Sir Walter Raleigh And The New World

Michael Leroy Oberg

Sir Walter Raleigh And The New World:

Sir Walter Raleigh and the New World John W. Shirley, 1985 Shirley chronicles the major events in the life of Raleigh set against the background of the court of England's Queen Elizabeth I including Raleigh's meteoric rise as the queen's favorite his frustrations with his colonization efforts and his fall from grace that ended with his execution This is a fascinating history of Elizabethan England its leading personalities and its deadly intrigue **New Worlds Reflected** Chloë Houston, 2016-05-06 Utopias have long interested scholars of the intellectual and literary history of the early modern period From the time of Thomas More's Utopia 1516 fictional utopias were indebted to contemporary travel narratives with which they shared interests in physical and metaphorical journeys processes of exploration and discovery encounters with new peoples and exchange between cultures Travel writers too turned to utopian discourses to describe the new worlds and societies they encountered Both utopia and travel writing came to involve a process of reflection upon their authors societies and cultures as well as representations of new and different worlds As awareness of early modern encounters with new worlds moves beyond the Atlantic World to consider exploration and travel piracy and cultural exchange throughout the globe an assessment of the mutual indebtedness of these genres as well as an introduction to their development is needed *New Worlds Reflected* provides a significant contribution both to the history of utopian literature and travel and to the wider cultural and intellectual history of the time assembling original essays from scholars interested in representations of the globe and new and ideal worlds in the period from the sixteenth to eighteenth centuries and in the imaginative reciprocal responsiveness of utopian and travel writing Together these essays underline the mutual indebtedness of travel and utopia in the early modern period and highlight the rich variety of ways in which writers made use of the prospect of new and ideal worlds *New Worlds Reflected* showcases new work in the fields of early modern utopian and global studies and will appeal to all scholars interested in such questions *Raleigh's Pirate Colony in America* Phil Jones, 2018-06-30 The lost colony of Roanoke Island North Carolina was England's first experiment in civilian empire building and the first attempt at peaceful coexistence between Native Americans and the English It disappeared without trace defeating intense efforts to find it One hundred and twelve men women and children were abandoned there The only man to risk his life in the battle to get relief supplies to the colony was John White Roanoke's unlikely choice for governor and in the end its sole survivor This new account of the tragedy gives a convincing explanation of how the project was doomed from the start Phil Jones sets the tragedy in its global context and lays bare the myth of Elizabethan sea power examining the true motives of its supposedly selfless heroes who conveniently managed to reconcile patriotism with profiteering With officially sanctioned piracy and plunder the only incentive for sailors in a private enterprise war against Spain it is hardly surprising that making money became the overriding priority to which everything else was sacrificed The subsequent search for them among the local Indian tribes brought to light a grisly tale of ethnic cleansing It heralded a race war of genocidal proportions as Europeans

and Native Americans fought for the control of a continent a battle in which imported alien disease rather than the superiority of European technology and culture was triumphant A New World for a New Nation Francisco J. Borge, 2007 In the 1580s almost a century after Christopher Columbus first set foot in the New World England could not make any substantial claim to the rich territories there Less than a century later England had not only founded an overseas empire but had also managed to challenge her most powerful rivals in the international arena But before any material success accompanied English New World enterprises a major campaign of promotion was launched with the clear objective of persuading Englishmen that intervention in the Americas was not only desirable for the national economy but even paramount for their survival as a new and powerful Protestant nation state In this book the author explores the metaphors that dominate England's discourse on the New World in her attempt to conceptualize it and make it ready for immediate consumption The creators of England's proto colonial discourse were forced to make use of their rivals prior experience at the same time they tried to present England as radically different thus conferring legitimacy to English claims over territories that were already occupied One of the most outstanding consequences of this ideological contest is the emergence of an English national self not only in opposition to the American natives they try to colonise but also and more importantly in contrast to other nations that had been traditionally considered culturally similar **Shakespeare, Violence and Early Modern Europe** Andrew Hiscock, 2022-02-02 Shakespeare Violence and Early Modern Europe broadens our understanding of the final years of the last Tudor monarch revealing the truly international context in which they must be understood Uncovering the extent to which Shakespeare's dramatic art intersected with European politics Andrew Hiscock brings together close readings of the history plays compelling insights into late Elizabethan political culture and renewed attention to neglected continental accounts of Elizabeth I With fresh perspective the book charts the profound influence that Shakespeare and ambitious courtiers had upon succeeding generations of European writers dramatists and audiences following the turn of the sixteenth century Informed by early modern and contemporary cultural debate this book demonstrates how the study of early modern violence can illuminate ongoing crises of interpretation concerning brutality victimization and complicity today The Encyclopedia of English Renaissance Literature, 3 Volume Set Garrett A. Sullivan, Jr., Alan Stewart, Rebecca Lemon, Nicholas McDowell, Jennifer Richards, 2012-01-30 Featuring entries composed by leading international scholars The Encyclopedia of English Renaissance Literature presents comprehensive coverage of all aspects of English literature produced from the early 16th to the mid 17th centuries Comprises over 400 entries ranging from 1000 to 5000 words written by leading international scholars Arranged in A Z format across three fully indexed and cross referenced volumes Provides coverage of canonical authors and their works as well as a variety of previously under considered areas including women writers broadside ballads commonplace books and other popular literary forms Biographical material on authors is presented in the context of cutting edge critical discussion of literary works Represents the most comprehensive

resource available for those working in English Renaissance literary studies Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities *The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean (1492-1898)* Yolanda Martínez-San Miguel, Santa Arias, 2020-11-29 The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean 1492 1898 brings together an international team of scholars to explore new interdisciplinary and comparative approaches for the study of colonialism Using four overarching themes the volume examines a wide array of critical issues key texts and figures that demonstrate the significance of Colonial Latin America and the Caribbean across national and regional traditions and historical periods This invaluable resource will be of interest to students and scholars of Spanish and Latin American studies examining colonial Caribbean and Latin America at the intersection of cultural and historical studies transatlantic postcolonial and decolonial studies and critical approaches to archives and materiality This timely volume assesses the impact and legacy of colonialism and coloniality **Writings on American History**, 1914

The Atlantic World and Virginia, 1550-1624 Peter C. Mancall, 2018-01-15 In response to the global turn in scholarship on colonial and early modern history the eighteen essays in this volume provide a fresh and much needed perspective on the wider context of the encounter between the inhabitants of precolonial Virginia and the English This collection offers an interdisciplinary consideration of developments in Native America Europe Africa the Caribbean and the Chesapeake highlighting the mosaic of regions and influences that formed the context and impetus for the English settlement at Jamestown in 1607 The volume reflects an understanding of Jamestown not as the birthplace of democracy in America but as the creation of a European outpost in a neighborhood that included Africans Native Americans and other Europeans With contributions from both prominent and rising scholars this volume offers far ranging and compelling studies of peoples texts places and conditions that influenced the making of New World societies As Jamestown marks its four hundredth anniversary this collection provides provocative material for teaching and launching new research Contributors Philip P Boucher University of Alabama Huntsville Peter Cook Nipissing University J H Elliott University of Oxford Andrew Fitzmaurice University of Sydney Joseph Hall Bates College Linda Heywood Boston University James Horn Colonial Williamsburg Foundation E Ann McDougall University of Alberta Peter C Mancall University of Southern California Philip D Morgan Johns Hopkins University David Northrup Boston College Marcy Norton The George Washington University James D Rice State University of New York Plattsburgh Daniel K Richter University of Pennsylvania David Harris Sacks Reed College Benjamin Schmidt University of Washington Stuart B Schwartz Yale University David S Shields University of South Carolina Daviken Studnicki Gizbert McGill University James H Sweet University of Wisconsin Madison John Thornton Boston University

The New World Book List George, firm, publishers, Bristol, Eng. (1890. William George's Sons), 1890 **The Leading Facts of American History** David Henry Montgomery, 1896 **A Kingdom Strange** James Horn, 2010-03-30 In 1587 John

White and 117 men women and children landed off the coast of North Carolina on Roanoke Island hoping to carve a colony from fearsome wilderness A mere month later facing quickly diminishing supplies and a fierce native population White sailed back to England in desperation He persuaded the wealthy Sir Walter Raleigh the expedition s sponsor to rescue the imperiled colonists but by the time White returned with aid the colonists of Roanoke were nowhere to be found He never saw his friends or family again In this gripping account based on new archival material colonial historian James Horn tells for the first time the complete story of what happened to the Roanoke colonists and their descendants A compellingly original examination of one of the great unsolved mysteries of American history A Kingdom Strange will be essential reading for anyone interested in our national origins *The Book of Marvels and Travels* John Mandeville,2012-09-13 Another island in the Great Ocean has many sinful and malevolent women who have precious gems in their eyes In his Book of Marvels and Travels Sir John Mandeville describes a journey from Europe to Jerusalem and on into Asia and the many wonderful and monstrous peoples and practices in the East He tells us about the Sultan in Cairo the Great Khan in China and the mythical Christian prince Prester John There are giants and pygmies cannibals and Amazons headless humans and people with a single foot so huge it can shield them from the sun Forceful and opinionated the narrator is by turns bossy learned playful and moralizing with an endless curiosity about different cultures Written in the fourteenth century the Book is a captivating blend of fact and fantasy an extraordinary travel narrative that offers some revealing and unexpected attitudes towards other races and religions It was immensely popular and numbered among its readers Chaucer Columbus and Thomas More Anthony Bale s new translation emphasizes the book s readability and his introduction and notes bring us closer to Mandeville s medieval worldview ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *The Mysterious and the Foreign in Early Modern England* Helen Ostovich,Mary V. Silcox,Graham Roebuck,2008 The essays collected in this volume explore many of the most interesting and some of the more surprising reactions of English people in the early modern period to their encounters with the mysterious and the foreign In this period the small and peripheral nation of English speakers first explored the distant world from the Arctic to the tropics of the Americas to the exotic East and snowy wastes of Russia recording its impressions and adventures in an equally wide variety of literary genres Nearer home fresh encounters with the mysterious world of the Ottoman Empire and the lure of the Holy Land and of course with the evocative wonders of Italy provide equally rich accounts for the consumption of a reading and theatergoing public This growing public proved to be in some cases naive and gullible in others urbanely sophisticated in its reactions to otherness or frankly incredulous of travelers tales BOOK JACKET **The Oxford History of the British Empire: Volume I: The Origins of Empire** William

Roger Louis, Nicholas Canny, Alain M. Low, 2001-07-26 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records Volume I explores the origins of empire It shows how and why England and later Britain became involved with transoceanic navigation trade and settlement during the sixteenth and seventeenth centuries Leading historians illustrate the interconnections between developments in Europe and overseas and offer specialist studies on every part of the world that was substantially affected by British colonial activity *Dominion and Civility* Michael Leroy Oberg, 2018-08-06 Was the relationship between English settlers and Native Americans in the New World destined to turn tragic This book investigates how the newcomers interacted with Algonquian groups in the Chesapeake Bay area and New England describing the role that original Americans occupied in England's empire during the critical first century of contact Michael Leroy Oberg considers the history of Anglo Indian relations in transatlantic context while viewing the frontier as a zone where neither party had the upper hand He tells how the English pursued three sets of policies in America securing profit for their sponsors making lands safe from both European and native enemies and civilizing the Indians and explains why the British settlers found it impossible to achieve all of these goals Oberg places the history of Anglo Indian relations in the early Chesapeake and New England in a broad transatlantic context while drawing parallels with subsequent efforts by England as well as its imperial rivals the French Dutch and Spanish to plant colonies in America *Dominion and Civility* promises to broaden our understanding of the exchange between Europeans and Indians and makes an important contribution to the emerging history of the English Atlantic world

Thomas Harriot: Science and Discovery in the English Renaissance Robert Fox, 2022-12-29 This volume sheds new light on one of the most remarkable polymaths of the English Renaissance It offers original perspectives not only on Harriot's personal achievements in mathematics and natural philosophy but also on the wider realms of exploration colonial ambition and philosophical debate in which he earned the attention and respect of contemporaries in and far beyond the socially elevated circles of his two great patrons first Walter Raleigh and then Henry Percy the ninth Earl of Northumberland Harriot's sixteenth century world was one of unprecedented expansion in both scientific understanding and the discovery of new lands and peoples The essays gathered here bring out forcefully the effect of this expanding vision encapsulated in Harriot's Briefe and true report of the new found land of Virginia 1588 the first detailed description of America to be published in the English language In addition to an essay by a recent biographer of Harriot the volume contains reworked versions of seven Thomas Harriot Lectures an annual lecture series inaugurated in 1990 in Oriel College Oxford It follows two earlier volumes of Harriot Lectures also edited by Robert Fox that appeared in 2000 and 2012 *A History of the United States and Its People* Edward Eggleston, 1888 **The Uses of the Future in Early Modern Europe** Andrea Brady, Emily Butterworth, 2010-04-15 This collection of essays examines the idea of the future in early modern European literature politics religion science and social life Investigating how both elite and popular writers represented their access to or control over

the future it proposes new insights into one of the defining characteristics of modernity
