Songbook Urbana 84:

Proust's Songbook Jennifer Rushworth, 2024-06-04 In Proust's *Songbook* Jennifer Rushworth analyzes and theorizes the presence and role of songs in Marcel Proust's novel *la recherche du temps perdu* *In Search of Lost Time*. Instead of focusing on instrumental music and large scale forms such as symphonies and opera as is common in Proust musical studies, Rushworth argues for the centrality of songs and lyrics in Proust's opus. Her work analyzes the ways in which the author inserted songs at key turning points in his novel and how he drew inspiration from contemporary composers and theorists of song. Rushworth presents detailed readings of five moments of song in *la recherche du temps perdu*, highlighting the songs' significance by paying close attention to their lyrics, music, composers, and histories. Rushworth interprets these episodes through theoretical reflections on song and voice, drawing particularly from the works of Reynaldo Hahn and Roland Barthes. She argues that songs in Proust's novel are connected and resonate with one another across the different volumes, yet also shows how song for Proust is a solo, amateur, and intimate affair. In addition, she points to Proust's juxtapositions of songs with meditations on the notion of *mauvaise musique* (bad music) to demonstrate the existence of a blurred boundary between songs that are popular and songs that are art. According to Rushworth, a song for Proust has a special relation to repetition and memory due to its typical brevity, and that song itself becomes a mode of resistance in *la Recherche*, especially on the part of characters in the face of family and familial expectations. She also defines the songs in Proust's novel as songs of farewell, noting that to sing farewell is a means to resist the very parting that is being expressed and demonstrates how songs in formal terms resist the forward impetus of narrative.

Songbook Marisa Galvez, 2020-03-04 How medieval songbooks were composed in collaboration with the community and across languages and societies. Eloquent clearly argued *Times Literary Supplement*. Today we usually think of a book of poems as composed by a poet rather than assembled or adapted by a network of poets and readers. But the earliest European vernacular poetries challenge these assumptions. Medieval songbooks remind us how lyric poetry was once communally produced and received, a collaboration of artists, performers, live audiences, and readers stretching across languages and societies. The only comparative study of its kind, *Songbook* treats what poetry was before the emergence of the modern category of poetry: that is, how vernacular songbooks of the thirteenth to fifteenth centuries shaped our modern understanding of poetry by establishing expectations of what is a poem, what is a poet, and what is lyric poetry itself. Marisa Galvez analyzes the seminal songbooks representing the vernacular traditions of Occitan, Middle High German, and Castilian, and tracks the process by which the songbook emerged from the original performance contexts of oral publication into a medium for preservation and finally into an established literary object. Galvez reveals that songbooks, in ways that resonate with our modern practice of curated archives and playlists, contain lyric music, images, and other nonlyric texts selected and ordered to reflect the local values and preferences of their readers. At a time when medievalists are reassessing the historical

foundations of their field and especially the national literary canons established in the nineteenth century a new examination of the songbook's role in several vernacular traditions is more relevant than ever "The Whorehouse Bells Were Ringing" and Other Songs Cowboys Sing Guy Logsdon, 1995 One of the finest works to come out in recent years on cowboy songs in addition to being the first good collection of the cowboy's bawdy material A must for anyone who is a student of cowboy music or anyone who just likes the sound of dirty subject matter rhyming Hal Cannon *Journal of Country Music* A brave and honest step toward increasing our understanding of what cowboys really sing Bob Bovee *Old Time Herald* A thorough piece of scholarship and collectanea and a valuable welcome addition to cowboy song literature Keith Cunningham *Mid America Folklore* Logsdon has written the book with a scholar's attention to detail But what shows through the scholarship is the collector's enthusiasm for the material A superb job in a difficult area Angus Kress Gillespie *Journal of American History* A major contribution to the folklore and popular culture history and social psychology of American cowboy culture Kenneth S Goldstein former president American Folklore Society *Folk Song U.S.A.* John Avery Lomax, Alan Lomax, Charles Seeger, Ruth Crawford Seeger, 1975 *The Great American Songbooks* T.
