Erckmann-Chatrian, 2022-08-10 The invasion of France by the allied armies after the battle of Leipsic had proved the German campaign even more disastrous than that of Russia the year before was not only essentially the death blow to the power of Napoleon but was the first real taste France had had for many years of an experience she had so often previously meted out to her neighbors In spite of all she had suffered from the conscription and from exhaustion of men and treasure in offensive war or at least war waged outside her own territory the great Invasion meant for her something far more terrible than any reverses she had yet undergone Napoleon was not only not invincible it appeared he was not even able to defend the frontiers he had found firmly established on his accession to power The allies had announced that they were warring not against France but against the French Emperor against the preponderance that Napoleon had too long exercised beyond the limits of his empire Everywhere in France except in the official world of Paris the once enchanted name of Napoleon had become recognized as a synonym of national disaster **The Orphan of Florence** Jeanne Kalogridis, 2017-10-03 Giulia has been an orphan all her life Raised in Florence's famous Ospedale degli Innocenti her probing questions and insubordinate behavior made her an unwelcome presence and at the age of fifteen she was given an awful choice become a nun or be

married off to a man she didn't love. She chose neither and after refusing an elderly suitor Giulia escaped onto the streets of Florence. Now after spending two years as a successful pickpocket an old man catches her about to make off with his purse and rather than having her carted off to prison he offers her a business proposition.
