Adventures in Statistics Robert T. Stewart,2024-07-08 This book is about how statistics play a role in life whether in business psychology biology economics or just about anything short of basket weaving You cannot make a trip to the doctor watch a football game or even go to the grocery store without some statistic staring you down Your age weight and cholesterol make you a high risk for diabetes the chance that your team will win the game is 12 5 percent 4 out of 5 dentists like this toothpaste What does it all mean Adventures in Statistics How We Live in a World of Numbers tells you what all those numbers mean But the book does not spit out a bunch of mathematical formulas the book tells stories Stories that explain statistics through popular culture sports and history You re confused about that false positive warning in that drug commercial the 2007 comedy Juno explains how medical tests including pregnancy tests fail and why

Not clear about what your coworkers are talking about when they say black swans the 1997 blockbuster Titanic makes sense of the concept Adventures in Statistics How We Live in a World of Numbers shows how professionals in medicine business politics sports and many other fields use numbers So just about everyone would gain from reading this book perhaps even basket weavers

Sports Stars Michael A. Paré,1994 Includes a section focusing on the athlete s early life followed by a section highlighting the career of each profiled athlete
