemen of Verona** William Shakespeare,2018-04-10 The acclaimed Pelican Shakespeare
