Anda, 2000 Although developing countries far outnumber fully industrialized states they are often neglected in the study of international relations especially with respect to the development of foreign policy theory International Relations in Contemporary Africa attempts to fill this void in the literature on comparative international relations while at the same time providing a detailed analysis of the economic development and integration of West African countries Michael Anda specifically focuses on the members of the Economic Community of West African States ECOWAS and their policies which encourage coordination on issues ranging from science and technology to diplomacy and mutual defense Tracing the diplomatic history of West Africa from independence to the present he assesses the various dimensions of cooperation among the smaller and less developed states of West Africa while revealing the precarious nature of the economy and security in the region Both detailed and comprehensive International Relations in Contemporary Africa represents a significant contribution to African studies that appeal to those with an interest in the foreign policy of smaller states **State**, 1989 *Zaire* United States. Laurens van der Laan, Tjalling Dijkstra, Aad van Tilburg, 2018-08-09 First published in 1999 this volume explores how African agriculture has always had a strong appeal for the people of the Netherlands This is due to 1 a long established interest in tropical agriculture going back to the days when Indonesia was a Dutch colony 2 a broad based desire to help the Third World and 3 the view that Tropical Africa is highly dependent on agriculture As practical expertise in Africa and systematic research on African agriculture grew specialization became both possible and necessary This volume reflects the specialization in marketing which has been welcomed by economists geographers and scholars of agricultural marketing In addition to a general introductory chapter this book includes five contributions on staple food grains two on export crops two on cattle and one on horticulture Nine of the chapters are country specific covering Benin Burkina Faso Cameroon Cote d'Ivoire Ghana Kenya Sierra Leone Tanzania and Zambia

Côte D'ivoire Morna Daniels, 1996 Protected from slavers by the heavy surf and lack of harbours the Cote d'Ivoire became a French colony in 1893 The cultivation of cocoa and coffee was introduced and today the country is one of the world's largest producers In recent years the Cote d'Ivoire has become one of the most stable and until the 1980s one of the most prosperous countries in sub-Saharan Africa President Houphouet Boigny took power on independence in 1960 and retained it until his death in 1993 in spite of challenges to his authority After independence the President retained close links with France and the economy grew rapidly until the fall in cocoa and coffee prices Since 1982 drought and rising government expenditure have resulted in debt crisis and austerity measures **Subject Guide to Books in Print**, 2001
