Sobre hechos e ideas políticas Eduardo Ventura, 1998-01-01 *Juan Perón's Anti-Imperialist Geopolitics* Robert D. Koch, 2024-09-05 Using a blend of global intellectual and cultural history this book explores the geopolitics of Juan Perón and their relationship to and impact on the international history of the mid 20th century Beginning with Perón's formative years it analyzes the concepts that helped shape his anti imperialist views and traces these ideas over decades from his time in the Argentine Army through his rise to power downfall and eventual death in 1974 Dissecting how notions of imperialism nationalism and decolonization fueled his ideology and approach to foreign policy Juan Perón's Anti Imperialist Geopolitics takes a long term approach to understand his geopolitical evolution over time While Peronism has continued to be an influential movement in Argentine politics and remains a lively research topic Perón's geopolitics have received scant attention despite their significance to his popularity and legacy This book offers a corrective to this situating Peronism Argentina and Latin America on the international stage during the 20th century From his pioneering role in the era's anti imperialist solidarity movement his expansion of the Peronist development model to a global model and his efforts to establish a post imperial world through the Non Aligned Movement Juan Perón's Anti Imperialist Geopolitics argues that Perón merits recognition as a leading 20th century geopolitical thinker

Razón de Estado y cultura política en la monarquía de los Austrias Eduardo Fernández García, 2022-04-28 A la educación de los príncipes se destinó una parte muy relevante de los tratados sobre política publicados en los reinos hispánicos durante la época de los Austrias En ellos se volcaron las principales aportaciones de la teoría política española de los siglos XVI y XVII sin tener que aguardar a las formulaciones maquiavélicas bodinianas o boterianas Dieron forma la cultura política hispánica de la Modernidad conjuntando teoría y pragmática del poder providencialismo virtud política y realismo Conformaron mediante potentes tópicos retóricos junto con las obras historiográficas las artes visuales y el teatro un relato dinámico y un discurso sobre el ejercicio moralizado del gobierno que sirvió para las fases expansivas bajo la rbrica de conservación y aumento de la monarquía y para la declinación en forma de restauración de España Encontraron en la razón de Estado un mecanismo mejor que el subterfugio de la disimulación para explicar las prerrogativas exorbitantes que requería el gobierno de reinos con una extensión geográfica descomunal y una complejidad institucional notable en una monarquía compuesta con un sistema polisindial Y lo hicieron en muchas ocasiones de la pluma de extraordinarios pensadores para ofrecer soluciones netamente propias a problemas de un mundo inestable en incesante competencia por la hegemonía continental

Identity and Nationalism in Modern Argentina Jeane DeLaney, 2020-07-25 Nationalism has played a uniquely powerful role in Argentine history in large part due to the rise and enduring strength of two variants of anti liberal nationalist thought one left wing and identifying with the people and the other right wing and identifying with Argentina's Catholic heritage Although embracing very different political programs the leaders of these two forms of nationalism shared the belief that the country's nineteenth century liberal elites had betrayed

the country by seeking to impose an alien ideology at odds with the supposedly true nature of the Argentine people. The result in their view was an ongoing conflict between the false Argentina of the liberals and the authentic nation of true Argentines. Yet despite their commonalities, scholarship has yet to pay significant attention to the interconnections between these two variants of Argentine nationalism. Jeane DeLaney rectifies this oversight with *Identity and Nationalism in Modern Argentina*. In this book, DeLaney explores the origins and development of Argentina's two forms of nationalism by linking nationalist thought to ongoing debates over Argentine identity. Part I considers the period before 1930, examining the emergence and spread of new essentialist ideas of national identity during the age of mass immigration. Part II analyzes the rise of nationalist movements after 1930 by focusing on individuals who self-identified as nationalists. DeLaney connects the rise of Argentina's anti-liberal nationalist movements to the shock of early twentieth-century immigration. She examines how pressures posed by the newcomers led to the weakening of the traditional ideal of Argentina as a civic community and the rise of new ethno-cultural understandings of national identity. *Identity and Nationalism in Modern Argentina* demonstrates that national identities are neither unitary nor immutable and that the ways in which citizens imagine their nation have crucial implications for how they perceive immigrants and whether they believe domestic minorities to be full-fledged members of the national community. Given the recent surge of anti-immigrant sentiment in Europe and the United States, this study will be of interest to scholars of nationalism, political science, Latin American political thought, and the contemporary history of Argentina.

Manual de historia de las ideas políticas - Tomo IV Enrique Ferrer Corredor, Mario A. Gallego, Ricardo García Duarte, Arnovy Fajardo Barragán, Daniel Del Castillo Rengifo, 2020-03-18

Hace varios años bajo la tutela de nuestra querida colega Cristina de la Torre nos reunimos varios profesores que dictamos en algún momento los cursos de Historia de las ideas políticas e Introducción a la ciencia política en la Facultad de Finanzas, Gobierno y Relaciones Internacionales para trabajar en un libro que nos sirviera de guía a profesores y estudiantes en la tarea de enseñar y aprender sobre la historia y la filosofía política. La obra completa se dividió en cinco tomos; en el primero se compilan los autores que hemos denominado Clásicos; el segundo comprende los autores cuyas teorías políticas se desprenden de ideas religiosas; el tercero se dedica exclusivamente a Marx y los autores marxistas y neomarxistas; el cuarto reúne a los autores que hablan sobre democracia; y el último se denomina Otras voces y que congrega a autores no clasificados en las categorías anteriores pero que sin duda hicieron contribuciones importantes a la teoría política. Todos los ensayos que reúnen esta obra son fruto de nuestra experiencia como docentes y estudiosos de la filosofía política y esperamos que los estudiantes disfruten y saquen provecho del esfuerzo que hemos hecho por expresar las ideas políticas más importantes de los autores tratados.

Política Umberto Cerroni, 1992. Toda práctica social la política por ejemplo acaba exigiendo una teoría que la explique y la fundamente. Tal es el sentido de este sobresaliente ensayo en cuyo título se dan ya las seis partes en que se dividen el texto y la bibliografía final. Cada una de estas seis partes se divide a su vez en categorías puntuales y todo el libro funciona como un

eficac simo manual te rico Pero hay una conclusi n concreta la de politizar verbo que para Cerroni significa hacer de la pol tica veh culo laico de la sociedad e instrumento de transmissi n en funci n de la ventaja general

The Army and Politics in Argentina, 1945-1962 Robert A. Potash, 1969 Third volume of in depth analysis of the army Format is similar to previous two volumes There is however more emphasis on the internal maneuvering which characterizes the period The detail is based on information provided by the participants A worthy successor to the other studies and essential for analysis of the period For reviews of vol 1 see HLAS 31 7229 and HLAS 32 2599a Handbook of Latin American Studies v 58 , Las Tres Pol ticas Internacionales Puestas en Presencia Ernesto J. Transformations and Crisis of Liberalism in Argentina, 1930-1955 Jorge A. N llim, 2014-08-14 N llim chronicles the decline of liberalism in Argentina during the volatile period between two military coups the 1930 overthrow of Hip lito Yrigoyen and the deposing of Juan Per n in 1955 While historians have primarily focused on liberalism in economic or political contexts N llim instead documents a wide range of locations where liberalism was claimed and ultimately marginalized in the pursuit of individual agendas N llim shows how concepts of liberalism were espoused by various groups who invented traditions to legitimize their methods of political religious class intellectual or cultural hegemony In these deeply fractured and corrupt processes liberalism lost political favor and alienated the public These events also set the table for Peronism and stifled the future of progressive liberalism in Argentina N llim describes the main political parties of the period and deconstructs their liberal discourses He also examines major cultural institutions and shows how each attached liberalism to their cause N llim compares and contrasts the events in Argentina to those in other Latin American nations and reveals their links to international developments While critics have positioned the rhetoric of liberalism during this period as one of decadence or irrelevance N llim instead shows it to be a vital and complex factor in the metamorphosis of modern history in Argentina and Latin America as well

Industry and Development in Argentina Marcelo Rougier, Juan Odisio, 2023-02-27 This book explores the twists and turns in Argentina s modern economic history and the debates that raged there around a problem common to all former colonies how to achieve a level of economic growth for its population in a world characterized by unequal economic relations between the industrialized nations of the north and the commodity producers of the south This new perspective examines the history of ideas surrounding industrialization and economic development in Argentina drawing on a rigorous investigation of multiple sources It demonstrates Argentina s role as a laboratory for and disseminator of ideas that would eventually become the common property of all the developing world Influential thinkers such as Ra l Prebisch and Aldo Ferrer leading figures in twentieth century Latin American economic thought developed important ideas such as unequal international trade relations the promise and limits of Import Substitution Industrialization the role of the state in the development of a national capitalism These were the forerunners of similar concerns in other countries in Latin America and elsewhere in the world The book will be of interest to historians economists sociologists of economic development and related disciplines concerned
